

SECTION D – NON-CUSTODIAL PARENT INFORMATION:

SECTION H – WORK STUDY

Often our students are interested in working on-campus and many ultimately secure positions. Jobs and work-study funds are finite so priority is given to those students who apply for aid and demonstrate significant need. Students not initially offered work funds are required to wait until after the third full week of classes (late September), at which point they may apply for any open positions. If you have skills you feel would be of particular value on-campus or if you would like to tell us more about your work history, please feel free to include a resume or letter outlining your skills and interests.

SECTION I – UNUSUAL CIRCUMSTANCES

Occasionally families have circumstances that are not represented on the FAFSA or require additional explanation. If you have a situation you feel needs additional clarification, please include a narrative statement outlining those details and include any supporting documentation that will help us better understand your circumstances. If you would like to discuss this with someone in our office before you compile the details, please feel free to contact us at the number/email on the front page of this form.
