Welcome to Beloit College Athletics. The following mission statements and positioning statement speak to who we are and what we’re about. Please read them to get a better understanding of what we’re all trying to accomplish.

Beloit College Athletics & Recreation Mission
The Beloit College Department of Athletics & Recreation seeks to advance the mission of the college by empowering student-athletes toward lives marked by high achievement, personal responsibility, and public contribution in a diverse society through teaching standards of fair play, sportsmanship, amateur competition, and ethical conduct. The Department’s commitment to student health and well being is demonstrated through the provision of fitness and athletic opportunities fairly and equitably provided to all students. The character of the athletic and recreational program reflects the priorities of health, fitness, teamwork, and a desire to achieve excellence as critical factors in a well-rounded liberal arts education.

The Beloit College Mission Statement
Beloit College engages the intelligence, imagination, and curiosity of its students, empowering them to lead fulfilling lives marked by high achievement, personal responsibility, and public contribution in a diverse society. Our emphasis on international and interdisciplinary perspectives, the integration of knowledge with experience, and close collaboration among peers, professors, and staff equips our students to approach the complex problems of the world ethically and thoughtfully.

Division III positioning statement
Follow your passions and discover your potential.
The college experience is a time of learning and growth – a chance to follow passions and develop potential. For student-athletes in Division III, all of this happens most importantly in the classroom and through earning an academic degree. The Division III experience provides for passionate participation in a competitive athletic environment, where student-athletes push themselves to excellence and build upon their academic success with new challenges and life skills. And student-athletes are encouraged to pursue the full spectrum of opportunities available during their time in college. In this way, Division III provides an integrated environment for student-athletes to take responsibility for their own paths, follow their passions and find their potential through a comprehensive learning experience.

If you want to learn more about the NCAA and Division III athletics go to http://www.ncaa.org/wps/wcm/connect/public/NCAA/Academics/Division+III.
**Varsity Athletes Participation and Eligibility**

**Academic Status:** NCAA rules require that students must be enrolled in a minimum full-time program of studies, in good academic standing and making satisfactory progress towards a degree.

Students must be enrolled in a minimum of 3 credits during the semester in which the intercollegiate participation takes place. If the student drops below the 3 credits during a semester, he/she becomes immediately ineligible for competition.

Exception – Seniors in their final semester of attendance need only be enrolled in those courses necessary to fulfill graduation requirements.

**Seasons of Eligibility:** Division III student-athletes have four seasons of athletic eligibility which must be completed in the first 10 semesters of enrollment. A season of intercollegiate participation shall be counted when a student-athlete participates (practices or competes) during or after the first contest in the traditional segment or when the student-athlete engages in intercollegiate competition during the nontraditional segment.

**Hardship Waiver:** A student-athlete may be granted an additional year of eligibility based on hardship and specific participation criteria. Please contact the Director of Athletics for more information on any of these issues.

**Athletic Participation and Class Attendance**

Although great effort is taken to reduce the amount of missed class time, students are responsible for all work assigned in their classes, either by preparing early or making up after, as defined by each individual professor.

It is imperative that the Beloit student-athlete work with the faculty member regarding anticipated class absences to make adjustments as necessary throughout the course. There may be instances where lab set-ups or specific dates cannot be missed. Student-athletes need to communicate with coaches and professors regarding scheduling conflicts. Early notification is vital.

**Protocol for Notifying Your Professor If You Have a Class Conflict.**

**Timing and Tone**

**Timing:** Speak to your professor as early as possible concerning a class conflict. You should talk with your professor about future conflicts in the first week of class. DO NOT wait until the day before the game.

**Tone:** Have a face to face conversation with your professor when talking about conflicts. DO NOT simply send your professor an email.

Always use respectful language: “may I speak with you about a potential conflict I have coming up.” NEVER start the conversation with, “I have to miss your class.” Begin the conversation with, “I was hoping that we could find a way for me to complete my class requirements and still be able to participate in ________ contest on this date.”

Always ask, “what will I need to do to make up for the missed class”, or “I would be happy to complete the assignment/presentation/exam before its due date if that is possible.”

Establish a good relationship with your professor right from the start of the semester.

* Go to every class.
* Be involved in class.
* Use the professor’s office hours to ask questions.
* Don’t sleep, text, or do other work during class.

If you have followed this protocol and still experience problems, talk with your coach or contact: Peggy Carl, Director of Athletics, carlp@beloit.edu, 608-363-2296
Faculty Reps for the Midwest Conference
Each school in the MWC has four representatives which conduct the business of the Conference: the President of the College, a Faculty Athletic Representative, an Athletic Director, and a non-voting Athletic Representative from the Athletic Department. The FAR’s attend all meetings of the Conference and are involved in all matters of the Conference. Our Faculty Athletic Representative is Charles Westerberg from the Sociology Department and Associate Dean of the College.

If you want to learn more about the Midwest Conference go to www.midwestconference.org.

Faculty Mentor Program
The faculty Mentor Program was established in 2009 to achieve the following goals;
  >To build relationships with faculty and help faculty better understand what we do so they will see the tremendous value of athletics at Beloit College.
  >Introduce student athletes to a faculty member who is interested in their sport.
  >To increase fan support and visibility of our teams.

Each team will find a Beloit College faculty member as their Faculty Mentor. The Faculty Mentor may attend practices and/or games to build a strong, positive relationship with every member of the team. The faculty mentor is not the student athlete’s academic advisor but simply someone who wants to get to know and support the team.
Campus Resources

Beloit College's Writing Center
Trained peer tutors at Beloit's Writing Center can provide you with a supportive and collaborative opportunity to improve your writing and become a better writer. We can help you with every aspect of any assignment or project that involves writing. Need two more reasons? We're in a nice old brick house, and we might be the only writing center in America with its own bathtub. http://www.beloit.edu/writingcenter

Health and Wellness Center
Welcome to the Beloit College Health and Wellness Center. We are located on the first floor of Porter Residence Hall.

Our mission is to help each student participate successfully in the academic and co-curricular opportunities at Beloit College by achieving maximum physical and emotional health.

The health and wellness center is committed to offering high quality primary care, counseling and health education by trust based, caring, affordable and accessible services. All of our services are available in a nonjudgmental environment and are sensitive to the diversity of our students and campus.

Please stop by the center to talk to a member of our staff regarding our services. All contacts and services at the health center are considered to be confidential. http://www.beloit.edu/wellness

Learning Enrichment & Disability Services
The Learning Enrichment and Disability Services Office is an academic enrichment center where services are provided to all Beloit College students at no cost.

This Office coordinates individual and group peer tutoring and provides assistance to students with study skills/strategies, time management, test preparation, and other academic enrichment issues. In addition, support services for students with disabilities are coordinated through this Office.

The Learning Enrichment and Disability Services Office
- Can help you with specific courses
- Can help you to become a better student
- Provides services for students with disabilities

The Learning Enrichment and Disability Services Office is located on 2nd floor of Pearsons Hall and is open Monday through Friday from 8:00 A.M.–4:00 P.M.
Please feel free to stop by, call at (608) 363-2572 or email any of the staff members. http://www.beloit.edu/learning

The Liberal Arts in Practice Center
This center houses several offices that all try to help students find jobs, internships, and community opportunities. These offices are the AmeriCorps Vista Project, the Campus Community Outreach Center, the Career services office, and the Duffy Program. For more information on any of these services go to www.beloit.edu/lapc
Health and Safety Education

The NCAA website (www.ncaa.org) is a very good resource for rules and educational material on all Health and Safety issues.

**Tobacco**

Tobacco Policy: Per NCAA and MWC rules, the use of tobacco is prohibited in connection with any intercollegiate athletic function. A function is defined as any activity that is held as a team whether it is meetings, practices, games or informal workouts on and off the grounds of Beloit College. This also includes related activities in the training room, locker rooms and weight training facilities.

**NCAA Position: Banned Substances and Nutritional Supplements**

Many nutritional/dietary supplements contain NCAA banned substances. In addition, the U.S. Food and Drug Administration (FDA) does not strictly regulate the supplement industry; therefore purity and safety of nutritional/dietary supplements cannot be guaranteed. Impure supplements may lead to a positive NCAA drug test. The use of supplements is at the student-athlete's own risk. Student-athletes should contact their coach, physician, or certified athletic trainer for further information.

**Preventing Sexual Assault (From Beloit College Student Handbook)**

Sexual assault and sexual misconduct, including non-consensual intercourse and non-consensual sexual contact seriously infringe on the rights of others, violate the standards of acceptable behavior at Beloit College and may be illegal in the State of Wisconsin. Beloit College expects all members of the college community and their guests to conduct themselves in a responsible manner, showing respect for others and for the community at large. Beloit College is subject to and abides by and supports the Wisconsin State statutes and local ordinances regarding criminal sexual contact. For more information on Sexual assault and sexual misconduct go to: www.beloit.edu/studentaffairs/assts/Student_Handbook. Information begins on page 70.

**Alcohol and Drug Policy (from Beloit College Student Handbook)**

Beloit College is a private, coeducational, residential institution of higher education committed to providing a sound liberal arts education that promotes life-long learning and personal growth. The college is committed to maintaining an environment of learning, living and working which is free of illicit drugs and the unlawful use or abuse of alcohol. The unlawful possession, use, distribution, manufacture of, or dispensing of alcohol and illicit drugs by students or employees on college property or as part of college activities is prohibited. Individuals who violate college policies or local, state or federal laws concerning the unlawful possession, use, distribution, manufacture, or dispensing of alcohol and illicit drugs are subject to arrest and/or disciplinary action which may result in sanctions up to and including required treatment and/or expulsion from the college.
As a Beloit College student-athlete you are required to comply with the drug and alcohol policy of the college, regulations of the state of Wisconsin laws and federal laws regarding illegal drugs. Furthermore, as a student-athlete you are also required to comply with the NCAA banned substance policies and the following alcohol and drug policy for Beloit College.

**Statement of Purpose:**
The Athletic Department at Beloit College does not support the illegal or irresponsible use of alcohol or other drugs. Our department believes that the use of alcohol, tobacco, and other drugs is detrimental to academic and athletic performance. Therefore, the Athletic Department alcohol and drug policy was developed in accordance with this philosophy. The following program objectives are also consistent with the philosophy:

*Inform student-athletes and staff of the NCAA, departmental, college and state policies concerning alcohol and drug use.
*Discourage alcohol abuse, underage drinking, and the use of illegal drugs and banned substances by BC student-athletes.
*Identify student-athletes who may have problems and assist in proper treatment.
*Create a positive and healthy atmosphere for Beloit College student-athletes.

The Department of Athletics does not condone the use of illegal drugs or underage drinking at any time, regardless of whether or not the individual(s) is in or out of season. If a violation occurs out of season, it will be left to the discretion of the Director of Athletics to determine appropriate sanctions.

Coaches may amend their policies to include stricter sanctions. These policies must be in writing and on file in the Athletic Department and clearly defined to the team at the beginning of each season.

**State of Wisconsin Law regarding alcohol use:** Persons under the age of 21 may not purchase, possess, or consume beer, wine or distilled spirits.

**NCAA regulations regarding Tobacco use:** The use of tobacco products is prohibited in all sports during practice and competition

**NCAA regulations regarding banned substances:** All student-athletes are required to attend, once per year, an NCAA session regarding banned substances and must sign the NCAA drug testing consent form.
Alcohol Policy Statement
In accordance with the Wisconsin State Law and the Beloit College Alcohol and Drug Policy, the Beloit College Athletics Department prohibits the consumption of alcohol by persons under 21 years of age as well as the possession, distribution, sale or use of illicit drugs by any person.

In addition to student-athletes being subjected to state law and College policy, the consumption of alcohol by student-athletes is prohibited in connection with any official intercollegiate athletic activity.

A student-athlete who is known to have consumed alcohol will be accountable for all alcohol related incidents in which he or she is involved. In such cases, the student-athlete is subject to College, Department of Athletics and/or team disciplinary action.

The Department of Athletics prohibits the use of funds to be used toward the purchase of alcoholic beverages for student-athlete consumption. This prohibition includes the purchase of alcohol for prospective student-athletes by current student-athlete hosts and the consumption of alcohol by prospective student-athletes while visiting the College. Regardless of whether a student-athlete host has reached the legal drinking age, purchasing alcohol for consumption by a person under the legal drinking age (i.e. a teammate or a prospective student-athlete) is a violation of state law.

The Athletic Department has approved the following:

Violations of the college’s alcohol policy will be dealt with as follows. The four levels of sanctions are official reprimand, conduct probation, disciplinary probation and removal from intercollegiate athletic participation. The following outlines the athletic department’s actions in conjunction with those levels.

*Official Reprimand: The student-athlete will meet with the Head Coach and be disciplined at the coach’s discretion.
*Conduct Reprimand: The student-athlete will meet with the Director of Athletics & Recreation and the Head Coach to discuss the consequences of continued disrespect of the college alcohol policy and sanctions will be given on a case-by-case basis. These sanctions could include game suspension.
*Disciplinary Probation: The student-athlete will meet with the Director of Athletics & Recreation and the Head Coach. Sanctions will include a one game suspension. Any further suspensions will be up to the discretion of the Head Coach.
*Removal: Removal from Intercollegiate Athletic participation for the remainder of the season.
Hazing Prevention
Our athletic department recognizes that participation on an intercollegiate athletic team plays a positive role in the collegiate experience of our undergraduate students. The department also recognizes that hazing activities organized by team members or coaches to prove a student’s commitment to the team are not appropriate, make the athletic experience negative, and can be mentally or physically damaging to the student. Coaches and team members are expected to abide by the Wisconsin State Statute and the Beloit College Hazing Policy as stated in the student handbook.

(From the Beloit College Student Handbook)
Beloit College believes that establishing a strong learning community is critical to full experiencing a liberal arts education. We highly encourage students to be involved in co-curricular activities, which can enhance both social and academic growth. Traditions, rituals and rites of passage help to develop a sense of community at Beloit and we value these organizational bonding opportunities. Groups who have their members participate in these activities must ensure that they are positive experiences for all involved. Hazing is any activity in which an individual(s) is persecuted and harassed with humiliating, meaningless, or difficulty tasks either to attain membership status to an in-group or to perform a favor for those of perceived authority. Hazing can occur within any group of students affiliated with Beloit College; participation in hazing can be compulsory or voluntary.

Gambling Activities
The NCAA policy (Supplement F) on gambling is in effect and violations will result in severe consequences. Student-athletes will not provide information to individuals involved in organized gambling activities concerning intercollegiate athletic competition. Nor will student-athletes solicit or accept a bet on any intercollegiate team, participate in any gambling activity that involves intercollegiate athletics or professional athletics through a bookmaker, parlay card, or other method. NCAA rules on gambling are clear and sanctions are severe. Those NCAA sanctions include declaration of ineligibility for the remainder of the student-athlete’s collegiate career.

Drug Testing
The NCAA Drug-Testing Program was created to protect the health and safety of student-athletes and to ensure that no one participant might have an artificially induced advantage or be pressured to use chemical substances. The NCAA has a list of banned drug classes and is composed of substances that are generally reported to be performance enhancing and or potentially harmful to the health and safety of the student-athletes. Beloit does not participate in institutional drug testing, but drug testing does occur at NCAA championship events.
The Beloit College Athletic Training program provides many resources to handle injuries and/or illnesses suffered by varsity athletes. The primary Sports Center athletic training room is approximately 1,000 square feet and includes some of the latest modalities and equipment used to treat and rehabilitate most injuries. The athletic training room is staffed in the afternoon by certified athletic trainers for general treatments and rehabilitation. This allows athletes to receive care in a timely manner at no cost, and without leaving campus and losing valuable academic time. During all practices and competitions the facility is staffed with certified athletic trainers and a staff of Beloit College students. Coverage is also provided to traveling teams by either a certified athletic trainer and/or student staff.

We have established a network of specialists for those injuries that require further attention. As part of this group, the Beloit College Athletic Training program has direct contact and a referral system with Mercy Health System. These physicians are on hand for coverage of home football contests and visit the athletic training room weekly for on-site evaluations and follow-up care.

All athletes are asked to adhere to three guidelines while attending our facility:
*Whenever possible, please call or email to schedule appointments. This allows us to provide the highest level of care for each individual.
*Clothing and footwear appropriate for a public facility is required. If coming from the pool, please cover appropriately.
*Foul language will not be tolerated. Athletes not observing this rule will be excused from the athletic training room.

The Student-Athlete Advisory Committee (SAAC) is a committee consisting of student-athletes assembled to provide insight on the student-athlete experience. The SAAC offers input on rules, regulations and policies that affect student-athletes' lives on NCAA member institution campuses. There are three SAACs at the national level representing NCAA Divisions I, II and III. NCAA legislation mandates that all member institutions institute a SAAC on their respective campuses. Further, NCAA legislation requires that all member conferences institute a SAAC.

At Beloit we have set four main goals for our SAAC:
1. The purpose of SAAC is to function as an accessible intermediate body by promoting open communication and constructive discussion between students and the Athletic Department faculty and staff.
2. To engage the Beloit community by providing educational opportunities and charitable services.
3. To promote support for any and all Beloit athletic programs.
4. To advocate leadership among student by encouraging them to act as positive representatives of Beloit College Athletics both on and off campus.

For more information on SAAC go to the links below.

Recruit Hosting Expectations

Hosting prospective students-athletes is a crucial part of our recruiting process and comes with a tremendous amount of responsibility. Remember when you visited colleges? More than any other part of the recruiting process, an overnight visit can determine whether or not a student-athlete will decide to come to Beloit College. Hosting prospective student-athletes can also be a lot of fun. Enjoy!

Hosting Expectations

Be Friendly, Cordial, Fun, and Talkative
- Get to know his/her background. Introduce your prospective student to people who share his/her interests.
- Know the itinerary of your recruit. Make sure s/he gets to classes and meetings on time.
- Make sure your recruit has a bed and bedding.
- Never leave your recruit alone.

Be a Leader
- Introduce your prospective student to your friends, teammates, faculty, and staff.
- Be honest and be positive when answering questions.
- Carefully answer difficult questions. Don’t make up the answer.

Be Responsible
- Stay on campus.
- Do not transport a recruit in your car or a friend’s car.
- Do not leave a recruit unaccompanied at any time.
- Do not drink alcohol or offer your recruit alcohol or other illegal substances.
- Avoid putting the recruit in an uncomfortable or compromising situation.
- Remember, your eligibility and your recruit’s eligibility can be affected by this visit.
- Don’t forget your recruit’s high school eligibility has different and stricter rules than the NCAA.
- The NCAA does not allow you to give your recruit any gifts. You should eat all your meals at Commons. If Commons isn’t open you can eat at a local restaurant and have a reasonably priced meal.
- In case of an emergency, contact security and your coach immediately.

Contact your coach if you have any questions or concerns about any of these guidelines.

Thanks for agreeing to play a major role in this crucial part of our recruiting efforts.
Beloit College Athletic Department Awards

The athletic department has a very rich tradition of giving awards to many successful and distinguished student-athletes. Below is a list of our departmental awards.

**Varsity Letter Awards**

To earn a varsity letter a student athlete must participate acceptably in a certain percentage of the season or finish at a certain level in the conference meet. Since each sport is different with different numbers of games, innings, matches, or contests, each sport has a different criteria for awarding a varsity letter. Speak to your coach to find out the criteria for your sport.

**Ruth C. Peterson Award**

The Peterson Award goes to the senior female athlete who best exemplifies the qualities of an athlete, scholar (a minimum GPA of 3.0 will be the basis for nomination) and leader (leader as it applies to the sport(s) in which she participates). The award is based on career performance, and as such, may be received only once. Normally the person selected will be a blanket award winner.

**Pat Dawson Award**

Awarded to honor Pat Dawson ’25, started in 1968. The Dawson Award goes to the senior male athlete who best exemplifies the qualities of an athlete, scholar (a minimum GPA of 3.0 will be the basis for nomination) and leader (leader as it applies to the sport(s) in which he participates). The award is based on career performance, and as such may be received only once. Normally the person selected will be a Blanket Award Winner.

**Joe Kobylka Award**

Awarded on a yearly basis to two senior athletes (one male – one female) who have best exemplified the qualities of sportsmanship and team spirit throughout their careers.

**Edward DeGeorge Service and Scholar-Athlete Award**

This award recognizes outstanding academic and athletic performance along with a commitment to service. The award will be in the form of a plaque to be presented annually to outstanding student-athletes from the senior class who during their college career, excelled in their academic programs and in their athletic endeavors. Usually, the award will be presented to two students, one male and one female.

Award recipients will have attended Beloit College at least three academic years; will have a cumulative GPA of at least 3.250 for all courses taken during their enrollment at Beloit College. And will have participated at least three seasons as a member of a Beloit College varsity athletic team. In addition award winners must have demonstrated a commitment to service as a student and be preparing to enter a service profession (education, coaching, ministry, medicine) following graduation from Beloit College.
**Blanket Award**
The blanket award is the top athletic department honor given to athletes prior to their departure from Beloit College. Induction into the Hall of Honor is the only higher award given to Beloit College Athletes. The blanket award is given to the “best of the best” athletes. These recipients will usually finish their career in the top ten in several categories in the history of their sport (goals, assists, points, home runs) or hold several significant records. Generally, student-athletes must receive first team All-Conference honors or finished first or second in the conference championships in individual sports to be considered. The criteria to be considered for the Blanket Award are different for each sport. Speak with your coach to find out the criteria for your sport.

**Hall of Honor**
The Beloit College Athletic Hall of Honor was established in 1963 to recognize the efforts and contributions of former Beloit College student-athletes and coaches who have left an indelible mark on the Buccaneer Athletics landscape. A committee of coaches, alums, and the Director of Athletics votes each year to induct alumni into the Hall of Honor. A student-athlete will be considered for induction after it has been 10 years since they graduated from Beloit College. Almost all Hall of Honor inductees were Blanket Award winners.
