Eligible Expenses

**Eligible with Doctor’s Prescription:**

**Important note about over-the-counter (OTC) drug reimbursement:** Due to health care reform regulations, the Health Care FSA only reimburses OTC drug expenses if you have and provide a doctor’s prescription for them. Doctor’s prescriptions must include the patient name, medication name, dosage, time frame for treatment and any other state law requirements. Make sure you plan your annual election accordingly.

**Ineligible Health Care FSA Expense Examples:**

*Excludes drugs imported from Canada and other countries. Some medically necessary items may be covered by the Health Care FSA if prescribed by a physician for a specific medical condition. The prescription should contain the specific medical condition and timeframe for treatment.

**Custom made shoes to treat or alleviate a specific medical condition. Included with the receipt should be a Letter of Medical Necessity from a physician. The excess cost above the normal cost of shoes is the eligible medical expense.

**Requires documentation from the doctor or care provider indicating use to treat a medical condition. A Letter of Medical Necessity template is available.

**This list is not meant to be all inclusive. Other expenses not listed may also qualify. Please refer to Section 213 of the Internal Revenue Code or call our toll-free Participant Services line at 800 346 2126.**
