Summary Plan Description

Beloit College Defined Contribution Retirement Plan
INTRODUCTION

Beloit College has restated the Beloit College Defined Contribution Retirement Plan (the “Plan”) to help you and other Employees save for retirement.

Beloit College restated the Plan by signing a complex legal agreement – the Plan document - which contains all of the provisions that the Internal Revenue Code (IRC) requires. The Plan document must follow certain federal laws and regulations that apply to retirement plans. The Plan document may change as new or revised laws or regulations take effect. Beloit College also has the right to modify certain features of the Plan from time to time. You will be notified about changes affecting your rights under the Plan.

This Summary Plan Description (SPD) summarizes the important features of the Plan document, including your benefits and obligations under the Plan. If you want more detailed information regarding certain plan features or have questions about the information contained in this SPD, you should contact Beloit College. You may also examine a copy of the plan document by making arrangements with Beloit College. Certain terms in the SPD have a special meaning when used in the Plan. These terms are capitalized throughout the SPD and are defined in more detail in the DEFINITIONS section of the SPD. If any information in this SPD conflicts with the terms of the Plan document adopted by Beloit College, the terms of the Plan document – not this SPD - will govern.

All dollars contributed to the Plan will be invested either in annuity contracts or in mutual funds held in custodial accounts. The agreements constituting or governing the annuity contracts and custodial accounts (the “Individual Agreements”) explain your rights under the contracts and accounts and the unique rules that apply to each Plan investment which may, in some cases, limit your options under the Plan. You should review the Individual Agreements along with this SPD to gain a full understanding of your rights and obligations under the Plan. Contact Beloit College or the investment vendor to obtain copies of the Individual Agreements or to receive more information regarding the investment options available under the Plan.

ELIGIBILITY

Am I eligible to participate in the Plan?
You will be eligible to contribute a portion of your pay to the Plan as a pre-tax Deferral, unless you fall into one of the following categories of excluded employees:

- Students
- Hourly employees who are covered by the Retirement plan for Classified Employees of the Board of Trustees of Beloit College (or who will be covered by that plan after satisfying applicable service requirements).
- Individuals employed by another employer who perform services for Beloit College.
- Temporary employees working less than 1000 hours annually.
- Visiting faculty who are teaching less than 4 classes per year or the equivalent thereof.

You will be eligible to participate in the Plan and receive contributions made by Beloit College after meeting certain requirements described below, unless you fall into one of the following categories of excluded employees:

- Members of a collective bargaining unit unless inclusion in this Plan was part of the negotiated agreement.
- Students
- Hourly employees covered under the Retirement Plan for Classified Employees of the Board of Trustees of Beloit College (or who will be covered after satisfying applicable service requirements).
- Individuals employed by another employer who perform services for Beloit College.
- Temporary employees working less than 1000 hours annually.
- Visiting faculty who are teaching less than 4 classes per year or the equivalent thereof.

The Plan document is being amended or restated on to new Plan documents. If you were eligible to participate in the prior plan, you will continue to be eligible to participate in this Plan without satisfying any additional age or service requirements.

What requirements do I have to meet before I may begin to participate in the Plan?
Unless you fall into one of the categories of excluded employees, you will be eligible to participate in the Plan after you complete 2 consecutive years of service and, the respect to Employer Contributions, have attained Age 21. There is no age requirement for making Pre-tax Deferral Contributions to the Plan.

Your initial eligibility measuring period will be the 12-month period beginning with your hire date. If you do not satisfy the eligibility requirements during that first measuring period, eligibility will be calculated based on the Plan Year.

You will be credited with a year of service if you work at least 1,000 hours for Beloit College during an eligibility measuring period. You will also receive credit for years of service with other institutions of higher education and non-profit research institutions.

When can I enter the Plan?
Deferral Contributions.

You will be able to contribute a portion of your pay into the Plan as a pre-tax Deferral as soon as administratively feasible after you complete 2 consecutive years of service.
**Employer Contributions**

You will become eligible to receive Employer Contributions on the first of the month following the date you have met the age and service requirements listed above.

**What happens to my Plan eligibility if I terminate my employment and am later rehired?**

Once you satisfy the eligibility requirements and enter the Plan, you will continue to participate while you are still employed by Beloit College, even if you have a break in eligibility service. A break in service occurs when you do not work more than 500 hours. If you had not yet satisfied the eligibility requirements and had a break in eligibility service, periods before your break in service will not be taken into account and you will have to satisfy the eligibility requirements following your break in service. Periods during which you have a break in eligibility service will not count against you if you were absent because you were pregnant, had a child or adopted a child, were serving in the military, or provided service during a national emergency and re-employment is protected under federal or state law, and you return to employment within the time required by law.

If you met the eligibility requirements for Deferral Contributions before terminating employment or having a break in eligibility service and are later rehired (unless you were rehired into a category of excluded employees), you will be able to defer a portion of your Compensation as a Deferral as soon as administratively feasible after being rehired. If you had not met the eligibility requirements for Deferral contributions before having a break in eligibility service, and are required, you will need to again satisfy the Plan’s eligibility requirements for Deferral Contributions. If you had met the eligibility requirements for Employer Contributions and were a Participant in the Plan before terminating employment or having a break in eligibility service, and are later rehired (unless you were rehired into a category of excluded employees), you will enter the Plan immediately. If you were not a Participant before the break in eligibility service, and are rehired, you will need to again satisfy the Plan’s eligibility requirements for Employer Contributions.
CONTRIBUTIONS & VESTING

What amount can I contribute to the Plan?

Deferrals

You will be able to contribute a portion of your Compensation as a pre-tax Deferral unless you are a member of one of the excluded classes listed previously. The maximum dollar amount that you can contribute to the Plan each year is $16,500 for 2009. The limit is reduced by any deferrals you make to other deferral plans of Beloit College or other employers (e.g., other 401(k) plans, salary deferral SEP plans, and 403(b) tax-sheltered annuity plans). This limit will change as the cost of living changes. Deferrals (and the related earnings) are always fully vested and cannot be forfeited. So if you were to leave Beloit College, you would be entitled to the full Deferral balance (plus earnings).

The amount of your Compensation that you decide to defer into the Plan generally will be contributed on a pre-tax basis. That means that, unlike the compensation that you actually receive, the pre-tax contribution (and all of the earnings accumulated while it is invested in the Plan) will not be taxed at the time it is paid by Beloit College. Instead, it will be taxable to you when you take a payout from the Plan. These contributions will reduce your taxable income each year that you make a contribution but will be treated as compensation for Social Security taxes.

EXAMPLE: Assume your Compensation is $25,000 per year. You decide to contribute five percent of your Compensation into the Plan. Beloit College will pay you $23,750 as gross taxable income and will deposit $1,250 (five percent) into the Plan. You will not pay federal income taxes on the $1,250 (plus earnings on the $1,250) until you withdraw it from the Plan.

Catch-up Contributions

Age 50 Catch-up Contributions - If you are eligible to make Deferrals and you turn age 50 before the end of any calendar year, you may defer up to an extra $5,500 each year (for 2009) into the Plan as a pre-tax contribution once you meet certain Plan limits. The maximum catch-up amount may increase as the cost of living increases.

Special 403(b) Catch-up Contributions – If you have worked at least 15 years for Beloit College, you may make a special catch-up contribution equal to the smallest of the three amounts listed below:

1. $3,000
2. $15,000 minus the amount of Special 403(b) Catch-Up Contributions made in prior years
3. ($5,000 times the number of years you have worked for Beloit College) minus (the total amount of Deferrals made while you worked for Beloit College)

If you qualify for both the age 50 catch-up contributions and the special 403(b) catch-up contributions, your catch-up contributions will be allocated first as special 403(b) catch-up contributions. Catch-up contributions (and the related earnings) are considered Deferrals and are always fully vested. So if you were to leave Beloit College, you would be entitled to the full catch-up balance (plus earnings).

How do I start making contributions?

To begin deferring a portion of your Compensation into the Plan, you must follow the procedures established by Beloit College.

What if I don't make a specific election to contribute some of my Compensation into the Plan?

You are not required to defer a portion of your Compensation into the Plan. If you elect 0% or you simply fail to follow the procedures established by Beloit College for making a Deferral election, you will not be enrolled in the Plan as a deferring Participant (i.e., 0% of your Compensation will be deferred into the Plan).
Can I change my contribution rate or stop making Deferrals after I start participating in the Plan?

You may change the amount you are deferring into the Plan or stop making Deferrals altogether at the times determined by Beloit College. Generally, once you stop your Deferrals, you will not be able to reenroll in the Plan and begin making Deferrals again until the first day of the next month.

Example: Assume the Plan Year is the calendar year and you are enrolled in the Plan and deferring 6% of your Compensation into the Plan as a pre-tax Deferral. On October 1 you decide to stop making Deferrals. You will not be able to re-enter and begin making Deferrals again until November 1.

What if I contribute too much to the Plan?

If you participate in another plan permitting deferrals and you contribute too much to the plans as Deferrals, you must take the excess amount (plus any earnings on the excess) out of the Plan by April 15 of the year following the year the money was contributed. You must notify Beloit College, in writing, of the excess amount by March 1 and request that it be removed. The excess amount is taxable to you in the year you contributed it to the Plan. If you do not remove it by the deadline, additional taxes will apply.

Will Beloit College make any additional contributions to the Plan?

Beloit College will make Employer Contributions to the Plan each year.

Beloit College Contributions made by Beloit College to the Plan will be allocated using a service-graded formula. Under this formula, the Beloit College Contribution will vary depending upon your number of years of service under the Plan. In calculating your years of service, you will also receive credit for years of service with other institutions of higher education and non-profit research institutions. A year of service under this formula will be measured in the same way as a year of eligibility service is calculated.

If you have 2 or fewer years of service, you will receive a Beloit College Contribution of 0% of Compensation.

If you have between 2 years of service and 6 years of service, you will receive a Beloit College Contribution of 5% of Compensation.

If you have 6 years or more of service, you will receive a Beloit College Contribution of 10% of Compensation.

If you are on a paid leave of absence from Beloit College, you will still be eligible to receive an Employer Contribution based on the Compensation received during the leave.

If I have money in other retirement plans, can I combine them with my accumulation under this Plan?

Beloit College may allow you to roll over dollars you have saved in other retirement arrangements into this Plan after you become eligible to participate in the Plan. Beloit College will provide you with the documents or other information you need to determine whether your prior plan balance is qualified to be rolled into this Plan.

The Plan will accept amounts rolled over from the prior plan to this Plan if the prior plan was a:

- qualified retirement plan (e.g., 401(k) plan, profit sharing plan, money purchase pension plan, target benefit plan)
- 403(b) tax-sheltered annuity plan
- government 457(b) plan
- Traditional IRA

Rollover contributions are always 100 percent vested and nonforfeitable.
Are there any limits on how much can be contributed for me?

In addition to the Deferral limit described previously, you may not have total contributions (including Deferrals) of more than $49,000, plus any age 50 catch-up contributions, in 2009 or an amount equal to 100% of your Compensation, whichever is less, allocated to the Plan for your benefit each year. The $49,000 limit will be increased as the cost of living increases, and is the total amount that can be contributed across all retirement plans sponsored by Beloit College.

Will contributions be made for me if I am called to military service?

If you are reemployed by Beloit College after completing military service, you may be entitled to receive certain make-up contributions from Beloit College. You will also have the option of making up missed employee contributions.

If you are reemployed after military service, contact your Plan Administrator for more information about your options under the Uniformed Services Employment and Reemployment Rights Act (USERRA).

Will I be able to keep Beloit College contributions if I terminate employment or am no longer eligible to participate in the Plan?

Contributions that you receive from Beloit College will always be fully vested and cannot be forfeited, even if you terminate employment or become ineligible to participate in the Plan.
WITHDRAWING MONEY FROM THE PLAN

When can I take a distribution from the plan?

You may always request a distribution of contributions you have received from Beloit College upon termination of employment after reaching age 65.

You may request a distribution of your account attributable to your own Deferrals at the times listed below:

- You terminate employment
- You become Disabled
- When you reach age 59-1/2
- On account of hardship

You may request a distribution of your account attributable to Employer Contributions at the times listed below:

- You terminate employment (but you are limited to 50% of your Account attributable to Employer Contributions until you reach age 59-1/2)
- You become Disabled
- On account of hardship

In spite of the distribution events listed above, contributions that you receive from Beloit College that are held in annuity contracts issued after 2008 will generally not be available to you while you are still employed unless you have participated in the Plan for at least five years.

You may elect a distribution of your transfer contributions and/or rollover contributions at any time subject to the restrictions in the Individual Agreements.

Hardship

If you experience a financial hardship, you may take a distribution from the Deferrals you have contributed to the Plan, unless restricted under the terms of the Individual Agreements.

You may also take a portion of the contributions you receive from Beloit College that are held in annuity contracts to satisfy a financial hardship if you have no other available resources.

The following events qualify as a hardship distribution under the Plan:

- medical expenses for you, your spouse or your dependents, or your beneficiary,
- payment to purchase your principal residence
- tuition and education-related expenses for you, your spouse or your dependents, or your beneficiary
- payments to prevent eviction from your principal residence,
- funeral expenses for you, your spouse or your dependents, or your beneficiary,
- payments to repair your principal residence that would qualify for a casualty loss deduction.
Beloit College may expand the list of events that qualify as a hardship distribution if contributions you receive from Beloit College are being used to satisfy your hardship request.

If you are under age 59-1/2, the amount you take out of the Plan as a hardship distribution may be subject to a 10 percent federal penalty tax and a 3.33% Wisconsin penalty tax.

You may be able to take a penalty-free distribution from your Deferrals if you were called to active military duty after September 11, 2001. In order to qualify for these penalty-free distributions, you must have been ordered or called to active duty for a period of at least 180 days or an indefinite period and your distribution must have been taken after you were called to duty and before your active duty ended.

The Individual Agreements governing the investment options that you selected for your Plan contributions may contain additional limits on when you can take a distribution, the form of distribution that may be available as well as your right to transfer among approved investment options. Please review both the following information in this Summary Plan Description and the terms of your annuity contracts or custodial agreements before requesting a distribution. Contact Beloit College or the investment vendor if you have questions regarding your distribution options.

How do I request a payout?

You must complete a payout request form provided or approved by Beloit College or follow other procedures established by Beloit College for processing distributions.

If you are taking a hardship distribution, you must provide documents to verify that you have a hardship event that qualifies for a Plan distribution.

If I am married, does my spouse have to approve my distributions from the Plan?

If you are married, you must get written consent from your spouse to take a distribution from the Plan in any form other than a qualified joint and survivor annuity. Your spouse’s consent is also needed if you want to name someone other than your spouse as your beneficiary. The annuity would need to be structured to provide a benefit while you are both alive and then to provide a survivor benefit that is equal to 50 percent of the amount you received while you were both living. You can designate a different survivor percentage subject to certain limits under the qualified optional survivor annuity regulations. Beloit College will provide you with more information regarding your annuity options when it comes time for you to make a decision. Follow the procedures established by Beloit College to document your spouse’s consent to waive the annuity and take the payment in some other form permitted by the Plan. Your spouse must also consent to any Plan loans that you request.

How will my money be distributed to me if I request a payout from the Plan?

If you obtain the proper consents, you may choose from the following options for your payout.

- Lump sum
- Annuity contract (if assets are held in a custodial account) or converted to an income option (if your assets are invested in an annuity contract)

The Individual Agreements governing the investment options that you selected for your contributions may further restrict your payout options. Please review the annuity contracts or custodial agreements before requesting a distribution and contact Beloit College or the investment vendor if you have questions regarding your distribution options.

If your distribution is eligible to be rolled over, you may choose to have your distribution paid to another eligible retirement arrangement. Contact Beloit College for information regarding rollover procedures.

Do any penalties or restrictions apply to my payouts?

Generally, if you take a payout from the Plan before you are age 59-1/2, a 10 percent federal and 3.33% Wisconsin early distribution penalty will apply to the taxable portion of your payout. There are some exceptions to the penalties. Your tax adviser can assist you in determining whether you qualify for a penalty exception.

If your payout is eligible to be rolled over, 20 percent of the taxable portion of your payout will be withheld and remitted to the
IRS as a credit toward the taxes you will owe on the payout amount unless you do a direct rollover.

**EXAMPLE:** You request a $10,000 payout from the pre-tax portion of your Plan balance. If the amount is eligible to be rolled over to another plan, but you choose not to roll it over directly, you will receive $8,000 and $2,000 will be remitted to the IRS.

**Can I take a loan from the Plan?**

Your Plan is designed to help you save for retirement and does not allow you to take a loan from the Plan.

**What if I die before receiving all of my money from the Plan?**

If you die before taking all of your assets from the Plan, the remaining balance will be paid to your designated beneficiary. To designate your beneficiary, you must follow the procedures established by Beloit College. If you are married and decide to name someone other than your spouse as your beneficiary, your spouse must consent in writing to your designation. It is important to review your designation from time to time and update it if your circumstances change (e.g., a divorce, death of a named beneficiary).

If you do not name a beneficiary, 50% of your balance will be paid to your spouse and 50% will be paid to your estate. If you do not name a beneficiary and have no surviving spouse, your remaining balance in the Plan will be paid to your estate, unless a different alternative is provided in the Individual Agreement.

If your Plan balance is $5,000 or less at the time of your death, your beneficiary will generally have the same options regarding the form of the distribution that are available to you as a Participant. If the balance is greater than $5,000, your beneficiary may be required to take the payouts in the form of a life annuity, unless the annuity has been properly waived by you and your spouse during your lifetime. Your beneficiary may also have the option of rolling their distribution into an IRA. The Individual Agreements governing the investment options that you selected for your contributions may further restrict your beneficiary’s options regarding the manner in which the accumulation will be distributed.

If you die after beginning age 701/2 distributions, as described in the following question, your beneficiary must continue taking distributions from the plan at least annually. If you die before beginning age 701/2 payments, your beneficiary may have the option of (1) taking annual payments beginning the year following your death (or the year you would have reached age 701/2, if your spouse is your beneficiary), or (2) delaying their distribution until the year containing the fifth anniversary of your death, provided they take the entire amount remaining during that fifth year.

**How long can I leave the money in my Plan?**

When you terminate from employment, your balance will generally not be paid out of the Plan until you request a payout from Beloit College.

**Age 701/2 Required Distributions**

When you reach age 701/2 you will generally need to begin taking a distribution each year based on your balance in the Plan. You can delay required distributions until you actually separate from service. Contributions for periods before 1987 (excluding earnings on those contributions) will generally not be subject to the required distribution rules until you reach age 75. You may also have the option to satisfy your required minimum distribution from the Plan by aggregating all your 403(b) plans and taking the required minimum distribution from any one or more the individual 403(b) plans.

**What if the Plan is terminated?**

If the Plan is terminated, your entire account balance will be distributed from the Plan. To the extent you are invested in an annuity contract, you will receive a distribution of the contract.
INVESTING YOUR PLAN ACCOUNT

What investments are permitted?

Beloit College (or someone appointed by Beloit College) will select the investment vendors and investment options that will be available under the Plan. The investment options will be limited to annuity contracts and mutual funds purchased through a custodial account. The list of approved investment options and vendors may change from time to time as Beloit College considers appropriate. Beloit College may restrict the list of vendors who may accept new contributions to the Plan and it may be different from the list of vendors and investment options available once the contributions have been made to the Plan through a contract exchange. You should carefully review the Individual Agreements governing the annuity contracts and custodial accounts, the prospectus, or other available information before making investment decisions.

Who is responsible for selecting the investments for my contributions under the Plan?

You have the right to decide how your Plan balance will be invested. Beloit College will establish administrative procedures that you must follow to select your investments. Beloit College will designate a list of vendors and investment options that you may select for new contributions to the Plan. You will have the ability to transfer your Plan balance among these vendors and investment options, to the extent permitted by the Individual Agreements. Contact Beloit College if you are not certain whether a particular vendor or investment option is permitted under the Plan. If you do not select investments for your Plan account, Beloit College will determine how your account will be invested.

Beloit College intends to operate this Plan in compliance with Section 404(c) of the Employee Retirement Income Security Act (ERISA), and Title 29 of the Code of Federal Regulations Section 2550.404c-1. This means that you are responsible for providing investment instructions and the consequences of those investment instructions given by you or your beneficiary.

How frequently can I change my investment elections?

You may change your initial investment selections as frequently as permitted under the Individual Agreements.
ADMINISTRATION INFORMATION AND RIGHTS UNDER ERISA

Who established the Plan?
The official name of the Plan is Beloit College Defined Contribution Retirement Plan. The Employer who adopted the Plan is:

Beloit College
700 College St
Beloit, WI 53511-5595
608-363-2630
Federal Tax Identification Number: 390808497
Fiscal Year End: 05/31

Beloit College has assigned Number 001 to the Plan.

The Plan is a 403(b) defined contribution plan, which means that contributions to the Plan made on your behalf (and earnings) will be separately accounted for within the Plan.

When did the Plan become effective?
Beloit College has amended and restated the Beloit College Defined Contribution Retirement Plan which was originally adopted 01/01/1924. The effective date of this amended Plan is 01/01/2009.

Who is responsible for the day-to-day operations of the Plan?
Beloit College is responsible for the day-to-day administration of the Plan. To assist in operating the Plan efficiently and accurately, Beloit College may appoint others to act on its behalf or to perform certain functions.

Who pays the expenses associated with operating the Plan?
All reasonable Plan administration expenses, including those involved in retaining necessary professional assistance, may be paid from the assets of the Plan, to the extent permitted by the Individual Agreements. These expenses may be allocated among you and all other Plan participants or, for expenses directly related to you, charged against your account balance. Examples of expenses that may be directly related to you include general recordkeeping fees and expenses related to processing your distributions or loans (if applicable), qualified domestic relations orders, and your ability to direct the investment of your Plan balance, if applicable. Finally, Beloit College may, in its discretion, pay any or all of these expenses. For example, Beloit College may pay expenses for current employees, but may deduct the expenses of former employees directly from their accounts. Beloit College will provide you with a summary of all Plan expenses and the method of payment of the expenses upon request.

Does Beloit College have the right to change the Plan?
The Plan will be amended from time to time to incorporate changes required by the law and regulations governing retirement plans. Beloit College also has the right to amend the Plan to add new features or to change or eliminate various provisions. Beloit College cannot amend the Plan to take away or reduce protected benefits under the Plan.

Does participation in the Plan provide any legal rights regarding my employment?
The Plan does not intend to, and does not provide, any additional rights to employment or constitute a contract for employment. The purpose of the Summary Plan Description is to help you understand how the Plan operates and the benefits available to you under the Plan. The Plan document is the controlling legal document with respect to the operation of and rights granted under the Plan and if there are any inconsistencies between this Summary Plan Description and the Plan document, the Plan document will be followed.
Can creditors or other individuals request a payout from my Plan balance?

Creditors (other than the IRS) and others generally may not request a distribution from your Plan balance. One major exception to this rule is that Beloit College may distribute or reallocate your benefits in response to a qualified domestic relations order. A qualified domestic relations order is an order or decree issued by a court that requires you to pay child support or alimony or to give a portion of your Plan account to an ex-spouse or legally separated spouse. Beloit College will review the order to ensure that it meets certain criteria before any money is paid from your account. You (or your beneficiary) may obtain, at no charge, a copy of the procedures Beloit College will use for reviewing and qualifying domestic relations orders.

How do I file a claim?

To claim a benefit that you are entitled to under the Plan, you must file a written request with Beloit College. The claim must set forth the reasons you believe you are eligible to receive benefits and you must authorize Beloit College to conduct any necessary examinations and take the steps to evaluate the claim.

What if my claim is denied?

Except as described below, if your claim is denied, Beloit College will provide you (or your beneficiary) with a written notice of the denial within 90 days of the date your claim was filed. This notice will give you the specific reasons for the denial, the specific provisions of the Plan upon which the denial is based, and an explanation of the procedures for appeal.

In the case of a claim for disability benefits, if Beloit College is making a determination of whether you are Disabled, you will be notified of a denial of your claim within a reasonable amount of time, but not later than 45 days after the Plan receives your claim. The 45-day time period may be extended by the Plan for up to 30 days if Beloit College determines that an extension is necessary due to matters beyond the control of the Plan. Beloit College will notify you, before the end of the 45-day period, of the reason(s) for the extension and the date by which the Plan expects to make a decision regarding your claim.

If, before the end of the 30-day extension, Beloit College determines that, due to matters beyond the control of the Plan, a decision regarding your claim cannot be made within the 30-day extension, the period for making the decision may be extended for an additional 30 days, provided that Beloit College notifies you, before the end of the first 30-day extension, of the circumstances requiring the additional extension and the date as of which the Plan expects to make a decision. The notice will specifically explain the standards on which the approval of your claim will be based, the unresolved issues that prevent a decision on your claim, and the additional information needed to resolve those issues. You will have at least 45 days within which to provide the specified information.

The period of time within which approval or denial of your claim is required to be made generally begins at the time your claim is filed. If the period of time is extended because you fail to submit information necessary to decide your claim, the period for approving or denying your claim will not include the period of time between the date on which the notification of the extension is sent to you and the date on which you provide the additional information.

Beloit College will provide you with written or electronic notification if your claim is denied. The notification will provide the following:

i. The specific reason or reasons for the denial;

ii. Reference to the specific section of the Plan on which the denial is based;

iii. A description of any additional information that you must provide before the claim may continue to be processed and an explanation of why such information is necessary;

iv. A description of the Plan’s review procedures and the time limits applicable to such procedures, including a statement of your right to bring a civil action under Section 502(a) of the Employee Retirement Income Security Act (ERISA) following a claim denial on review; and

v. In the case of a Plan providing disability benefits, if Beloit College used an internal rule or guideline in denying your claim, either 1) the specific rule or guideline, or a statement that the rule or guideline was relied upon in denying your claim, and that 2) a copy of the rule or guideline will be provided free of charge to you upon request.
If the claim denial is based on a medical necessity, experimental treatment, or similar situation, either an explanation of the scientific or clinical basis for the denial, applying the terms of the Plan to your medical circumstances, or a statement that an explanation will be provided free of charge upon request.

**May I appeal the decision of Beloit College?**

You or your beneficiary will have 60 days from the date you receive the notice of claim denial in which to appeal Beloit College’s decision. You may request that the review be in the nature of a hearing and an attorney may represent you.

However, in the case of a claim for disability benefits, if Beloit College is deciding whether you are Disabled under the terms of the Plan, you will have at least 180 days following receipt of notification of a claim denial within which to appeal Beloit College’s decision.

You may submit written comments, documents, records, and other information relating to your claim. In addition, you will be provided, upon request and free of charge, reasonable access to, and copies of, all documents, records, and other information pertaining to your claim.

Your appeal will take into account all comments, documents, records, and other information submitted by you relating to the claim, even if the information was not included originally.

If the claim is for disability benefits:

i. Your claim will be reviewed independent of your original claim and will be conducted by a named fiduciary of the Plan other than the individual who denied your original claim or any of his or her employees.

ii. In deciding an appeal of a claim denial that is based in whole or in part on a medical judgment, the appropriate named fiduciary will consult with a health care professional who has appropriate training and experience in the field of medicine involved in the medical judgment;

iii. Beloit College will provide you with the name(s) of the health care professional(s) who was consulted in connection with your original claim, even if the claim denial was not based on his or her advice. The health care professional consulted for purposes of your appeal will not be the same person or any of his or her employees.

iv. You will be notified of the outcome of your appeal no later than 45 days after receipt of your request for the appeal, unless Beloit College determines that special circumstances require an extension of time for processing the claim. If Beloit College determines that an extension is required, written notice of the extension will be provided to you before the end of the initial 45-day period. The notice will identify the special circumstances requiring an extension and the date by which the Plan expects to make a decision regarding your claim.

Beloit College will provide you with written or electronic notification of the final outcome of your claim. The notification will include:

i. A statement that you are entitled to receive, upon request and free of charge, reasonable access to, and copies of, all documents, records, and other information relevant to your claim;

ii. A statement describing any additional voluntary appeal procedures offered by the Plan, your right to obtain the information about such procedures, and a statement of your right to bring an action under Section 502(a) of ERISA; and

iii. If Beloit College used an internal rule or guideline in denying your claim, either 1) the specific rule or guideline, or a statement that the rule or guideline was relied upon in denying your claim, and 2) that a copy of the rule or guideline will be provided free of charge to you upon request.

If the claim denial is based on a medical necessity, experimental treatment, or similar situation, either an explanation of the scientific or clinical basis for the denial, applying the terms of the Plan to your medical circumstances, or a statement that an
explanation will be provided free of charge upon request.

If I need to take legal action with respect to the Plan, who is the agent for service of legal process?

Beloit College is the agent to be served with legal papers regarding the Plan.

If the Plan terminates, does the federal government insure my benefits under the plan?

If the Plan terminates, you will become fully vested in your entire balance under the Plan, even though you would not otherwise have a sufficient number of years of vesting service to be 100 percent vested in your balance. You will be entitled to take your entire balance from the Plan following termination.

The type of plan in which you participate is not insured by the Pension Benefit Guarantee Corporate, the government agency that insures certain pension plan benefits upon plan termination.

What are my legal rights and protections with respect to the Plan?

As a Participant in this Plan, you are entitled to certain rights and protections under ERISA. ERISA provides that all Plan Participants shall be entitled to do the following.

**Receive Information About Your Plan and Benefits**

1. Examine, without charge, at Beloit College’s office and at other specified locations, such as worksites and union halls, all Plan documents governing the Plan, including insurance contracts and collective bargaining agreements, and a copy of the latest annual report (Form 5500 Series) filed by the Plan with the U.S. Department of Labor and available at the Public Disclosure Room of the Employee Benefits Security Administration.

2. Obtain, upon request to Beloit College, copies of documents governing the operations of the Plan, including insurance contracts and collective bargaining agreements, and copies of the latest annual report (Form 5500 Series) and updated Summary Plan Description (SPD). Beloit College may charge a reasonable fee for the copies.

3. Receive a summary of the Plan’s annual financial report. Beloit College is required by law to furnish each Participant with a copy of this Summary Annual Report.

4. Obtain, once a year, a statement of the total pension benefits accrued and the vested pension benefits (if any) or the earliest date on which benefits will become vested. The Plan may require a written request for this statement, but it must provide the statement free of charge.

**Prudent Actions by Plan Fiduciaries**

In addition to creating rights for Plan Participants, ERISA imposes duties upon the people who are responsible for the operation of the Plan. The people who operate your Plan, called “fiduciaries” of the Plan, have a duty to do so prudently and in the interest of you and other Plan Participants and beneficiaries. No one, including Beloit College, your union, or any other person, may fire you or otherwise discriminate against you in any way to prevent you from obtaining a pension benefit or exercising your rights under ERISA.

**Enforce Your Rights**

If your claim for a benefit is denied or ignored, in whole or in part, you have a right to know why this was done, to obtain copies of documents relating to the decision without charge, and to appeal any denial, all within certain time schedules. Under ERISA, there are steps you may take to enforce the above rights. For instance, if you request a copy of Plan documents or the latest annual report from the Plan and do not receive them within 30 days, you may file suit in a Federal court. In such a case, the court may require Beloit College to provide the materials and pay you up to $110 a day until you receive the materials, unless the materials were not sent because of reasons beyond the control of Beloit College. If you have a claim for benefits which is denied, or ignored, in whole or in part, you may file suit in a state or Federal court. In addition, if you disagree with the Plan’s decision or lack thereof concerning the qualified status of a domestic relations order or a medical child support order, you may file suit in Federal court. If it should happen that Plan fiduciaries misuse the Plan’s money, or if you are discriminated against for asserting your rights, you may seek
assistance from the U.S. Department of Labor, or you may file suit in a Federal court. The court will decide who should pay court costs and legal fees. If you are successful, the court may order the person you have sued to pay the costs and fees. If you lose, the court may order you to pay these costs and fees, for example, if the court finds your claim is frivolous.

Assistance with Your Questions

If you have any questions about your Plan, you should contact Beloit College. If you have any questions about this statement or about your rights under ERISA, or if you need assistance in obtaining documents from Beloit College, you should contact the nearest area office of the Employee Benefits Security Administration, U.S. Department of Labor, listed in your telephone directory or the Division of Technical Assistance and Inquiries, Employee Benefits Security Administration, U.S. Department of Labor, 200 Constitution Avenue N.W., Washington D.C. 20210. You may also obtain certain publications about your rights and responsibilities under ERISA by calling the publications hotline of the Employee Benefits Security Administration.
DEFINITIONS

Compensation – The definition of Compensation under the Plan can vary depending upon the purpose (e.g., allocations, nondiscrimination testing, tax deductions).

In general, the amount of your earnings from Beloit College taken into account under the Plan is all earnings reported to you on Form W-2. Compensation will include amounts that are not included in your taxable income that were deferred under a cafeteria plan, or under the plan.

The definition of Compensation used under the Plan has been further adjusted to exclude the following amounts.

- Bonuses that you receive.
- Supplemental remuneration, stipend/grant payments unless such payments are in lieu of salary, coaching, housing, meals and expenses for house hunting.

If you receive payments from Beloit College within 2 1/2 months after severing your employment, any regular pay for services you performed prior to severance will be included in Compensation.

The measuring period for Compensation will be the Plan Year.

The maximum amount of Compensation that will be taken into account under the Plan is $245,000 (for 2009). This amount changes as the cost of living changes.

Deferrals – Deferrals are the dollars you choose to contribute to the Plan through payroll deduction on pre-tax basis.

Disabled – You will be considered Disabled if you cannot engage in any substantial, gainful activity because of a medically determined physical or mental impairment that is expected to last at least 12 months.

Employer Contributions - Contributions made by Beloit College for Participants who meet the certain eligibility requirements are Employer Contributions. Your eligibility to receive Employer Contributions is not dependent upon whether you make Deferrals.

Hour of Service – An Hour of Service, for purposes of determining Plan eligibility, vesting and eligibility to receive Employer Contributions will be based on actual hours for which you are entitled to pay.

You will also receive credit for your service with

- an institution of higher education
- a non-profit (research) institution.

Individual Agreements - All contributions to the Plan will be invested either in annuity contracts or in mutual funds held in custodial accounts. The agreements between the vendor and Beloit College or you that constitute or govern the annuity contracts and custodial accounts are referred to as Individual Agreements. The Individual Agreements explain the unique rules that apply to each Plan investment and may, in some cases, limit your options under the Plan, including your transfer and distribution rights.

Normal Retirement Age – Age 65 is considered the Normal Retirement Age under the Plan.

Participant – An employee of Beloit College who has satisfied the eligibility requirements and entered the Plan is referred to as a Participant.

Plan – The Beloit College Defined Contribution Retirement Plan is the Plan described in this Summary Plan Description.
Plan Administrator – Beloit College is responsible for the day-to-day administration of the Plan. To assist in operating the Plan efficiently and accurately, Beloit College may appoint others to act on its behalf or to perform certain functions.

Plan Year – The calendar year will serve as the Plan Year.
