Notes to guide review and interpretation of the reports

- In 2017-18, IRAP has made extensive technical notes for each report and made them available at <https://www.beloit.edu/irap/collegedata/aspreports/> These technical notes are intended to answer questions about what is included and excluded from each report.
- Reports that count graduates represent the number of students who graduated during the 12-month period September 1 through August 31 of the year listed (e.g. 2018 represent those who graduated Sept. 1, 2016- Aug. 31, 2018).
- The reports that count student enrollments are for an academic year and labeled by the fall of the academic year (e.g. 2018 represents the academic year 2018-19).
