FOREWORD

The *Beloit College Student Handbook* is your guide to student life at Beloit. Each year, it brings together information about academic and non-academic policies and services.

It is written and compiled by the Dean of Students staff to inform students of policies, procedures, and regulations that pertain to students that are typically not found in the *Beloit College Catalog*. Particularly as a residential campus, there are many pieces of information that assist students in living together in a community of responsible and caring citizens. Careful reading will help students to understand the college's expectations as well as students' responsibilities as members of the Beloit College community.

Every student is responsible for knowing the materials in the handbook as well as those in the *catalog*. Both should be kept handy as references, and all students, particularly those who are new to Beloit, should read it thoroughly. Since the handbook is updated each year you are encouraged to review this when you return to campus.

While this handbook provides a review of regulations, policies, guidelines, and resources, the college reserves the right to change statements and policies when necessary and appropriate.

INTRODUCTION

Beloit College is an educational community where students are expected to be active and involved learners while living by such important community values as personal integrity and responsibility, honesty, civility, non-violence, respect for the rights, opinions and beliefs of others, service to the college, college community and beyond. When students accept an invitation to join the Beloit College community it is assumed they are responsible individuals who, through personal freedom and independence, will grow and develop both academically and personally. To safeguard the rights, opportunities, and welfare of students, faculty, staff and guests of the college, all students are held accountable for the regulations and policies established by the college. Although the majority of regulations and policies concerning student life are contained in the Student Handbook, students are also responsible for the policies and regulations contained in the Beloit College Catalog. Students with questions about policies and regulations should direct their inquiries to the Dean of Students Office.

Beloit College students are expected to treat other members of the community with courtesy, to respect their rights and needs, to maintain the highest standards of honesty and integrity in all aspects of their lives, and to contribute to the college. To carry out its educational mission and provide an atmosphere conducive to the building of community and personal growth, the college requires a community free from physical and emotional violence, threats, and intimidation, protective of free inquiry and expression, and respectful of the rights of others. Community members need to be open to change, supportive of democratic and lawful procedures, and dedicated to the rational and orderly approach to the resolution of human problems. Personal idealism, social responsibility and service to others are among the educational aims of Beloit College. Self-regulation is the norm, and college disciplinary action the exception.

The following student regulations and college policies have been established as a guide to individual conduct aimed at protecting the rights, opportunities, and welfare of students, faculty, staff, and guests of the college. All Beloit College students are expected to be familiar with these expectations and to follow them. These regulations and policies are not meant to be a criminal code, nor are they designed to replicate state or federal laws, nor do they attempt to include all possible scenarios for unacceptable behaviors. Student enrollment and/or continued attendance at Beloit are a privilege, not a right. Revocation of this privilege occurs when it is assessed that it is necessary to protect the campus community and is not a substitute for the penalties associated with the criminal law. In most cases, sanctions are educational in nature and fulfill the college's role in shaping character and the values of personal integrity and responsibility, honesty, civility, non-violence, respect for the rights, opinions and beliefs of others, service to the college, college community and beyond. Students who have ideological differences with college regulations and policies are encouraged to suggest changes and revisions through the appropriate channels (Dean of Students), but are held accountable for those contained herein.

STATEMENT OF CULTURE

We, the students of Beloit College, expect all members of our community to practice anti-racism by continuing to unlearn internalized racist ideologies, follow institutional guidance to mitigate the risk of COVID-19, and contribute to a safe and vibrant campus life.

- ✘ We recognize that historically white institutions like Beloit College were created to serve the privileged and perpetuate white ways of knowing that can inflict violence towards nonwhite members. With this awareness, we endorse and are committed to actualizing the Student Demands put forward by Black Students United and working to create an anti-racist institution
- ✘ We understand -isms and phobias, such as racism and transphobia, to be rooted in power, benefitting possessors of a dominant identity at the expense of those being marginalized.
- ✘ To mitigate the risk posed by COVID-19, we are committed to following institutional health guidance and directives. We will continue to critically evaluate and advocate for what we see to be the best path forward — but not in ways that put members of our community at increased risk.
- ✘ We act as responsible members of our community by following the student life guidelines laid out in [the Behavioral Expectations document](#).
- ✘ We prioritize our physical and mental health because self care is community care. We acknowledge that everyone has had different experiences with the spread of COVID-19; that some of us have not had equal access to healthcare or proper protection from the virus.
- ✘ We recognize face coverings to be an effective tool to curb the spread of the COVID-19 and wear face coverings as advised.
- ✘ We hold our club and organization meetings, as well as personal gatherings, outdoors whenever possible.

- ✘ We adhere to the occupancy limits of shared spaces and maintain their cleanliness at the level necessary to ensure campus safety.

- ✘ In accordance with the [BSG Behavioral Expectations](#) we continue to use athletic facilities on campus for sports, recreation and exercise .

- ✘ We are aware of the risks present when we engage with populations outside of the Beloit College campus community and take all necessary precautions to ensure a safe and healthy return for all.

- ✘ We claim our education by promoting critical thinking and adhering to the highest standards of academic honesty.

The Student Statement of Culture, proposed by the Beloit Student Government and ratified by the Beloit College student body on 08/12/20, should be revised no later than fall semester, 2022

EXPECTATIONS

FOLLOW THE LAWS: VIOLATIONS OF CIVIL/CRIMINAL, INTERNATIONAL OR FOREIGN COUNTRY LAW

As a part of the larger community, students accept full responsibility for their own actions under federal, state, and local laws (U.S. or abroad). While affording reasonable advice to its members in difficulties with the law, the college provides no immunity from the consequences of illegal acts. The college does not provide legal counsel for its students. The college or the aggrieved party always has recourse to the civil authorities (U.S. or abroad) for violations of civil/criminal law.

ON-CAMPUS BEHAVIOR

A Beloit College student is expected to conduct themselves with due regard for the rights and sensibilities of other members of the college community. A student may not behave in a manner that denies or interferes with another member's expression of convictions, right to academic freedom, or the performance of the duties or functions of others.

A. Financial Obligations

All students are to meet all financial obligations to the college.

B. Prohibited Behavior

The following acts are strictly prohibited. Their commission will result in immediate investigation by the Director of Residential Life (or designated representative) and disciplinary action, if warranted. Individuals violating these student regulations and policies may face disciplinary action such as, but not limited to fines, warnings, probation, suspension, or expulsion (see Judicial System):

1. Violence, of any type, that is harmful to another member of the college community or any property of an individual, the college or the community.
2. Assault, which includes forced or coerced sexual contact; or the threat thereof against any member or guest of the college. (See also Sexual Assault/Misconduct Policy)
3. Sexual, personal, physical, emotional or psychological harassment, or the threat thereof, including hazing, against any member or guest of the college.
4. Phone or social media harassment which includes prank calls, threatening, obscene or otherwise harassing use of a phone or any social media platform.

5. Theft of or deliberate damage to college property or the property of any member or guest of the college.
6. Disorderly conduct which includes behavior that fails to treat other members of the community with courtesy or respect, or that fails to maintain the highest standards of honesty and integrity.
7. Lewd, indecent or obscene conduct.
8. Possession and/or use of dangerous weapons which includes, but is not limited to firearms (including anyone with a concealed carry permit) , pellet and BB guns, ammunition, knives, chemicals, explosives, fireworks, laser pointers, swords, paintball guns, and other objects or substances used as a weapon or in a dangerous manner.
9. Illegal possession and/or use and sale of any form of narcotics, barbiturate drugs, hallucinogenic drugs, marijuana, cocaine, date rape drugs such as Rohypnol (Roofies), GHB, or Ketamine and other dangerous drugs classified as illegal by local, state, or federal statutes.
10. Failure to comply with federal or state law, county or city ordinances, including but not limited to those governing alcoholic beverages and drugs.
11. Intentional misuse of or tampering with fire alarms or other safety equipment.
12. Unauthorized entry or use of campus equipment or facilities and possession of and/or use of unauthorized keys/key cards.
13. Knowingly giving entry to campus buildings or rooms to unauthorized persons.
14. Furnishing false information, or furnishing false academic or co-curricular credentials; intentionally making a false report of an emergency; forging, altering, misusing, or transferring to another person college identification, records, or documents. Acts of personal dishonesty – knowingly lying, cheating, academic and non-academic acts of plagiarism, providing false or misleading information.
15. Violation of housing contract regulations and agreement; failure to abide by the conditions of the Residence Hall application and agreements.
16. Failure to identify oneself properly, or to comply with the directions of a member of the college faculty or staff, particularly Residence Life and Security Staff or support staff requesting an appointment, acting in the performance of their duties.
17. Failure to comply with official academic or disciplinary sanctions.
18. Beloit College does not permit the unauthorized use of the college seal or logos, or official reference to the college, or the use of the college name in a manner that might imply official approval, authorization, or sponsorship of an activity or publication. This prohibition extends to references to Beloit College students or a Beloit College organization, whether officially recognized or not. Exceptions to this policy require written authorization from the head of Communications and Marketing or their designee. This policy includes, but is not limited to, public performances or statements, electronically distributed statements, printed matter, Internet Web pages, social media platforms, souvenirs, or merchandise.
19. Willful obstruction of the normal processes essential to the function of the college.

20. Intentional misuse and/or abuse of college regulations, policies and judicial system.

Repeated violations of the above regulations and policies will be considered when disciplinary action is taken, and may lead to more serious penalties. Collusion in disobeying any of the college's Regulations and Policies will be treated as the commission of the act.

Note: Potential complainants are reminded that the college's ability to effectively consider complaints can be impaired or negated by the passage of time.

OFF-CAMPUS BEHAVIOR

A Beloit College student is expected to obey all local, state, federal, international, and foreign country laws while on campus or off. Although a student's off-campus conduct ordinarily will not affect their college status, there may be occasions in which off-campus conduct is so destructive to the college or of such a nature as to indicate to the community that college disciplinary action must be taken. Even if civil/criminal action is pending, the college may take action if this appears to best serve the interests of the college and the students.

Offenses of such seriousness that they would normally be considered felony offenses will often be handled in civil courts. Examples of cases in this category include but are not limited to:

1. Forcible interference with the educational processes of the college.
2. Assault, rape/sexual assault, sexual misconduct, sexual abuse, hate crimes as defined under state and federal law.
3. Theft and aggravated criminal damage to property.
4. Willful or negligent actions that endanger the health and safety of other persons on, or off campus.
5. Use of explosives or firearms on, or off, campus property.
6. Arson.
7. Misuse of the college telephones, telephone fraud, and computer network misuse.
8. Breaking into and entering college buildings.
9. Drug and alcohol violations.
10. Tampering with fire safety equipment.

Some cases may be violations of both college regulations and civil law (U.S. or abroad). In these instances, including the ten listed above, the college reserves the right to hear the case on campus even though civil authorities may also have jurisdiction.

OFF-CAMPUS STUDY: STUDENTS ON DOMESTIC AND STUDENT EXCHANGE PROGRAMS

Students registered for Beloit College's domestic and study abroad programs are expected to comply with all of the college's policies and procedures and obey all local, state, federal, international and foreign country laws while they are away from campus.

Students registered for domestic and study abroad programs through Beloit College will notify Beloit's Director of International Programs (608) 363-2269 or the Director of Residence Life (608) 363-2350 by phone or email when violations of college policy occur and they wish to file a complaint. If an emergency exists and these individuals are not available, Beloit College Security can be notified (608) 363-2355.

While a student is away from campus on a domestic or study abroad program, disciplinary action may be taken by the college against an individual(s), accused of violating college policies or civil/criminal laws. Disciplinary procedures are outlined in the Student Handbook under "Judicial System."

COLLEGE POLICIES, APPEAL PROCEDURES, REGULATIONS

ACADEMIC

ACADEMIC HONESTY POLICY

1. Statement of Policy

In an academic institution, few offenses against the community are as serious as academic dishonesty. Such behavior is a direct attack upon the concept of learning and inquiry and casts doubts upon all measures of achievement. Beloit insists that only those who are committed to principles of honest scholarship may study at the college.

2. Acts of Academic Dishonesty

Cheating is an act of deception by which a student misrepresents that they have mastered information on an academic exercise that they have not mastered. For example, intentionally using or attempting to use unauthorized materials, information, or study aids in any academic exercise is considered cheating.

- a. Fabrication is the intentional use of invented information or the falsification of research or other findings with the intent to deceive.
- b. Plagiarism is the representation of someone else's words, ideas, or data as one's own work. When a student submits work for credit that includes the words, ideas, or data of others, the source of that information must be acknowledged through complete, accurate, and specific references, and, if verbatim statements are included, through quotation marks as well. By placing their name on work submitted for credit, the student certifies the originality of all work not otherwise identified by appropriate acknowledgments.
- c. Unauthorized audio or video recording of classes is prohibited. A student seeking to record any class must receive permission from the instructor before the recording takes place. If permission is granted for recording, all students in the class must be informed that the class is being recorded. Any recording is for the personal academic use of the individual student only, though the faculty member or the college may require the student to share the recording.
- d. Other acts that will not be tolerated include the theft and/or mutilation of any library material; willfully providing college officials with false, misleading or incomplete information; and forgery or falsification of grades, college records, or

documents. Collusion in any act of academic dishonesty will be treated as a commission of the act.

3. Action Taken by Instructor

- a. When an act of academic dishonesty appears to have occurred within the academic process, the individual instructor in whose class the violation took place shall discuss the apparent violation with the student as soon as possible and shall give the student an opportunity to explain their action.
- b. If the matter is not resolved after the instructor's discussion with the student, the instructor may consult with the Dean of Students. The instructor may refer the matter to the Dean of Students for further investigation and review, in which case the instructor shall state in writing the factual basis for their belief that a violation of the academic honesty policy has occurred.
- c. In cases where academic dishonesty is determined by the instructor of the course, the instructor may impose one or more of the following sanctions:
 - i. an oral reprimand;
 - ii. a written reprimand presented only to the student;
 - iii. an assignment to repeat the work, to be graded on its merits;
 - iv. a lower or failing grade on the test, project, or paper in question;
 - v. a lower grade in the course;
 - vi. a failing grade in the course.

Regardless of whether or not a sanction was imposed, the instructor shall then report the incident to the Dean of Students. This report shall include:

- i. any relevant materials (e.g. paper where plagiarism is noted along with links to plagiarized material, exams of two students accused of cheating);
- ii. a summary of the conversation that the faculty had with the student, and/or other communication (e.g. email) including when it took place.
- iii. the sanction imposed by the instructor (with some rationale).

The decision of the instructor will be noted and filed in the Dean of Students Office.

- d. A student who has been sanctioned by an instructor for an act of academic dishonesty may appeal to an ad hoc appeals committee within one week of receiving the instructor's decision, as outlined in Section 6.
- e. Individual instructors always retain the right to evaluate the student's work in the course.

4. Actions Taken when the Violation is not Course-Specific

Rarely do violations of the Academic Honesty policy occur out of a specific course context (e.g. submitting a modified transcript to an employer or graduate school). In these instances, the complainant shall report the violation and evidence of the violation to the Dean of Students office. The Dean of Students office will investigate, endeavor to

speak with the accused student, and render a sanction. As with other violations and sanctions, a student who has been sanctioned may appeal to an ad hoc appeals committee within one week of receiving the decision, as outlined in Section 6.

5. Action Taken by the Dean of Students

- a. The Dean of Students (or designee) shall meet with every student accused of and/or found in violation of the academic honesty policy. The dean may determine whether a sanction should be imposed beyond the sanction(s) imposed by the instructor. This determination is to be made after an investigation, review of any written or oral evidence, and discussion with the student and the complainant (typically a faculty member) or, the dean may refer the matter directly to the ad hoc appeals committee for a formal hearing as outlined in Section 6.
- b. The Dean of Students may impose any of the following sanctions:
 - i. a written reprimand presented only to the student and the relevant faculty member or other complainant; or a written reprimand with a copy sent to the advisor and the instructor; a copy of any written reprimand will be placed in the Dean of Students Office file;
 - ii. placement on disciplinary probation; in writing, sent to the student, advisor(s), and the instructor (or other complainant) with a copy placed in the Dean of Students office file.
 - iii. removal of the student from the course; with a written notice to the faculty member and advisor(s), the Registrar, and a copy placed in the Dean of Students office.
 - iv. suspension or dismissal from the college. Suspensions and dismissals may be immediate; suspensions may be up to one year. Note: students who are dismissed for violating the Academic Honesty Policy will have the following written on their transcript: "Dismissal for Violation of the College's Academic Honesty Policy".
 - v. The Dean of Students shall notify the complainant and the student of any decision to impose further sanction(s). A decision to impose sanctions made by the Dean of Students may be appealed by the student to an ad hoc appeals committee under Section 6.

6. Appeals

- a. Students wishing to appeal a decision made by the Dean of Students, or by their Designee, or a sanction imposed by an instructor for a violation of the Academic Honesty Policy must notify the Dean of Students. Appeals shall be made in writing and within one week of receiving the decision of the dean of students or the instructor. The notification should contain an explanation of the rationale for appeal. *The appeal is to specify whether the student is appealing the violation, the sanction applied, or both.*

- b.** An appeals committee shall be established, consisting of the faculty members of the Academic Performance Committee, two student representatives – Academic Senators or members of the Beloit Student Government, and an Associate Dean of Academic Affairs, who will serve as chair of the hearings and voting member in case of a tie. If any faculty member or student member has a conflict of interest the Chair shall designate an alternate to serve in the member’s stead. Preference will be given to those who have been trained regarding the appeals process.
- c.** The Dean of Students shall notify the complainant of the student’s intent to appeal no more than three (3) business days after the student has indicated their intent.
- d.** The appeals committee may proceed independently to secure evidence for the hearing. Members of the appeals committee, the complainant, the Dean of Students or their designee, and the appealing student shall have access to any evidence secured by the committee or by any party at least three (3) business days before the hearing.
- e.** The student charged with a violation of the Academic Honesty Policy may request, when needed, the aid of the chair of the appeals committee in obtaining the information necessary to answer the charges made against them or requesting the attendance of witnesses at the hearing. When a witness is unable to attend a scheduled hearing, the witness may make a written and signed statement that may be submitted to the appeals committee and shared with all parties at least three (3) business days before the hearing.

Witnesses are to be limited to those who have direct knowledge of the situation (e.g. not “character” witnesses). When the student is appealing the decision or sanction of the Dean of Students or designee, that person will normally be called as a witness to explain their decision-making.

- f.** The student is to respond to any queries or prompts from the committee chair within two (2) business days of each request. The student must cooperate with setting a hearing time/date, within three (3) weeks of the appeal.
- g.** The appealing student shall have the option of being accompanied by a member of the college’s faculty, staff, or student body. That support person is prevented from speaking, except to the student, during the process. Members outside of the college community (e.g. lawyers, parents) are not allowed to accompany the student in the hearing.
- h.** The student and the appeals committee members shall have the right, within reasonable limits set by the chair, to question all witnesses who testify orally.
- i.** An audio recording of the proceedings shall be kept by the chair of the appeals committee until any appeal has been concluded and by the dean of students following the appeal. Ordinarily, no transcript shall be printed.

- j. The appeals committee shall deliberate in closed session. The committee's decision shall be based on the hearing, the evidence, witness testimony, and the papers filed by the parties.
- k. The appeals committee will render one of three decisions: uphold the original decision, modify the original decision, or overturn the original decision. The latter two options could result in a new finding such as responsible or not responsible, sanction(s) being removed, or sanction(s) being added or increased. Under all circumstances, the appeals committee decision is final.
- l. The appeals committee shall issue its decision in writing, which shall contain its findings of facts, conclusions, and actions, within two (2) weeks (ten business days) of the hearing. The decision shall be sent to the student, the complainant, the registrar, and the dean of students office. If the student is dismissed, the final transcript shall reflect the committee's decisions. The decision of the committee is final.

7. Summer and Vacation Disciplinary Process

The Dean of Students, or designee, shall investigate and determine any sanction for all violations of the College's Academic Honesty Policy referred to them by an instructor during the last week of classes, exam periods, or vacation periods. A student may appeal the dean of students' decision to the provost. All appeals must be in writing within 5 business days of being notified of the decision by the dean of students. The provost has thirty (30) business days to review evidence and render a decision. The provost's decision is final.

8. Dishonesty during the appeals process

If a student violates the Academic Honesty policy, presents false evidence, or provides statements found to be untrue during the process (with the faculty member/complainant, Dean of Students or their designee, the provost, and/or during the appeals hearing), additional sanctions may be applied. When additional sanctions are applied, the student may appeal those sanctions in accordance with Section 6, but sanctions determined prior to the finding of false evidence (e.g. suspended) will be in force while this additional appeal is being processed.

9. Academic Honesty violations and Late Drop Requests

As part of the Academic Performance Committee's (APC) practice, APC is to be informed by the Dean of Students office when a student applying for a late drop has also violated the Academic Honesty policy in that class so that the committee has a full context in which to consider the drop request.

10. Transcript Notation and Restriction on Issuance of Transcript

When a student is dismissed for violation of the Academic Honesty Policy, a notation of "dismissal for violation of the college's academic honesty policy" shall be placed on the

student's transcript. If a student chooses to pursue an appeal, no transcript shall be issued until the appeals process is completed.

11. Readmission

Students who have been dismissed for violation of the Academic Honesty Policy may apply to the Academic Performance Committee for readmission to the college no earlier than one year after the academic dismissal. Students may be readmitted on the approval of the committee, which will consider each application on an individual basis. Students seeking readmission should contact the office of the dean of students.

Reviewed/updated August 2021

CLASS ATTENDANCE POLICY

Attendance at classes is required and is considered an essential component for each course. Failure to attend classes may affect the final grade, depending on the policy of the instructor of each course. If at any point before the add deadline a student has missed more than half of the scheduled class sessions, an instructor may, in consultation with the student's advisor, drop a student from a course. The instructor shall submit a drop card to the Registrar's Office, signed by both the instructor and the student's advisor. The Registrar's Office shall notify the student about the instructor-initiated drop. (**Note:** The intent of this policy is to enable faculty, during the first week of classes, to enroll a waitlisted student in place of an enrolled student who has absences as described above). If the student does not plan to attend a class they should follow regular drop procedures unless they have received written notice that they have been officially dropped from a class.

Each instructor should report to the Dean of Students Office (deanstu@beloit.edu or via an alert slip) any excessive number of absences which, in the opinion of the instructor, affect the student's work. Negligence in attendance indicates that the student is not attempting to fulfill course requirements. Continued indifference to attendance obligations may result in separation of a student from the college. A student who discontinues attendance in a course without officially withdrawing may receive an "F" in the course.

When a student has an emergency (death in the family, severe illness or other compelling circumstance), the student should notify the Dean of Students Office (deanstu@beloit.edu), who shall inform various administrative offices and the student's instructor(s) and advisor(s) about the absence. However, all absences, including emergencies, are evaluated by the instructor. It is the student's responsibility to notify the instructor in advance whenever possible about an absence. In all cases, the student is responsible for course work missed.

Excused absences for religious holidays must be arranged in advance with individual faculty members. Faculty members are encouraged to be sensitive to students' religious preferences, and will, if at all possible, accommodate student requests for an excused absence. Faculty members will also make every effort not to schedule exams or quizzes on religious holidays when a student's desire to observe that holiday has been expressed. However, the final decision to schedule an exam or quiz rests with the faculty member.

COLLABORATIVE RESEARCH POLICY

At Beloit College, we encourage collaboration in research, other scholarly endeavors, and artistic activity that joins the interests, energy, and talents of two or more faculty (or staff) members or faculty and students. We view such collaboration as an important educational activity for students and a valued part of their scholarly development.

Because of the importance of such activity, and its evaluation by others through publication and public presentation, we expect that certain ground rules will be followed in collaborative research.

- 1.** Collaborative research involving faculty members at Beloit College should involve a full understanding about authorship, order of authorship, and all mutual obligations and responsibilities as the collaboration begins. Responsibility for achieving such understanding is left to the faculty members involved.
- 2.** While collaborative research between faculty and students is to be fully encouraged and supported, it differs from collaboration involving only faculty because of inherent differences in authority and power. Therefore, it requires certain specifications as to what the college expects:
 - a.** Understanding about responsibility, authorship, and other elements of collaboration is to be reached by those faculty and students involved in a project as it begins. Such discussions are regarded as part of the professional education of students.
 - b.** Whenever a student makes an important contribution to the design of a collaborative research project or to the interpretation of its results, that student should receive a significant acknowledgment including, when appropriate, joint authorship. Whenever their labor is primarily responsible for the success of the project, such credit should be similarly given.
 - c.** In those instances, when student contributions are more diffuse, e.g., when each member of a class makes a contribution to a project by interviewing or performing a similar effort, any publication or paper should include an acknowledgment of that contribution, either individually (especially if numbers are small) or collectively.
 - d.** In those instances, when a student collaborator feels that they are not receiving the rights specified by this policy, the student should discuss the situation with their faculty collaborator. If that discussion does not resolve the issue, the student should approach the chair of the department or the provost if the department chair is the faculty collaborator in question, to see if the issue can be resolved to everyone's mutual satisfaction. If this is not possible, the matter will be referred to the

Faculty Status and Performance Committee for arbitration. The decision of the committee will be final.

3. Authorship should be credited only to those who are directly involved in the research, are familiar with its execution and results, and are accountable for its conclusions.
4. Students from other institutions, collegiate and pre-collegiate, who work in research and other collaborative projects directed by a faculty member from Beloit College are to be included in this policy.

NOTE: A Beloit College student working on research projects elsewhere cannot be so protected, but the student is encouraged to discuss Beloit's expectations with their supervisor at the beginning of the project.

STUDENT RECORDS AND TRANSCRIPTS

The Beloit College administrative policy manual states: Permanent records are confidential between the student and the college. A student may request transcripts of their permanent academic records at any time; however, transcripts will not be released without the student's authorizing signature. Pursuant to the Family Educational Rights and Privacy Act of 1974, and by appointment with the registrar, students are entitled to review those records, files, documents, and other materials which contain information directly related to the student and maintained by the college. (see Privacy of and Access to Student Educational Records Policy) Students may challenge information considered inaccurate or misleading, and if the custodian of the record refuses a request for modification or removal of the information, the student may file an appeal, or place a written explanation of the challenge in the file.

Parents often have a financial and personal investment in their son/daughter's academic progress. Beloit College encourages students to inform parents about their academic progress. The college will not release academic information to parents without student consent except when a student is in a medical emergency.

College "directory information" may be made available to the public unless a student acts to restrict such a release by written notice to the registrar by the end of the first week of classes during any given semester. "Directory information" includes the student's name, address, telephone listing, date of birth, academic major, participation in officially recognized sports and other activities, weight and height of members of athletic teams, dates of attendance, degrees and awards received, and the most recent previous educational agency or institution attended, and enrollment status (part time/full time).

Students or parents who have questions about this policy or concerns about academic success may contact the dean of students, associate dean of students and the Registrar or their advisor.

PRIVACY OF AND ACCESS TO STUDENT EDUCATIONAL RECORDS POLICY

General Policy

Beloit College recognizes that the protection of the rights of persons requires adherence to clearly formulated institutional policies governing the maintenance of student records. As provided more fully below, the privacy and confidentiality of all student records shall be preserved. Faculty and staff of the college are bound to respect the rights of a student's good reputation and privacy by holding in confidence information they acquire in the course of their work.

Federal Law

Beloit College informs students of the Family Educational Rights and Privacy Act (FERPA) of 1974 (20 U.S.C. 1232g and 34 C.F.R., 99.1-99.67), as amended, in the student handbook. This Act, with which the institution endeavors to fully comply, was designed to protect the privacy of educational records, and to establish the right of students to inspect and review their educational records. The Act also provides guidelines for the correction of inaccurate or misleading data through informal and formal processes. Students have the right to file complaints with the Family Policy Compliance Office, U.S. Department of Education, concerning alleged failures by the institution to comply with the Act.

<http://www2.ed.gov/policy/gen/guid/fpco/ferpa/index.html>

Requests for disclosure from non-college constituencies and student informal complaints should be directed to the Registrar.

Definitions

- A student is any person who attends or has attended the college.
- Education records are any records (in handwriting, print, tapes, film, computer, or other medium) maintained by Beloit College or an agent of the college which is directly related to a student except:
 1. A personal record kept by a faculty or staff member, if it is kept in the sole possession of the maker of the record, is not accessible or revealed to any other person except a temporary substitute for the maker of the record, and is not used for purposes other than a memory or reference tool.
 2. Records created and maintained by the Beloit College Security Office, if the record is maintained solely for law enforcement purposes and is revealed only to law enforcement agencies of the same jurisdiction.
 3. An employment record of an individual whose employment is not contingent on the fact that they are a student provided the record is used only in relation to the individual's employment.

4. Records made or maintained by the Health and Wellness Center, if the records are used only for treatment of a student and made available only to those persons providing the treatment.
5. Alumni records which contain information about a student after they are no longer in attendance at the college and which do not relate to the person as a student.

Directory Information

The college has designated the following as directory information: name of student, address (both local and permanent), telephone number (both local and permanent), date of birth, dates of registered attendance, major field of study, degrees and awards received, participation in officially recognized activities and sports, weight and height of members of athletic teams, the most recent previous educational institution attended, and enrollment status (e.g. full-time/part-time).

The policy that such information may be disclosed by the college without prior written consent will be communicated to presently enrolled students through the publication of these guidelines in the student handbook, so that an individual student currently enrolled may file a written request with the Office of the Registrar by the end of the first week of classes in any given semester, if they do not want directory information to be disclosed and/or does not want address information listed in the student directory.

Students who do not want directory information disclosed after they leave the college should make such a request in writing to the Registrar during their final term at the college.

Types, Locations, and Custodians of Education Records

1. Official academic records are maintained in the Office of the Registrar, 2nd floor, Pearsons Hall. They include admission applications and associated documentation; the completed forms of registration for each semester in residence; the records of grades and credits received in courses at this college or accepted here from another institution; and other documents directly relating to academic progress and status. Relevant records in the student folder, such as student's applications, transcripts from another institution, and test score reported, are shared with faculty and staff members serving as a student's academic advisor. Student folders are transferred to the Alumni Office, 613 College Street, three (3) years after graduation or withdrawal; these records include admission applications and associated documentation, as well as other official correspondence.
2. Disciplinary records are maintained under the authority of the Dean of Students and their designee(s), 2nd floor, Pearsons Hall and Residential Life Office, 1st floor Porter Hall. They include information about the investigation, adjudication and imposition of sanctions by the college against a student for breach of the college's written policies.
3. Financial records are maintained by the Accounting Office, 2nd floor, Pearsons Hall.

4. Financial aid application records, including tax forms, and work-study authorizations are maintained by the Financial Aid Office, 2nd floor, Pearsons Hall.
5. Employment records contingent on student status are maintained by the Office of Human Resources, Pearsons Hall, 3rd floor.
6. The student records maintained at the student's request by the Career Development section of the Career and Community Engagement Center at Pearsons Hall, 1st floor, are treated separately below.
7. Housing records are maintained by the Office of Residential Life, 1st floor, Porter Hall.
8. Occasional records, such as copies of correspondence in offices not listed, may be made available for inspection and review.

Users of the Jenzabar Student Records System are considered custodians of those student records to which they have access. Records should not be accessed by the user unless a legitimate educational interest exists or some other provision of the policy authorizing release applies.

Career Development

The file of a student maintained in the Career Development section of the Career and Community Engagement Center is assembled at the initiative of the student. The extent of disclosure to prospective employers, graduate schools, organizations awarding fellowships and the like shall be made clear to the student when their self-requests that the file be assembled and shall be agreed to by themselves on a form specifically provided for that purpose.

The student may make a specific waiver of access to evaluations solicited and/or received under condition of confidentiality, but the waiver must be made by the student without pressure or coercion. Any evaluation received under such condition of confidentiality without the student's waiver of access or without the student's knowledge shall not be incorporated in the file but shall be returned to the sender.

Disclosure of Education Records

Beloit College will disclose non-directory information from a student's education records only with the written consent of the student, except that the records may be disclosed without consent when the disclosure is:

1. To school officials who have a legitimate educational interest in the records.

A school official is:

 - A person employed by the college in an administrative, supervisory, academic or research, or support staff position, including health or medical staff.
 - A person elected to the Board of Trustees.
 - A person employed by or under contract to the college to perform a special task, such as an attorney or auditor.

- A student serving on an official committee, such as a disciplinary or grievance committee, or who is assisting another school official in performing their tasks.

A school official has a legitimate educational interest if the official is:

- Performing a task that is specified in their position description or contract agreement.
- Performing a task related to a student's education.
- Performing a task related to the discipline of a student.
- Providing a service or benefit relating to the student or student's family, such as health care, counseling, job placement, or financial aid.
- Maintaining the safety and security of the campus.

The determination as to whether or not a legitimate educational interest exists will be made by the custodian of the records on a case by case basis. When the custodian has any question regarding the request, the custodian should withhold disclosure unless the custodian obtains consent from the student, or the concurrence of a supervisor or other appropriate official that the record may be released.

2. To officials of another school, upon request, in which a student seeks or intends to enroll. The student shall receive notification of the disclosure unless the student initiated the disclosure.
3. To certain officials of the Comptroller General of the United States, the U.S. Department of Education, and state and local educational authorities, in connection with certain state or federally supported education programs, and authorized representatives of the Attorney General for law enforcement purposes.
4. To school officials or lending institutions, in connection with financial aid for which the student has applied or which the student has received, if the information is necessary for such purposes as to determine the eligibility, amount, or conditions of the financial aid, or to enforce the terms and conditions of the aid.
5. To state and local officials or authorities to which such information is specifically required to be reported or disclosed pursuant to state statute adopted prior to November 19, 1974.
6. To organizations conducting studies for, or on behalf of, the college, if such studies are conducted in such a manner as will not permit the personal identification of students and their parents by persons other than representatives of such organizations and such information will be destroyed when no longer needed for the purpose for which it is conducted.
7. To accrediting organizations in order to carry out their accrediting functions.
8. To comply with a judicial order or lawfully issued subpoena, provided the college makes a reasonable effort to notify the student of the order or subpoena in advance of compliance. Notification may be prohibited if the college receives a federal grand jury subpoena or any other subpoena which states that the student should not be notified.

9. To an alleged victim of any crime of violence as that term is defined in Section 16 of Title 18, United States Code, or a non-forcible sex offense, the final results of any disciplinary proceeding conducted by an institution of postsecondary education against the alleged perpetrator of that crime or offense with respect to that crime or offense.
10. To Veterans Administration Officials pursuant to 38 USC 3690 (c).
11. To the court those records that are necessary to defend the institution when a student initiates legal action against the institution.
12. To medical, emergency, law enforcement, or other appropriate personnel in connection with an emergency, if the knowledge of such information is necessary to protect the health or safety of the student or others under terms described below.
13. To the Attorney General or any other designated federal officer, who has obtained an ex parte judicial order for access to education records in the investigation of an act of domestic or international terrorism, under the terms defined in the "Patriot Act" of October 2001.

Disclosure of Education Records in an Emergency

The privacy of all records may be broken at a time of emergency defined in terms of the following considerations:

1. The seriousness of the threat to health or safety of the student and others.
2. The need for access to the record in meeting the emergency.
3. Whether the person requesting the records is in a position to deal with the emergency.
4. The extent to which time is of the essence in dealing with the emergency.

Under the provisions of FERPA, if any law enforcement agency requesting student education records states in writing that this information is necessary in order to "protect the health and safety of the student or other individual"; the college will provide the requested information.

Parental Notification

The college will not release educational record information to parents without student consent. Except when a student is (1) in a medical emergency; or (2) serious or second offense of the alcohol policy.

Students who wish to release educational record information to parents, may do so by signing a release statement in the Dean of Students office may choose which portions of their educational record information they wish to have released.

Right of the College to Refuse Student Access to Records

Beloit College reserves the right to refuse to permit a student to inspect the following records:

1. Record of parents' financial status.
2. Any and all documents for which the student has waived their right of access, or which were placed in the file before January 1, 1975.

3. Records connected with an application to attend the college, if that application was denied, or accepted and the applicant never enrolled.
4. Those records which are excluded from the FERPA definition of education records.

Student Access to Records

Students wishing to have access to their educational record information should contact the Registrar.

Except as described above, access to a student's official academic record, disciplinary record, and financial aid record is guaranteed to themselves only to reasonable regulation as to time, place, and supervision.

A student may inspect and review their education records upon written request to the appropriate record custodian within the college. The request should identify as precisely as possible the record or records they wish to inspect.

No documents or files may be altered or removed once a request has been filed.

The record custodian or a designated college staff person will make the needed arrangements for access as promptly as possible and notify the student of the time and place where the records may be inspected. Access must be given in 45 days or less from the receipt of the request.

When a record contains information about more than one student, the student may inspect and review only the records which relate to them.

Refusal to Provide Copies

Beloit College reserves the right to deny transcripts or copies of records not required to be made available by the FERPA in the following situations:

1. The student has an unpaid financial obligation to the college.
2. There is an unresolved disciplinary action against the student.

Fees for Copies of Records

A fee of \$5.00 is charged for official transcripts. The fee for copies of other educational records is \$0.25 per page plus any applicable postage. These fees are subject to change.

Correction of Education Records

If, upon inspection and review of their record, the student believes that the record is inaccurate, misleading or otherwise in violation of their privacy rights, they may ask that the record be changed or may insert a statement in the file. Any disagreement should be resolved informally, if possible, through a meeting between the student and the person (or their designee) responsible for the maintenance of the record segment in question.

Only the Registrar, upon consultation with the Provost of the College, may authorize a correction in a record within the academic file of a student. Similar responsibility is exercised by the Dean of Students, the Director of Admissions, the Director of Financial Aid, and the Vice President of Human Resources and Operations for the records which are maintained under their authority.

Should the request for a change be denied, the student will be notified of the college's decision and advised of the right to a hearing to challenge the information believed to be inaccurate, misleading or in violation of the student's privacy rights. Upon the student's written request, the college will arrange for a hearing and notify the student, reasonably in advance, of the date, place, and time of the hearing. The hearing committee will be composed of three members of the Academic Performance Committee who are disinterested parties. The student shall be afforded a full and fair opportunity to present evidence relevant to the issues raised in the original request to amend the student's education records. The college will prepare a written decision based solely on the evidence presented at the hearing. The decision will include a summary of the evidence presented and reasons for the decision. The decision of the hearing committee shall be final.

If the college decides that the information is inaccurate, misleading, or in violation of the student's right of privacy, it will amend the record and notify the student, in writing, that the record has been amended. If the college decides that the challenged information is not inaccurate, misleading or in violation of the student's right of privacy, it will notify the student of the right to place in the record a statement commenting on the challenged information and a statement setting forth reasons for disagreeing with the decision. Such a statement shall become a part of the information contained in the education record and will be disclosed with it.

Record Keeping Requirements

The appropriate records custodian will maintain a record of requests for and/or disclosures of information from a student's education records. The record will indicate the name of the party making the request and what records, if any, were received, the legitimate interest in the records, any additional party to whom it may be re-disclosed, and the legitimate interest the additional party had in requesting or obtaining the information. The record may be reviewed by the student. This record keeping is not required if the request was from, or the disclosure was to:

- a. the student;
- b. a school official determined to have a legitimate educational interest;
- c. a party with written consent from the student;
- d. a party seeking directory information or;
- e. a Federal grand jury or law enforcement agency pursuant to a subpoena that by its terms requires nondisclosure.

Information About This Policy

The Office of the Registrar will maintain general information concerning the federal law and the College's policy as contained in these guidelines. It will make available a file containing the

Act and the regulations of the Secretary of the Department of Education and will refer students desirous of examining their records to the office of the appropriate administrative official. At the present time the following are the administrative officials concerned:

- Dean of Students: Cecil Youngblood
- Registrar: Mary Boros-Kazai
- Comptroller: TBA
- Director of Career Works: Jessica Fox-Wilson
- Director of Financial Aid: Deb Dew
- Vice President of Human Resources and Operations: Lori Rhead

TECHNOLOGY USE

COMPUTER USE POLICY

(POLICY ON ETHICAL USE OF COMPUTING AND INFORMATION RESOURCES AND PRIVILEGES)

Access to computing facilities and associated resources is provided as a privilege to members of the Beloit College community. The college provides these resources to support its educational mission. It is expected that users will obey all rules and regulations pertaining to the appropriate use of these facilities. This involves using the facilities in a manner that is consistent with all college policies, with policies of other networks (e.g., WISNET, Internet), and state and federal laws. Every user is responsible for helping to ensure that these resources are used appropriately; this includes prompt reporting of instances where it is believed an abuse has occurred. If users are in doubt as to whether a particular proposed use is appropriate, they should check with Library and Information Technology Services (LITS) before the proposed use is undertaken. Misuse of computing facilities (whether or not they are directly college owned) will constitute just cause for disciplinary action by Beloit College in addition to any legal enforcement by local, state, or federal authorities.

The following are guidelines for the appropriate use of computing facilities:

1. Use facilities and services only for the purposes for which you are authorized.

Violations include:

- using another person's account or attempting to capture/guess other users' passwords;
- circumventing normal resource limits, log on procedures, and security regulations;
- trying to obscure your true identity as the sender of electronic mail or the user of other networked services that request identification;
- using college computing resources for unauthorized commercial purposes;
- using the college's computing resources to harass, intimidate, or threaten other users.

2. Respect the privacy of other users. Files, tapes, disks, email, information, programs, and data owned by individual users should be considered private, whether or not the information is accessible by other users. The Electronic Communications Privacy Act places electronic mail in the same category as messages delivered by the US Postal

Service. Tampering with email, interfering with or intercepting its delivery, and using email for criminal purposes may be felony offenses. See the second paragraph of Procedures for further information about privacy.

3. Respect the rights of others to make use of these resources.

Violations include:

- placing obscene or harassing material in areas that can be/are publicly accessed;
- sending/forwarding chain letters or deliberately flooding a user with automatically generated mail;
- printing or sending excessive copies of documents, files, data, or programs;
- unauthorized attempts to modify or remove computer equipment;
- attempting to degrade or disrupt system security or performance;
- damaging or vandalizing college computing facilities, equipment, software, or computer files.

4. Respect appropriate copyright laws, licenses, confidentiality, and trade secret agreements. Much of the software and data that resides on the college's computer facilities is protected by copyright laws and license agreements and may not be copied from, into, or by using campus computing facilities, except as permitted by law or by license from the owner of the copyright. The number of copies and distribution of the copies may not be done in such a way that the number of simultaneous users exceeds the number allowed.

5. Obey established guidelines for any networks or systems used inside or outside the college. Accessing computers, software, data or information, or networks without proper authorization, regardless of whether any damage is done or whether the computer, software, data, information, or network in question is owned by the college, will be treated as an abuse of your Beloit College computing privileges. Violating guidelines of non-college networks or systems, even if using non-college resources, may be grounds for revocation or suspension of college computing privileges.

6. In addition to the rules outlined above, system administrators must take reasonable and appropriate steps to see that all license agreements are faithfully executed on all systems, networks, and servers for which they have responsibility. They must take reasonable precautions to guard against corruption of data or software, damage to hardware or facilities of the college, and illegal copying of college software. They must implement college policies as related to these computer systems and must treat information about and information stored by the system's users as confidential.

- Anyone authorized to add or delete files from a hard drive of a college computer that is regularly available to more than one individual is acting as a system administrator. System administrators are those who perform functions

on college computer equipment including, but not limited to, installing hardware and software, managing a computer or network, and keeping a computer operational.

- In the normal course of working with the college's networks and computers, the staff responsible for maintaining those systems may come across and see information stored on college-owned equipment, as well as on personal equipment that is connected to the college network. Unless there are suspected violations of law or college policy, the staff shall respect the privacy of the individual. Should the faculty or staff member overseeing these systems suspect such violations, the procedures of the next section shall apply.

Procedures When Abuse/Misuse is Suspected

When there is an indication that misuse has occurred, the alleged offense is to be reported immediately to the Chief Information Officer and to the appropriate member of senior staff. If there is a reason to believe a person's safety is at risk, Security will also be notified. Information Services and Resources and the appropriate senior staff member shall investigate the incident and may restrict a user's computing privileges.

If an emergency entry is urgently needed to preserve the integrity of facilities or to preserve public health and safety, (LITS) staff may access files or computer components on, or attached to, the college network without the consent of the user. The college, through the Chief Information Officer, will log all instances of investigative access without consent. Faculty or staff overseeing the college's network servers will also log any emergency entry within their control for subsequent review as soon as possible by the President or appropriate Vice President.

When an alleged offense is reported, Library, Information & Technology services staff may make copies of the alleged offender's files to preserve evidence. In order to preserve privacy staff may access or read any copied files without authorization from the appropriate senior administrator.

Some instances in which computer resources are used inappropriately may lead to disciplinary action in two different venues (e.g., computer-assisted plagiarism, such as copying a computer file and using it as a model or submitting it as your own work without attribution, could result in disciplinary action according to Academic Honesty guidelines as well as this policy).

Disciplinary action may include loss of computing privileges and other sanctions up to and including non-reappointment, discharge, and/or dismissal. Alleged student misuses will be handled according to the college's judicial system procedures. Alleged faculty misuses will be handled according to the college's procedures for evaluation, termination or non-renewal. If the alleged misuse by a member of the faculty or staff involves harassment, it will be handled according to the procedures in the policy on personal harassment.

Abusers of the college's computing resources may also be liable for civil or criminal prosecution. It should be understood that nothing in this policy can preclude enforcement under federal, state, and local laws and regulations.

COPYRIGHT LAW GUIDELINES POLICY

Downloading and/or sharing copies of music, movies, or other intellectual property that you do not either (1) have permission to download and/or share, or (b) own the copyright to is illegal and violates college policy. Purchasing a song or a CD does NOT entitle the purchaser to redistribute copies.

Beloit College passes along to students any notices received of possible infringing activity. Students are responsible for following up with the notifying organization, if necessary. Students who repeatedly receive violation notices risk a range of penalties, ranging from mandatory software removal to suspension of their campus network account to suspension or expulsion.

Students receiving three or more violation notices must meet with the Dean of Students and work with ISR staff in order to ensure that the offending material is removed from their computer and that music/online content management systems are set to not share files.

Information Services and Resources strongly encourages the Beloit community to respect the copyrights and intellectual property rights of those who create content and use these legal services.

Copyright Law

Most music and videos available online today are protected by copyright law. To ensure you are legal, make sure you have legally purchased the file you are downloading or have contracted the copyright holder for permission to share the file.

MEDIA DEVICES POLICY

Common courtesy and respect governs the use of media devices on campus. Media devices must be turned off during classes, lectures, theatre and music performances, and all special events. Any questions or concerns about the use of a media device during instructional time should be directed to your professor(s).

Media devices equipped with a digital camera may not be used to take or share/post inappropriate or unauthorized pictures (i.e., in locker rooms). Such usage may result in disciplinary action under the College's Sexual Misconduct Policy.

College officials will communicate with students via email. Beloit Link will be the official median of communication for student organizations. The emergency warning system for cell phones will be used if necessary to directly contact students. In order to facilitate campus communication, student-provided cell phone numbers will be available to faculty, staff, and campus offices. These cell phone numbers will not be available to the public through directory information. Students are to keep their emergency contact information (including their cell phone number) updated via their Portal page.

ALCOHOL, SMOKING, AND ILLEGAL SUBSTANCES

ALCOHOL POLICY

Alcohol Use On-Campus

Beloit College is committed to maintaining a living, learning, and working environment free from alcohol abuse, or its unlawful use, because these uses are detrimental to students' health, safety, and academic success. As an educational institution, we place a great deal of responsibility and trust in students to make decisions about drinking alcohol that are in their best interest academically and socially. Any sort of peer pressure to use alcohol violates the college's expectation, as does irresponsible use of alcohol, whether or not the student is of legal age to drink.

Beloit defines responsible alcohol use as:

1. maintaining control and drinking no more than one average size drink per hour;
2. not using alcohol as the focus of the event;
3. paying careful attention to what you are drinking and being aware of how it is affecting your body and behavior.

In order to ensure a safe and positive environment for all students, irresponsible behavior involving alcohol should be confronted by members of the college community, including students, faculty, and staff. Bystanders are expected to intervene; watching out for each other has been common practice and must continue. Students should seek out help when needed, support others, and challenge behaviors that might lead to unwanted outcomes. Students are encouraged to enlist the aid of security and residence life staff to help in confronting irresponsible use of alcohol.

ALCOHOL POLICY*

The Wisconsin drinking age is 21 years of age. Underage drinking violates college policy, since Beloit College, its students, faculty and staff are subject to all laws of the State of Wisconsin regarding possession, consumption, sale and distribution of alcoholic beverages. All students are required to show proof of age when purchasing, or accepting alcoholic beverages on campus. Students who fail to provide this information or use false information violate the law and/or college policy are liable for disciplinary action.

Beloit College does not promote the use of alcohol nor condone the abuse of alcohol. As adults, students should know and abide by the Wisconsin state law and make an informed, responsible decision regarding alcohol. All community members are expected to respect the rights of those individuals who choose not to use alcoholic beverages.

Wisconsin State Law

The Wisconsin state law concerning alcoholic beverages is applicable on-and-off the campus. A [complete copy of the state statute](#) can be found on the Wisconsin State Legislature website.

The unlawful possession, use, distribution, manufacture of, or dispensing of alcohol and illicit drugs by students or employees on college property or as a part of college activities is prohibited. Individuals who violate local, state or federal laws concerning the unlawful possession, use, distribution, manufacture, or dispensing of alcohol and illicit drugs are subject to arrest and/or college disciplinary action, which may result in sanctions up to and including required substance abuse treatment and/or suspension from the college.

Regulations

More explicitly, the following behaviors violate college policy, whether or not a student is of legal age to consume alcohol, because they are examples of irresponsible, even dangerous or abusive, alcohol use.

1. Using alcoholic beverages as the primary focus of any activity, such as playing drinking games. Kegs and other common sources of alcohol tend to be the focus of the events at which they can be found and they are not permitted.
2. Pressuring others to drink; pressure means exerting direct or nonverbal pressure to consume alcohol.
3. Drinking hard liquor directly from the bottle (non-single serving size), or multiple shots.
4. Mixing alcohol with energy drinks.
5. Consuming or being under the influence of alcohol in academic buildings.
6. Driving on or off campus while intoxicated.
7. Displaying violent, inappropriate or other kinds of offensive behavior. Intoxication does not absolve the drinker of responsibility for their actions.
8. Repeated instances of alcohol consumption interfering with academic performance or interpersonal/social interactions.
9. Being severely intoxicated, indicated by actions or behaviors such as but not limited to:
 - Stumbling while walking or falling down
 - Difficulty standing up, disoriented
 - Lack of awareness about surroundings
 - Inability to state or recall basic personal information such as name, address, telephone, birthdate, hometown, etc.
 - Slurring of speech, loud speech, rambling train of thought
 - Belligerent/aggressive behavior
 - Vomiting
 - Unconsciousness

- Difficulty remembering, loss of memory about recent events or actions/behaviors of self and others during or prior to an event
- 10. Drinks with a high alcohol concentration are not allowed, including alcohol lacking color and odor, pure grain alcohol (i.e. Everclear), any distilled liquor exceeding 100 proof (50% alcohol), or other mixed drinks with a high concentration of alcohol. These drinks can be more potent than expected.
- 11. Serving alcohol to other students is prohibited.

Discipline and Sanctions

As members of the college community we expect you to make decisions about alcohol use with care and concern for yourself and those around you. As in any community, there may be those whose decisions about alcohol conflict with the college and community standards and violate college policy or Wisconsin state law. We encourage you to talk with those who may be having difficulty with their alcohol use or their alcohol decisions and to confront or seek help for those whose behavior may be damaging to themselves or the community.

The normal judicial processes, described here in the Student Handbook, will be used to respond to violations of the alcohol policy. Though the full range of sanctions are possible, including a discussion with parents (for which there is a FERPA exemption), the usual sanctions associated with alcohol policy violations include, but are not limited to:

- | | |
|---|---|
| <ul style="list-style-type: none"> • Alcohol/Drug Screening • Drug Testing • Required counselling • Community Service with Facilities • Conversations on responsible drinking, social norming, etc. • Apology letters • Writing an educational essay about alcohol • Brainstorming list of alternative behavior • Participating in alcohol education class | <ul style="list-style-type: none"> • Notification of parents • Notification of faculty advisor • Restriction on participation in non-class activities • Probation • Suspension • Agreed break from drinking (with penalties if drinking again) • Review of age requirements and sanction for underage consumption • Change residence room/disciplinary transfer |
|---|---|

Violations of college policy where alcohol is one element of the incident may result in more serious disciplinary action with possible sanctions that may include restitution, probation, suspension, or dismissal. Violation of the alcohol policy, coupled with other

policy violations, may be treated as two separate offenses, with appropriate sanctions for each violation.

Good Samaritan Policy

All members of the campus community are encouraged to immediately seek medical or security assistance for students whose health and well-being may be at risk due to the over-consumption of alcohol and/or drugs. Taking responsibility for helping a student in need will always be viewed positively in any post-incident follow-up, including those incidents where the “Good Samaritan” and/or the person needing emergency assistance may have violated the college policy(s).

Alcohol in Academic Buildings

Alcoholic beverages may not be served or consumed in academic areas unless prior approval is received from the Department/Division Chair or Provost. In any other areas, alcohol may not be served to or consumed by anyone under the age of 21.

Parties and Social Gatherings

For any social gathering, there must be at least one person responsible for the gathering, the facility and the guests. In a student room, this is normally the resident of the room. In a planned party, it is often the person planning who is responsible for the event.

Additionally, please note that social gatherings currently have more requirements for safety precautions due to the COVID-19 Pandemic. Please reference the [Behavioral Expectations](#) from the Dean of Students website:

Host Responsibilities:

1. Registering your party

- a. Planned parties, private parties, or social gatherings must be registered in the event that they have an impact on the larger community and to make sure that they are compliant with the party host policies.
- b. Both the Office of Residential Life and the SEAL office must be provided with the names of all hosts (students responsible for the event) at least 48 hours prior to the event. If the event is a large gathering of students, such as a social in a special interest house, the office of Residential Life must be provided with a security list and IDs must be checked at the door.
- c. If the event takes place in a residential area, the host is obligated to consult the RA, neighbors, or other building residents that may be affected, to obtain permission to host a social gathering in their room or lounge.

- d. All large social events must be approved by the Office of Residential Life or the SEAL office if any of the following is true about the event:
 - i. It is advertised (posters, public announcements, written, verbal or any form of social media invitation constitute some of the usual forms of advertising);
 - ii. It is funded (entirely or partially) by money obtained from the Student Activity Fee, Student Life programming or departments; It occurs in a public area (residence hall lounge, hallway, campus meeting space, outside area or Greek house when non-members are present.
- e. Large all campus events, such as large parties may not occur during New Student Days and days when there are classes the following day.
- f. Advertising implicitly or explicitly that alcohol will be present at the event is prohibited.

2. Additional regulations regarding parties or social gatherings (registered or not):

- a. Hosts may not serve alcohol as a feature of any party or social gathering. Hosts are obligated to follow all state laws concerning the distribution of alcoholic beverages in their rooms, apartments or personal gathering spaces.
- b. Alcohol cannot be sold and donations cannot be exchanged for alcohol. Selling tickets or cups, charging admission fees, taking up a collection or using any direct or indirect means of collecting money from persons attending the event is prohibited.
- c. Hosts assume responsibility for the behavior and safety of their guests.
- d. Hosts must supply at least one student trained in bystander intervention for the entire duration of the event.

All College sponsored events where alcohol is provided, the College reserves the right to limit the type and/or amount of alcohol (or the amount of alcohol served, if applicable) at the event.

Licensed Facilities

1. Bon Appetit

Bon Appetit (food vender for Beloit College) maintains a liquor license with the City of Beloit and is subject to the same rules and regulations as any establishment that serves alcohol. By law, absolutely no alcohol can be brought into the building or removed from it, except through the authority of the liquor agent and staff. Violations of this policy risk not only arrest, but also revocation of the College's license. Groups wishing to sponsor an event with alcohol need to meet with the Bon Appetit director to arrange for the sale, service, and purchase of alcoholic beverages.

2. **Coughy Haus Additional Regulations**

The Coughy Haus maintains a Class C liquor license with the City of Beloit and is subject to the same rules and regulations as any other bar within the City of Beloit and the State of Wisconsin. The law states that absolutely no alcohol may be brought into the building or removed from it, except by licensed distributors. Individuals who violate age restrictions, use false IDs, provide alcohol to those under 21 years of age, or are intoxicated while on the premises may be ticketed by the Beloit Police. Such violations may also result in the revocation of the C-Haus license to serve alcoholic beverages. The premises are regularly inspected by government agencies such as the Health and Police Departments. Police officers have the authority to enter the Coughy Haus at any time without warning and may, at their discretion, check IDs and open containers on the premises, including the porch.

Coughy Haus is reserved for student use and occasionally the registered guest of a student. It is not a public bar open to the community at large. In order to minimize risks and ensure the focus is on students whose activity fees contribute to the operation, access by nonstudents is limited.

SMOKING POLICY

Beloit College adheres to the smoking ordinance of the City of Beloit¹. Within these limits, the college seeks to provide a healthy environment and satisfactory level of comfort to non-smokers while minimizing the discomfort of those who smoke. When in doubt, one should accommodate the preferences of non-smokers to a reasonable extent. All members of a civil community should have mutual respect for one another while keeping in mind each individual's ability to negotiate the situation. The following provisions are in support of this general policy:

1. Smoking is prohibited inside all academic buildings, residence halls and museums. This includes, but is not limited to, the Jeffris-Wood Campus Center/Pearsons Hall, Turtle Creek Bookstore, Coughy Haus, and all restrooms.
2. Smoking is not permitted in residence halls. This includes, but is not limited to, the following areas: (1) any living environment, including student rooms; (2) in public areas, including hallways, lounges, bathrooms, and kitchens; (3) in shared or individual rooms.
3. Smoking is not permitted within fifteen feet of doors and windows of all college buildings, with the exception of specifically designated smoking areas. This limit will be marked in high traffic areas.
4. All-campus events should normally be held in areas where smoking is not permitted.
5. In keeping with the Beloit Statement of Culture, smokers should be aware of their surroundings and be respectful of others' rights to clean air, particularly on walking paths during congested times and in front of Commons, Coughy Haus, the library and Pearsons. **No smoking is allowed on sidewalks.**
6. As a courtesy to the community and Facilities, dispose of your smoking debris in the smoking receptacles or the trash.
7. The above policy applies to all users of Beloit College facilities.
8. E-cigarettes and vaporizers are banned from all campus buildings but allowed in C-Haus until further research is conducted and published, but be courteous and do not blow vapor in students' faces and if they ask you to move away please do so.
9. With student input we have designated a smoking area in the gazebo outside of Peet.

NOTE: This policy refers to legal substances. Please visit the Drug Policy with regard to illegal substances. The recreational usage of Cannabis (Marijuana) is illegal in Wisconsin.

Beloit City Ordinance 16.08, section 6 states: "Smoking shall be prohibited near any entrance used by the public, windows that open and ventilation systems of all places of employment and public places where smoking is prohibited by this regulation. Any individual who owns, manages, operates or otherwise controls any premises upon which smoking is regulated hereunder shall establish a no smoking area which extends fifteen (15) feet from any entrances used by the public, windows that open and ventilation systems to any enclosed areas where

smoking is prohibited so as to insure that persons entering or leaving the building or facility shall not be subjected to breathing tobacco smoke and to insure that tobacco smoke does not enter the building or facility through entrances, windows that open, ventilation systems or any other means."

DRUG POLICY

Beloit College is a private, coeducational, residential institution of higher education committed to providing a sound liberal arts education that promotes life-long learning and personal growth. The college is committed to maintaining an environment of learning, living and working which is free of illicit drugs and the unlawful use or abuse of alcohol. The unlawful possession, use, distribution, manufacture of, or dispensing of alcohol or illicit drugs by students or employees on college property or as part of college activities is prohibited. Individuals who violate college policies or local, state or federal laws concerning the unlawful possession, use, distribution, manufacture, or dispensing of alcohol and illicit drugs are subject to arrest and/or disciplinary action which may result in sanctions up to and including required treatment and/or expulsion from the college.

Drug Policy

The illegal possession, use, provision, manufacture, or sale of illicit drugs is not allowed in, (or by members of) the Beloit College community. The sale or transfer of prescription and look-alike drugs is also a violation of college policy. Prescription drugs may not be sold or provided to others.

Violation of the college's Drug Policy may result in the following disciplinary actions: expulsion, suspension and/or the turning of evidence over to local authorities for criminal prosecution. The college's initial and foremost response to reported or observed violations is counseling, in conjunction with other disciplinary actions.

Students who may be having difficulty with alcohol or drugs are encouraged to seek appropriate counseling. The college counselor(s) and Student Life staff members are available resources for counseling on campus. Conferences with these people are privileged, subject to the ethical standards for counselors and the privacy rules established by FERPA (Family Educational Rights and Privacy Act), and HIPPA (The Health Insurance Portability and Accountability Act).

Violations

The college will respond to reported or observed violations with counseling and/or disciplinary action. Violations of the college's Drug Policy is considered a very serious matter which may result in expulsion, suspension and/or the turning of evidence over to local authorities for criminal prosecution.

The college will enforce the following regulations, regardless of the status of court decisions:

Violations Include:

Selling, Providing, or Producing Illegal Substances

- Sharing, selling, producing, or reselling any illicit (including prescription) drugs may result in serious disciplinary actions.
- Possession of ingredients (in sufficient quantity) used to manufacture drugs may result in serious disciplinary actions.
- Engaging with external sources to purchase illicit drugs for personal consumption, distribution, or resale will result in suspension or expulsion.
- Inviting off-campus dealers to campus is a serious threat to our community and will result in suspension or expulsion.

Use or Involvement

- Direct or indirect involvement with illegal possession, use, or sharing of any illicit drug may result in disciplinary penalties ranging from warning/counseling or suspension or expulsion.
- Possession of drug paraphernalia (for example hookahs, non-tobacco pipes) is a violation of city ordinance and College policy. Drug paraphernalia is not allowed on campus and if it comes to the attention of staff or security, it will be confiscated and not returned.
- So called “Date Rape Drugs” or drugs intended for or used to incapacitate others (often for the purpose of sexual assault), e.g. Rohypnol (Roofies), GHB, or Ketamine are strictly prohibited by Beloit College. Possession or use will result in suspension or expulsion and the involvement of appropriate law enforcement authorities.

For student information, the list of prohibited substances includes, but is not limited to: alcohol, amphetamines, barbiturates, cannabis (marijuana, hashish), cocaine, depressants, DMT, ecstasy, GHB, hallucinogens, heroin, inhalants, ketamine, LSD compounds, mescaline, methamphetamine, methaqualone, narcotics, opiates, PCP, prescription tranquilizers, psilocybin mushrooms, Rohypnol (Roofies), steroids, stimulants, and other compounds which are illegal except when under a doctor’s prescription.

Sanctions/Consequences

The college will respond to Drug Policy violations with counseling, education, and the college judicial process. The full range of judicial sanctions is possible for any offense. However, the usual sanctions associated with Drug Policy violations may include (but are not limited to) and (and all) of the following:

Counseling/Education

Responses include requiring or recommending a student to:

- meet with a Judicial Officer to discuss the drug use decisions may be student and review of the campus policy.
- research current laws regarding drugs in the community.
- organize educational programming on substance use and abuse.
- seek counseling from a college counselor or a Student Life staff member.
- receive counseling or substance abuse education from a local agency.
- enter a substance abuse treatment facility.

Judicial Action

Any violation of college policy where drugs are an element of the incident may result in more serious disciplinary actions. Violation of the Drug and Alcohol Policy coupled with other violations may be treated as separate offenses with appropriate sanctions for each violation. In connection with violations of the college's Drug and Alcohol Policy not involving sale or distribution, referral to the Judicial Appeals Board is optional for a second violation and mandatory for a third violation. Hearing officers may (but are not required to) waive referral to J-Board on third violations, if the student is in treatment or seeking treatment.

Disciplinary actions may include an official warning, disciplinary probation, suspension, dismissal, fines, community service work, and/or referral for prosecution.

If a student fails to complete any imposed sanctions, the Dean of Students or designee, or the Judicial Board reserves the right to take further action.

Responsibility to the Community

The Beloit College community aims to share concern for those struggling with substance abuse and supports their decisions to enter counseling or a recovery program. Even so, drug use is not tolerated on campus because individual drug use inevitably affects more than just the individual. Smoke in buildings can impact neighboring residents who have allergies, asthma, and other medical conditions. In addition, dealers brought to campus compromise the safety of the college community. As a member of the community, it is advised to seek help for those you suspect are struggling with drug abuse.

Optional responses for friends and roommates concerned about another individual's substance abuse include, but are not limited to:

- talking to the friend/roommate about their behavior
- talking to a Resident Assistant
- talking to a counselor
- talking to Student Life staff members

See the Resources section for more options.

Biennial Review

In order to meet the timely needs of the students at Beloit College and evaluate the policies concerning substance abuse, the college's drug and alcohol policy will be reviewed every two years by the policy committee of BSC and/or a biennial review team composed of students, staff and faculty. This revised document is on file in the Dean of Students Office.

Updated/reviewed August 2021

BIAS, DISCRIMINATION, HARASSMENT, VIOLENCE AGAINST OTHERS

ANTI-DISCRIMINATION POLICY

It is the policy of Beloit College, in administration of its educational policies and programs, financial aid program, employment policies, or other college-administered activities, not to discriminate against students, applicants for admission, or employees on the basis of sex, race, color, religion, national origin, ancestry, age, sexual orientation, or physical or mental disabilities unrelated to institutional jobs, programs, or activities. Beloit College is a Title IX institution.

ANTI-HATE ACTS & BIAS INCIDENT POLICY

Overview

The aim of this policy is to provide a means by which students, faculty, and staff members who experience hate or bias (both defined below) may have their concerns heard and receive support, conflicts may be mediated, and, when called for, effective community responses forged.

This policy recognizes that thought and expression in the context of, and in service to, our learning mission is protected, while offering a mechanism for responding to the hatred and bias that work against it. These freedoms necessarily entail a potential for encountering ideas and speech that one finds controversial and even objectionable, insulting, or offensive. Acts of hate and bias -- whether or not intended -- threaten to undermine individuals' or groups' engagement in the free exchange of ideas. Providing clear means by which suspected hate acts and bias incidents can be reported aligns with Beloit College's commitment to freedom of thought and expression as central to our academic freedom and to our teaching and learning mission.

Beloit College strongly encourages anyone -- student, faculty, or staff --, who is subject to, or witnesses, any hate or bias incident occurring on campus, at college-sponsored events, or during activities occurring off campus involving Beloit students, faculty, staff, or their guests to

respond immediately, when possible, and to report the incident. After receiving the report, responders will gather information and devise appropriate strategies for communicating with, educating, and mediating between the involved parties, and when applicable, communicate with the larger campus community. Any acts suspected of violating existing college policies will be referred to the appropriate disciplinary bodies.

Any retaliation against a person who reports an alleged hate act or bias incident or against a person who has been found responsible for such an incident is strictly prohibited and subject to disciplinary action. A knowingly false accusation of a hate act or bias incident may also be subject to disciplinary action. Fact-finding regarding a reported hate act or bias incident does not itself constitute harassment.

Definitions

A. Hate Crimes

Beloit College will report to the police, and cooperate with them in investigating any act constituting a hate crime, as defined by Wisconsin [statute](#). Those who commit hate crimes will also be subject to discipline by the college in accordance with the anti-hate acts policy outlined below.

B. Hate Acts

At Beloit College a hate act involves (1) violence, threat of violence, actions that are likely to incite violence, or other acts violating college policy that are (2) directed at persons or groups who are marginalized because of their race, color, religion, sexual orientation, ability status, ethnicity/national origin, physical characteristics, sex, gender, gender identity, gender expression, and/or any other legally protected classification, and (3) have the purpose or reasonably foreseeable effect of harassing, dehumanizing, or intimidating those persons or groups.

Examples of hate acts include but are not limited to physical assault, harassment, stalking, cyber stalking, vandalism, or other damage to property.

Investigations of hate acts require due process according to the college's policies, including adherence to AAUP guidelines related to academic freedom. Sanctions will depend on the severity of the action, the impact on the targeted individual/group, intentionality of the action, and on the overall context in which the action occurred. For students, the most likely sanction for violation of this policy will be suspension or expulsion, as determined by the normal disciplinary process. Sanctions for staff may range from reprimands or training to immediate termination of employment, depending on the severity of the incident and taking into account any previous employment concerns. Sanctions for faculty may range from reprimands or training to termination of employment, depending on the severity of the incident and taking into account any previous employment concerns.

C. Bias Incidents

A bias incident is a verbal, written, or physical act of intolerance or prejudice that does not involve violence or other conduct violating college policy, but which threatens, intimidates, or marginalizes individuals or groups because of their actual or perceived race, color, religion, sexual orientation, ability status, ethnicity/national origin, physical characteristics, sex, gender, gender identity, gender expression, and/or any other legally protected classification and lacks a reasonable relationship to an educational, political, and/or artistic end.

Examples of bias incidents include but are not limited to homophobic or sexist jokes, racist epithets, religious slurs, offensive graffiti, or demeaning remarks on social media. Bias incidents may or may not be intended to cause harm. Responses to bias incidents may include educational opportunities for the individuals and groups involved, as well as for members of the campus community as a whole when reporting patterns suggest broader issues that move beyond the immediate incident. This policy therefore seeks to enhance understanding, provide a forum for expression of multiple viewpoints, mediate conflict, and pursue restoration. Reports will only be referred to a disciplinary body if the behavior violates other college policies.

I. Reporting Hate Crimes, Hate Acts, and Bias at Beloit College

Beloit College students, faculty, or staff may report a hate act or bias incident in any or all of the following ways:

1. Calling Beloit College Security or reporting incidents directly to the Beloit Police.
2. Reporting directly to one of the lead hate and bias responders (Associate Dean of Students for Community Equity and Student Success and one faculty representative, both of whom have received training in restorative justice).
3. Reporting via a web form on the college's website, this includes the option to report anonymously.
(<https://www.beloit.edu/live/blurbs/680-anti-hate-acts-and-bias-incident-policy>)

II. Response to Hate Crimes, Hate Acts, and Bias Incidents

Responders are responsible for reviewing all reports, learning as much as they can about the situation, and for developing an appropriate response. This will involve listening and talking with those involved in the situation and assessing whether a hate crime or act or bias incident has occurred.

In cases of bias, the lead responders will communicate with the involved parties with the aim of developing a shared understanding of what occurred and its impact and restoring a successful learning or working environment.

When they conclude a hate crime or act has occurred, the lead responders will convene a response team that may include the dean of students, the provost, the president's chief of staff,

and the director of communications and marketing or their representatives, and others, as deemed appropriate by the rest of the team. This response team will determine the appropriate pathway for addressing the hate crime or act. This may include community emails, outreach and support efforts, town hall meetings, class discussions, or floor meetings. The response team will refer disciplinary matters to the appropriate college authority and share the information they have gathered in their own investigation. When a hate crime has been committed, the response team will work with the police and share information they have gathered. The scale and scope of response to hate and bias incidents, and the timeline in which that response occurs, will depend on the following factors:

1. Severity, scale, and scope of the incident and its impact
2. Pace at which information can be gathered; and whether or not that information can be shared publicly
3. Effects on those targeted

Each semester, the lead responders, dean of students, and provost will assess the handling of reported cases, seeking input from the affected parties, and the lead responders will provide to senior staff and to the campus community a summary report regarding the number of reported hate acts and bias incidents, their nature, and resolution. Members of senior staff shall review and analyze these reports and, in consultation with others, determine possible interventions directed toward prevention.

Neither the hate and bias lead responders nor any response team they convene are disciplinary bodies. Disciplinary action involving any individual or group will be handled by other established bodies of the college, such as Student Life staff and Judicial Board in the case of students, Human Resources in the case of staff, and in the case of faculty, the Provost or Faculty Status and Performance Committee in accordance with guidelines established by the American Association of University Professors (AAUP) related to academic freedom and due process. Outside law enforcement agencies may also become involved as appropriate.

Responsibilities of all responders include:

1. Maintaining appropriate confidentiality
2. Treating all parties with respect and sensitivity
3. Holding Beloit's mission and academic freedom at the center of their work
4. Providing affected parties with information about support services on campus
5. Providing to all involved parties:
 - Clear information regarding the process that will be followed
 - An explanation of the timetable involved
 - An explanation regarding the resolution of the reported incident

DISABILITY POLICY

The terms used within the Disability Policy such as “qualified individual with a disability”, “undue burden”, “direct threat”, “responsible accommodation”, and “essential functions” are as defined by the Americans with Disabilities Act, as amended, and its regulations.

Beloit College provides a supportive environment for students with disabilities. It is the policy of the college to create and maintain an environment in which all students may learn and work to their fullest potential. Consistent with this policy of nondiscrimination, Beloit College is committed to complying with all applicable provisions of the Americans with Disabilities Act (ADA), as amended, and Section 504 of the Rehabilitation Act of 1973. Beloit College will provide accommodations to students who have provided the college with appropriate documentation of their disability to enable them to equitably participate in and benefit from the college’s programs, services, and activities, provided such accommodations would not:

1. fundamentally alter the nature of operation of the college’s programs, services or activities,
2. cause undue burden to the college, or
3. pose a threat to the health or safety of others.

Students who warrant accommodations to participate in the college’s programs or services should contact the Director of the Learning Enrichment and Disability Service Office (hereby referred to as “Director”). The student is to contact the Director and when requested provide documentation by a qualified, licensed professional appropriate to the nature of the disability and requested accommodation(s). Students have the choice of whether or not they utilize accommodations.

At times students will experience injuries or illnesses which will require temporary adjustments. First the student is to provide documentation of the situation to the Dean of Students office. Most of the time, faculty will be flexible in providing necessary adjustments without additional information. However, at times the learning and use of assistive technology and/or figuring out strategies to compensate for the impairment can be done with the assistance of the Director of Learning Enrichment and Disability Services.

Information regarding a student’s disability is private. Consistent with FERPA and the Beloit College’s Privacy Policy, Learning Enrichment and Disability Services staff share disability-related information with faculty or staff when there is a need for them to know. Specifically, it is sometimes important to share such information in order for accommodations to be provided. However, information is rarely shared with parents or other students without the student’s written consent unless it is an emergency or the student is determined to be a danger to themselves or others.

If a student or a prospective student with a disability believes they have been discriminated against, or if they are dissatisfied with the determined accommodation or the implementation of an accommodation, that student is encouraged to discuss the situation with the Director. If a satisfactory agreement cannot be reached with the Director, the individual may appeal the decision via the grievance process.

Faculty or staff who believe that an accommodation for a student fundamentally alters the nature or operation of the college's programs, services, or activities are also encouraged to discuss the situation with the Director. If a satisfactory agreement cannot be reached with the Director, the individual with a disability may contact a member of the Accommodates Appeals Committee. For a list of Committee members and information regarding the appeals process, please contact the Dean of the Students Office at (608) 363-2660, the Provost at (608) 363- 2667, or Lori Rhead, the Vice President for Human Resources and Operations who is the ADA/504 Coordinator at (608) 363-2631.

A separate grievance procedure exists for employees of the college (when it is not related to student accommodations). Contact the Human Resources Office for appropriate information.

HARASSMENT POLICY (PERSONAL)

1. Statement

Beloit College seeks to maintain the campus as a place of work and study for faculty, staff, and students that fosters an atmosphere conducive to the building of community and personal growth. Personal harassment of students or employees subverts this goal of the college and is against college policy.

2. Definition

Personal harassment (“Harassment”) is verbal or physical conduct, including actions motivated by bias, that denigrates or shows hostility or aversion toward an individual. Harassment may include behavior that targets an individual because of race, color, religion, sex, perceived, or actual sexual orientation, gender identity or expression, national origin, age, disability, pregnancy, marital or family status, military or veteran status, citizenship or any other characteristic protected by law. Harassment also includes any kind of nonverbal, verbal, or physical conduct involving either intimidation or promise of reward where:

- a. such conduct has the purpose or effect of substantially interfering with an individual’s academic or professional performance or creating an intimidating, hostile, or demeaning education or employment environment; or
- b. submission to such conduct is made either explicitly or implicitly a term or condition of an individual’s employment or academic advancement; or
- c. submission to or rejection of such conduct by an individual is used as the basis for employment decisions or academic decisions affecting that individual.

While harassment may be indicated by frequent or repetitive acts, it is possible that one severe act could constitute a violation of the harassment policy. Incidents or harassment can occur whether or not the act or actions were intended to harass; the effect of the conduct will determine whether harassment occurred. The effect of the conduct in question will be evaluated from the perspective of a reasonable person in the alleged victim’s position.

Any retaliation against a person who reports alleged harassment, or against a witness or other participant in an investigation, is strictly prohibited and will be considered a violation of this policy. It is also a violation of this policy to make a false accusation of harassment or knowingly provide false information pertaining to a harassment complaint.

An administrative investigation of assault, misconduct, or harassment does not itself constitute harassment.

1. Reporting Options

a. Students

Students who believe they have been the subject of harassment should notify one of the following persons: Dean for Student Life or one of the Residence Life Coordinators.

b. Faculty or Staff

Faculty or staff members who believe they have been the subject of harassment should notify the director of human resources.

Individuals who feel threatened or have concerns about their safety because of harassment should call campus security. If you believe you are in immediate danger, contact the police.

2. Procedures

Individuals who believe they have been harassed by another member of the college community should follow the procedures stated below.

a. **Students** – please see Student Judicial System.

b. Faculty or Staff

Personal Harassment Committee

The Personal Harassment Committee shall consist of two faculty members elected by the faculty, one administrative staff member appointed by the president, and one support staff member appointed by the president; staff appointments will be based on recommendations by the dean of students, vice president for human resources and operations, and provost. These members of the committee will serve two year, staggered terms. The director of human resources will serve as an ex officio member and shall have all of the rights of a member of the committee. A chair will be selected by and from within the committee. The Vice President for Human Resources and Operations will serve in a chair capacity for Title IX student appeals cases. In the event of a conflict of interest, a committee member must withdraw and be replaced by the first runner-up from the election or by a designated alternate. An up to date list of committee members may be obtained from the human resources office, the provost's office, or dean of students' office.

c. Informal Complaints

Current Beloit College faculty, staff or students who believes that they have been a victim of harassment by a current faculty or staff member may speak informally with the director of human resources or the vice president for human resources and operations, who will offer preliminary consultation and may draw upon other support and counseling services to assist the complainant. Once an initial complaint has been filed, the director or vice president will make a determination about whether to continue the investigation. With the consent of both parties, the director or vice president may attempt to mediate the complaint. If

the complainant does not agree with the resolution of an informal complaint, the individual has the opportunity to file a formal complaint. The director or vice president will keep records of informal complaints and their dispositions. Such records will remain confidential to the extent possible consistent with adequate investigation and appropriate corrective action.

d. Formal Complaints

Beloit College faculty, staff and students may file a formal complaint if they believe they have been the victim of harassment by a current faculty or staff member. This formal option is initiated when the complainant identifies the person against whom the complaint is made and lodging a signed, written complaint. Once a formal complaint has been filed, the committee may continue its investigation and resolution even if the complainant wishes to withdraw the complaint.

A formal complaint may be filed with any member of the committee or with the director of human resources, the provost, vice presidents, dean of students, or president. A copy of the complaint will be circulated to each of the committee members as well as the senior supervisor of the accused reports. The college may at any time take action necessary to protect the safety of the complainant or any other persons.

Upon receipt of the complaint, the committee will begin an investigation. The director of human resources will undertake the investigation, and present a report to the committee members. The committee will make its decision by gathering any further information it deems necessary, which may include review of documents and/or meetings with the complainant, the accused or the witnesses. At any time in this process, the complainant and the accused may be accompanied by an advisor from the college's current faculty, staff or students; however, the advisor may not speak on behalf of either party. During the investigation, the committee will provide a copy of the complaint to the accused, and such other information as the committee deems appropriate, and notify him/her of his/her rights. The investigation and determination by the committee typically is conducted within forty-five (45) working days. Depending on the complexity of facts, the number of witnesses, witness availability, and other factors, the committee may extend this period.

Once the investigation is concluded, the committee may:

- i. determine that no case of substance exists and decide to take no further action on the complaint;
- ii. attempt mediation or recommend mediation by an individual who is not a member of the committee; develop a written recommendation for further action that will be forwarded to two senior staff members, one being the senior supervisor of the accused. In the case of a complaint by or against a senior staff member, the committee's report will be forwarded to the president. In the case of a complaint by or

against the president, the report will be sent to the chair of the board of trustees. Recommended actions may include, but are not limited to an oral or written reprimand, a written warning, dismissal of a non-tenured employee, or a hearing for the termination for cause of a tenured faculty member.

Action on the committee's recommendation will be taken by the individuals to whom the recommendation was forwarded. They will reach a decision and communicate it in writing to the accused, the complainant, and the chair of the committee. The complainant or accused may appeal the decision to the president, or, if the accused is the president, to the board of trustees. Normally, the president or board of trustees will make a determination on any appeal within thirty (30) working days. Depending on the complexity of the matter and other factors, this time period may be extended. The decision of the president or the board of trustees is final.

During the committee's investigation, the accused has the following rights:

- a. To be informed in writing of the specific charges and a time to appear before the committee.
- b. To be informed of the rights here listed.
- c. To know the name of their accuser(s).
- d. To present and/or request relevant evidence.
- e. To make an oral statement.

At any point during its investigation and any deliberations, the committee, president, and board of trustees may consult with the college's legal counsel. Records of formal complaints will be maintained by the college. All such records shall remain confidential to the extent possible consistent with adequate investigation and appropriate corrective action.

1. Confidentiality

Confidentiality will be maintained to the extent consistent with adequate investigation and appropriate corrective action. All parties will be advised of the need to maintain confidentiality regarding the information discussed.

2. Reporting

At the end of each academic year, the committee shall report the number of informal and formal complaints it received and their disposition to the vice president for human resources and operations. Any complaint which is also a Title IX complaint shall be reported to the Title IX coordinator.

Employees who seek advice or support services are encouraged to contact the college's Employee Assistance Program, Family Service Association Beloit, Beloit, WI at (608) 365-1244. Students may contact the campus student counselor located in the Health and

Wellness Center, Porter Hall, ground floor. The College's counselors are employed by Beloit Physicians Hospital Organization, Beloit, Wisconsin. Discussions with individuals from these organizations will be confidential, however, as they are not Beloit College employees, no complaints will be lodged nor action taken as a result of these consultations.

Revised June 2019/Reviewed August 2021

VIOLENCE AGAINST OTHERS: DATING VIOLENCE, STALKING, SEXUAL ASSAULT & MISCONDUCT

Students who have experienced dating violence, domestic violence, or stalking, have witnessed or have information about a case of dating violence, domestic violence, or stalking are urged to report the information to the Beloit College Security Office or the Office of Residential Life, and to the Beloit Police Department.

Policy Statement

These policies are grouped together as they represent a collection of issues addressed in the Violence Against Women Act amendments to the Clery Act (2014).

Dating violence, domestic violence, and stalking seriously infringe on the rights of others, violate the standards of acceptable behavior at Beloit College and may be illegal in the State of Wisconsin. Beloit College expects all members of the college community and their guests to conduct themselves in a responsible manner, showing respect for others and for the community at large. Beloit College is subject to, abides by, and supports the Wisconsin State statutes and local ordinances regarding criminal sexual contact.

Students who have experienced dating violence, domestic violence, or stalking, or have witnessed or have information about a case of dating violence, domestic violence, or stalking are urged to report the information to the Beloit College Security Office or the Office of Residential Life and to the Beloit Police Department.

Beloit College will do all that is reasonably possible to offer safety, privacy, sensitivity, and support to persons reporting dating violence, domestic violence, and stalking, as well as offer educational programming to decrease the risk of dating violence, domestic violence, and stalking on campus. The college urges students to learn about the steps that can be taken to prevent domestic violence, and stalking. Should the college believe that a threat exists to the safety or security of a person filing a complaint, or to others, it will take reasonable steps to attempt to mitigate that threat.

Dating Violence, Domestic Violence, and Stalking Policy

Beloit College recognizes that dating violence, domestic violence, and stalking occur under a variety of circumstances:

- On- and off-campus
- Between people of any gender or sexual identity
- Between students, faculty, staff, alumni, and visitors to campus
- Between family members or close relatives
- When impaired by drugs and/or alcohol

No matter what the circumstances, dating violence, domestic violence, and stalking violate the standards of acceptable behavior at Beloit College.

This policy applies regardless of

- sex, gender identity or expression or sexual orientation;
- sexual interaction, or lack thereof;
- understandings of (non) monogamy;
- drug or alcohol use.

If you are a victim of dating violence, domestic violence, or stalking, please refer to:

<https://www.beloit.edu/sexual-assault-support/reporting/>

<https://www.beloit.edu/sexual-assault-support/sexual-assault-policy/>

State or Federal Law

Beloit College students are subject to the Wisconsin State Statutes and federal laws regarding dating violence, domestic violence, and stalking, and violation of state or federal laws may be the laws of student discipline. Wisconsin law makes no reference to the gender of either the victim or assailant. Victims of dating violence, domestic violence, and stalking of any gender are protected by the law, and assailants of any gender can be prosecuted under the law. For more information, review the Wisconsin State Statutes 940.32 (stalking) at <http://docs.legis.wisconsin.gov/statutes/statutes/940/II/32> and 968.075 (domestic abuse) at <http://docs.legis.wisconsin.gov/statutes/statutes/968/075>. and Title IV, Sec. 40002(a)(10).

Definitions of Dating Violence, Domestic Violence, and Stalking

Dating violence

Dating violence includes violence against a person with whom there has been a romantic or intimate relationship. Relationships are gauged by the length, type, and frequency of interaction.

Dating violence may include the following:

1. Infliction of physical pain, physical injury or illness.
2. Actions that cause impaired physical or mental condition.
3. A violation of the sexual assault policy, or the sexual harassment policy.

Domestic Violence

Domestic violence includes violence committed by a current or former spouse or domestic partner. This can include violence committed by someone who lived as a spouse or domestic partner of the victim; violence between individuals who share a child in common; violence between parents and children; or violence between current or former sexual or intimate partners.

Domestic violence may include the following:

1. Infliction of physical pain, physical injury or illness.
2. Actions that cause impaired physical or mental condition.
3. A violation of the sexual assault policy, or sexual harassment policy.

Stalking

Stalking is defined as engaging in a course of conduct (a series of two or more acts toward another person), carried out over time, however short or long, which are not wanted by the victim, and/or that threaten or would cause a reasonable person to fear for their safety or the safety of others or cause them to suffer substantial emotional distress.

“Course of conduct” broadly captures the wide range of words, behaviors, and means that perpetrators use to stalk victims, and, as a result, cause their victims to fear for their personal safety or the safety of others or suffer substantial emotional distress.

Stalking may include, but is not limited to, the following acts:

- Following the person without proper authority or permission.
- Communicating in repeated, unwelcome ways, which can include communication by any electronic, written, verbal or third party method.
- Leaving unwanted items for the person.
- Vandalizing a person’s property.
- Appearing at a person’s residence, classroom, or workplace without permission.

On Campus Resources and Reporting Options

If you have experienced dating violence, domestic violence or stalking, the college urges you to report it.

A report is written documentation of dating violence, domestic violence, or stalking. It contains the name(s) of those involved, the date(s), time(s), and location(s) of the alleged event, and a short written summary of what is reported. The individual making the report has the right to give as much or as little information as they wish. When a student reports a violation of the dating violence, domestic violence, and stalking policy, the college will investigate to the extent it can with the information provided. Responders will consult with the complainant about their wishes regarding how the investigation should proceed; the college may investigate even if the complainant decides not to participate.

The College will work with students to facilitate needed changes to living, academic, transportation, and working situations as requested and needed, regardless of whether campus security or local police authorities are involved and whether or not the offense happened on or off campus. The College will provide protective measures for the victim if requested and reasonably available.

There is no statute of limitations for college complaints, but potential complainants are reminded that the college's ability to effectively investigate complaints can be impaired or negated as time passes.

All reports of dating violence, domestic violence, and stalking are kept on file in the Office of Residential Life and/or the Security Office for use in reports required by the Clery Act (<http://www.beloit.edu/security/>). Reported incidents will show up in campus crime statistics without identifying the person filing the report; in this way, a victim's identity will be protected. Any accommodations or protective measures provided to the victim will be kept confidential to the extent that maintaining such confidentiality would not impair the ability of the institution to provide the accommodations or protective measures.

Beloit College will provide written notification to students and employees about existing services available for victims, both within the institution and in the community. This written notification will include, but is not limited to, the following existing information on services:

- Counseling and mental health services
- Current health services
- Victim advocacy
- Legal assistance
- Visa and immigration services
- Student financial aid
- Other services that may be available at the institution and in the community

This written notification will include information on how to request accommodations and protective measures regarding options for and the availability of changes to academic, living, transportation, and working situations.

Who to call

If the accused is a Beloit College student, the following individuals will ensure a report is filed when they are made aware of an alleged incident of dating violence, domestic violence, or stalking.

- Beloit College security officers 608-363-2355
- Ryan Schamp - [Director of Residential Life](#) 608-363- 2350
- Any “on call” student life staff member (Security will contact – call 608-363-2355)
- Any residence life coordinator: Kaleb Pullam or Andre Fortin – call 608-363-2350
- Title IX Coordinator, [Cecil Youngblood](#) 608-363-2660
- Any employee of the college, including faculty and staff 608-363-2000 (ask to be transferred to the appropriate person)

After hours, these individuals can be reached through campus security (608-363-2355).

Title IX Coordinator as resource

Beloit College’s Title IX Coordinator, Cecil Youngblood, can be used by any community member as a resource for understanding and navigating the investigative and judicial process. Faculty or staff supporters should consult the Coordinator with questions about how to best support students going through the reporting/investigation process. The Title IX Coordinator is not a confidential resource. You may contact Cecil at 608-363-2660 or youngblc@beloit.edu, or visit his office on 2nd floor Pearsons.

What happens after you report? This is the general framework for how an investigation is conducted:

- Initial meeting with complainant to review rights and options
- Written notification given to the complainant of services available to them.
- No contact orders are issued by the college – additional orders of protection and restraining order may be issued by the court (college can assist students in this process)
- Complainant writes an account of the incident
- Initial meeting with accused party, review of rights and options
- Accused writes an account of the incident
- Meet with witness(es) and those with knowledge of events
- Clarify information from witness statements with complainant and accused
- Follow-up meeting with complainant to review process and outline thoughts about possible outcomes
- Follow-up meeting with accused to discuss the incident and possible outcomes
- Conclude investigation, issue written summary of findings and outcomes

Preponderance of evidence as a standard

Evidence and information collected during the investigation of dating violence, domestic violence, or stalking will be evaluated using the preponderance of evidence standard. In other words, if the evidence and information collected during the investigation suggest it was more likely than not dating violence, domestic violence, or stalking occurred, the hearing officer will conclude the policy was violated and will find the accused student responsible.

Preserving evidence

It is important to preserve any evidence that might be used during an investigation of an alleged case of dating violence, domestic violence, or stalking. Electronic evidence is often helpful, including texts, emails, Facebook posts, chats, pictures, and other electronic communication and should be downloaded and preserved. Any record or log of interaction(s) with the accused will also be helpful in an investigation. Physical evidence on your body or clothing can be documented with photos. Medical staff at the hospital can collect other evidence and provide appropriate follow up care.

Rights of Students Accused of Violating College Policy

- To receive notification of the behavior which has allegedly violated college policy.
- To have an opportunity to respond to the claim that college policy has been violated.
- To supply the investigative team with information or witnesses.
- To receive an impartial decision about the alleged policy violation, and be notified of the outcome.
- To have the option to appeal the decision or outcome.

Rights of Students Involved in Dating Violence, Domestic Violence, and Stalking Investigations

Rights of the complainant in a dating violence, domestic violence, or stalking investigation

1. To have complaints of dating violence, domestic violence, or stalking investigated by the college.
2. To report the violation directly to the police, with or without assistance from campus personnel.
3. To consult with the Title IX Coordinator, Cecil Youngblood, as a resource for understanding these rights and the investigation process.
4. To be notified in writing of available counseling, mental health or student services for students reporting dating violence, domestic violence, or stalking, both on or off campus.
5. To have a judicial proceeding be conducted by officials who at a minimum receive annual training on the issues related to dating violence, domestic violence, and stalking and on how to consider the results of an investigation in light of a student appeal that protects the rights of all involved and promotes accountability.
6. To be notified that at any point during the complaint/investigation/Judicial Appeals Board process, the complainant has the right to have the support of any willing member of the Beloit College community, friend, faculty or staff of their choice. The support person has the right to attend any function at which the complainant's presence is

required. The support person may be a licensed attorney. Any person attending meetings or hearings in support of the complainant may advise the complainant but may not participate directly in the proceedings. (Note: Beloit College is represented by counsel in most dating and domestic violence, and stalking matters.)*

7. To not have prior sexual, dating, and/or intimate relationship history admitted during any disciplinary hearing. History of prior complaints, investigations, and cases may be admitted in an investigation and/or appeal.
8. To be notified in writing of the outcomes, if any, in the case, of the institution's procedures to appeal the result of the disciplinary proceeding as outlined in the appeals section of the Student Handbook, and of any change to the result when such results become final.**
9. To appeal a disciplinary decision by a hearing officer(s) as outlined in the judicial appeal board section of the Student Handbook.

Rights of the accused in a sexual harassment, dating violence, domestic violence, or stalking investigation

1. To be informed in writing of the accusations/complaints that were filed.
2. To be informed that complaints of dating violence, domestic violence, or stalking will be investigated by the college, and possibly by the police.
3. To consult with the Title IX Coordinator, Cecil Youngblood, as a resource for understanding these rights and the investigation process.
4. To be notified of available counseling, mental health or student services for students accused of dating violence, domestic violence, or stalking, both on or off campus.
5. To have a judicial proceeding be conducted by officials who at a minimum receive annual training on the issues related to dating violence, domestic violence, and stalking and on how to consider the results of an investigation in light of a student appeal that protects the rights of all involved and promotes accountability.
6. To be notified that at any point during the complaint/investigation/Judicial Appeals Board process, the accused has the right to have the support of any willing member of the Beloit College community, friend, faculty or staff of their choice. The support person has the right to attend any function at which the accused's presence is required. The support person may be a licensed attorney. Any person attending meetings or hearings in support of the complainant may advise the complainant but may not participate directly in the proceedings. (Note: Beloit College is represented by counsel in most dating violence, domestic violence, and stalking matters.)*
7. History of prior complaints, investigations, and cases may be admitted in an investigation and/or appeal.
8. To refuse to answer some or all questions. The investigation will proceed with or without the participation of the accused.
9. To be notified in writing of the outcomes, if any, in the case, of the institution's procedures to appeal the result of the disciplinary proceeding as outlined in the appeals section of the Student Handbook, and of any change to the result when such results become final.**
10. To appeal a disciplinary decision by a hearing officer(s) as outlined in the judicial appeals board section of the Student Handbook.

*Typically students seek support from a faculty or staff member who knows them well, such as an advisor or mentor. Faculty or staff who agree to serve in this role may wish to consult with others who have supported students in previous judicial situations. Consult with Title IX Coordinator, Cecil Youngblood, for more information.

**Require simultaneous notification, in writing, to both the accuser and the accused.

Possible sanctions and outcomes

If it is more likely than not dating violence, domestic violence, or stalking has happened (in other words, if the preponderance of the evidence suggests that an offense occurred), a student will be found responsible for violating college policy and the investigating officer will consider a range of sanctions and outcomes.

Disciplinary sanctions possible for a person found responsible of violating the dating violence, domestic violence, and stalking policies include but are not limited to: Suspension, expulsion, probation, counseling, deferred suspension, removal from campus, and/or any combination of the previous.

When determining appropriate disciplinary action, the investigating officers will consider the dating violence, domestic violence, or stalking complaint as a whole, the disciplinary background of the accused individual(s), and the totality of the circumstances, including the nature of the conduct and the context in which it occurred.

Any retaliation against a person who reports alleged dating violence, domestic violence or stalking or against a witness or other participant in an investigation, is strictly prohibited and will be considered a violation of this policy. It is also a violation of this policy to make a false accusation of dating violence, domestic violence, or stalking or knowingly provide false information pertaining to a dating violence, domestic violence, or stalking complaint.

If the accused is a faculty or staff member

In cases of personal harassment, sexual assault or sexual misconduct by staff or faculty members towards students, there exists a Personal Harassment Committee. The contact for this committee is Heather McLean, Director of Human Resources. (See Harassment Policy). To file a complaint off - campus, please contact the Beloit Police Department.

OFF-CAMPUS RESOURCES & REPORTING OPTIONS

LEGAL OPTIONS

Report incident to the Beloit Police Department

Dating violence, domestic violence, and stalking are criminal matters and may be reported to the Beloit Police Department. Beloit College strongly recommends that students filing a complaint have a staff member or a friend with them when a report is made to the police. There are trained counselors on campus and off campus that can assist students with their decision to report an assault to the police.

File a civil suit against the assailant

A civil suit against the accused is another legal option. Consultation with a lawyer is the best way to learn about this option.

SUPPORT RESOURCES

Seek medical treatment

If you have experienced dating violence, domestic violence, or stalking, you may need medical treatment for any injuries occurring in such offenses and may wish to have potential physical evidence collected. The Janesville Mercy Hospital can request an advocate from the Sexual Assault Recovery Program (SARP) to be with you at the hospital.

Transportation to the hospital can be provided by security (1-608-363-2355).

Contact the Sexual Assault Recovery Program (SARP) - SARP is a community based program whose trained advocates respond to the emergency room to support the victim. They will assist and guide the victim through the legal system as well as provide free sexual assault crisis counseling. The 24 hour crisis hotline is 1-866-666-4576.

Contact the National Domestic Violence Hotline at 1-800-799-7233, or visit <http://www.thehotline.org/>.

SEXUAL ASSAULT & MISCONDUCT POLICIES

Students who have been sexually assaulted, have witnessed a sexual assault or have information about a sexual assault are urged to report the information to the Beloit College Security Office or the Office of Residential Life, and to the Beloit Police Department.

Effective: August 14, 2020

POLICY AGAINST SEXUAL HARASSMENT & ASSOCIATED GRIEVANCE PROCEDURES^[1]

Section 1. General Prohibition of Discrimination on the Basis of Sex

Policy Statement

Beloit College (the “College”) does not discriminate on the basis of sex in its education programs or activities. Title IX of the Education Amendments Act of 1972 (“Title IX”), its regulations, and certain other federal and state laws prohibit discrimination in such a manner. Under Title IX, discrimination on the basis of sex includes sexual harassment.

Title IX’s requirement not to discriminate in any of the College’s education programs or activities applies to both students and employees and extends to both admission and employment. Inquiries about the applicability of Title IX and its regulations to the College may be referred to the College’s Title IX Coordinator, the Assistant Secretary for Civil Rights of the United States Department of Education, or both:

The College is committed to creating and sustaining an educational and working environment that is free from discrimination on the basis of sex. If you experience discrimination on the basis of sex, you are strongly encouraged to utilize the various on-and off-campus resources available to you, including the resources identified under this Policy. To the extent that any other College policy regarding discrimination or harassment on the basis of sex (as defined by Title IX) conflicts with this Policy, this Policy shall control.

Effective August 14, 2020, all reports or complaints of sexual harassment and all reports or complaints containing an allegation of sexual harassment shall be processed under this Policy.

Title IX Coordinator

The College has appointed a Title IX Coordinator to coordinate the College's efforts to comply with its responsibilities under Title IX. As of this Policy's most recent revision, the Title IX Coordinator's name and contact information are as follows:

Cecil Youngblood
Title IX Coordinator
700 College St.
Beloit, WI 53511
youngblc@beloit.edu
608-363-2660

The Title IX Coordinator's name and contact information shall be provided to all applicants for admission, applicants for employment, students, employees, and any professional organizations required to receive notice under Title IX and its regulations. The Title IX Coordinator's contact information shall be prominently displayed on the College's website and in each handbook or catalog made available to the above-identified individuals and entities.

Any person may report sex discrimination, including sexual harassment, to the Title IX Coordinator by mail, telephone, or by electronic mail, using the contact information listed above or by any other means that result in the Title IX Coordinator receiving the person's verbal or written report. Reports can be made to the Title IX Coordinator at any time, including during non-business hours.

Education Programs or Activities

Education programs or activities include locations, events, or circumstances over which the College exercises substantial control over the respondent (the person against whom the complaint is filed) and the context in which the sexual harassment occurs. This includes, but is not limited to, all on-campus activities, dormitories and official student housing, and College-sponsored or College-sanctioned sporting and team events.

Education programs or activities also include any building owned or controlled by a student organization that is officially recognized by the College. This includes, but is not limited to houses owned or controlled by the College's recognized sororities and fraternities.

While Title IX does not recognize study abroad programs as education programs or activities, the College reserves the right to process such complaints of discrimination on the basis of sex (including sexual harassment) under separate policies and procedures, including, but not limited to, the policies and procedures set forth in the Beloit College Student Handbook and Beloit College Administrative Policy Manual.

Sexual Harassment

Discrimination on the basis of sex includes sexual harassment. Sexual harassment is defined as conduct on the basis of sex that satisfies one or more of the following:

- A College employee conditioning the provision of an aid, benefit, or service of the College on an individual's participation in unwelcome sexual conduct;
- Unwelcome conduct determined by a reasonable person to be so severe, pervasive, and objectively offensive that it effectively denies a person equal access to the College's education program or activity; or
- Sexual assault, dating violence, domestic violence, or stalking.

Sexual assault is defined as an offense classified as a forcible or nonforcible sex offense under the uniform crime reporting system of the Federal Bureau of Investigation.

Dating violence is defined as violence committed by a person who is or has been in a social relationship of a romantic or intimate nature with the victim and where the existence of such a relationship shall be determined based on a consideration of the length of the relationship, the type of relationship, and the frequency of interaction between the persons involved in the relationship.

Domestic violence is defined as felony or misdemeanor crimes of violence committed by a current or former spouse or intimate partner of the victim, by a person with whom the victim

shares a child in common, by a person who is cohabitating with or has cohabitated with the victim as a spouse or intimate partner, by a person similarly situated to a spouse of the victim under Wisconsin's domestic or family violence laws, or by any other person against an adult or youth victim who is protected from that person's acts under the domestic or family violence laws of Wisconsin.

Stalking is defined as engaging in a course of conduct directed at a specific person that would cause a reasonable person to fear for his or her safety or the safety of others; or suffer substantial emotional distress.

For purposes of establishing sexual harassment under this Policy, consent to sexual activity must be informed and freely and actively given through mutually understood words that indicate a willingness to participate in mutually agreed-upon sexual activity. The College requires a non-intoxicated, verbal, mutually understood "Yes" for sexual contact or intercourse to be considered consensual.

Consenting to sexual activity requires a non-intoxicated, verbal, mutually understood communication free from threats, intimidation, or other coercion. Returning to an individual's room, being physically aroused, removing clothing, stroking, assenting to dancing or cuddling, obtaining contraception, and such similar circumstances do not equate to a non-intoxicated, verbal, mutually understood "Yes" and, therefore, do not constitute consent. Silence or inaction does not constitute consent, nor should non-verbal actions be considered invitations to sexual contact or intercourse.

Individuals who are below their normal cognitive function, inebriated, mentally or physically impaired or incapacitated, have a mental illness or deficiency, are unconscious for any reason, or are physically unable to communicate are assumed to be incapable of giving consent. Someone who is under the influence of drugs and/or alcohol may be physically unable to communicate and therefore may be unable to give consent.

Section 2. Grievance Procedure for Complaints of Discrimination on the Basis of Sex that do not include Allegations of Sexual Harassment

Please refer to the College's Personal Harassment Policy and Anti-Hate Acts and Bias Incident Policy, incorporated herein, for information regarding the College's procedure for processing and responding to complaints of discrimination based on sex other than sexual harassment.

Section 3. Reports of Sexual Harassment

Reports of Sexual Harassment

The College encourages victims of sexual harassment to talk to someone about what happened so they can get the support they need, and so the College can respond appropriately. Some of these resources are confidential, including speaking with counselors in the College's Health and Wellness Center. Reporting to a confidential resource does not trigger a response obligation under Title IX. This means that confidential resources are not obligated to report to the Title IX Coordinator.

Whether reporting to a College employee imputes actual knowledge to the College (thereby triggering the College's response obligations) depends on that employee's responsibilities and authority at the College. For example, reporting sexual harassment to the following College employees is not confidential and imputes actual knowledge to the College:

- Title IX Coordinator
- College Deans
- Campus Security
- Director of Residential Life
- Residential Life Coordinators
- Vice President for Human Resources and Operations
- Director of Human Resources

Reporting to these employees is not confidential and does trigger a response obligation from the College under Title IX. All such employees are obligated to immediately notify the Title IX Coordinator in the event they receive a report of sexual harassment. Failure to do so may result in discipline, up to and including termination.

Supportive Measures

The Title IX Coordinator is responsible for coordinating the effective implementation of supportive measures. Supportive measures are non-disciplinary, non-punitive individualized services offered as appropriate, as reasonably available, and without fee or charge to the complainant or the respondent before or after the filing of a formal complaint or where no formal complaint has been filed. They are designed to restore or preserve equal access to the College's education program or activity without unreasonably burdening the other party, including measures designed to protect the safety of all parties or the College's educational environment, or deter sexual harassment.

Supportive measures may include:

- Counseling;
- Extensions of deadlines or other course-related adjustments;
- Modifications of work or class schedules;
- Campus escort services;

- Mutual restrictions on contact between the parties;
- Changes in work or housing locations;
- Leaves of absence;
- Increased security and monitoring of certain areas of the campus; and
- Other similar measures.

When the College has obtained actual knowledge of sexual harassment in an education program or activity, the Title IX Coordinator must promptly contact the complainant regarding supportive measures. Specifically, the Title IX Coordinator must promptly contact the complainant to:

- Discuss the availability of supportive measures;
- Consider the complainant's wishes with respect to supportive measures;
- Inform the complainant of the availability of supportive measures with or without the filing of a formal complaint; and
- Explain to the complainant the process for filing a formal complaint of sexual harassment as set forth herein.

While the Title IX Coordinator is initially obligated to reach out to the complainant regarding supportive measures, the respondent also has an equal right to supportive measures.

In each instance, the Title IX Coordinator must document their response to a report (or formal complaint) of sexual harassment and the basis for that response. This includes documenting that they have offered supportive measures to restore or preserve equal access to the College's education program or activity. If the Title IX Coordinator does not provide a complainant with supportive measures, then he/she must document the basis for not doing so.

The College shall maintain as confidential any supportive measures provided to the complainant or respondent, to the extent that maintaining such confidentiality will not impair the College's ability to provide the supportive measures.

For purposes of this policy, a **complainant** is the individual who is alleged to be the victim of conduct that could constitute sexual harassment. A **respondent** is the individual who has been reported to be the perpetrator of conduct that could constitute sexual harassment.

Before imposing any disciplinary sanctions or other actions that are not supportive measures against a respondent, the College must follow the grievance process set forth in Section 4.

Emergency Removal

The College reserves the right to remove a respondent from its education program or activity on an emergency basis. In order to do so, the College must first:

- Undertake an individualized safety and risk analysis;
- Determine that an immediate threat to the physical health or safety of any student or other individual arising from the allegations of sexual harassment justifies removal; and
- Provide the respondent with notice and an opportunity to challenge the decision immediately following the removal.

Subject to the above process, the College may remove a respondent without first having received a formal complaint of sexual harassment.

Section 4. Grievance Procedure for Formal Complaints of Sexual Harassment and Complaints including Allegations of Sexual Harassment.

Formal Complaints of Sexual Harassment

Either a complainant or the Title IX Coordinator can file a formal complaint alleging sexual harassment against a respondent.

To constitute a formal complaint, the document must be filed by a complainant or signed by the Title IX Coordinator. The document must allege sexual harassment against a respondent and request that the College investigate the allegation of sexual harassment. A document filed by a complainant means a document or electronic submission (such as by electronic mail) that contains the complainant's physical or digital signature, or otherwise indicates that the complainant is the person filing the formal complaint.

If the complainant chooses not to file a complaint, the Title IX Coordinator must either document his/her reasons for filing a complaint against the complainant's wishes or document his/her reasons for choosing not to file a formal complaint. Where the Title IX Coordinator signs a formal complaint, the Title IX Coordinator is not a complainant or otherwise a party.

At the time of filing a formal complaint, a complainant must be participating in or attempting to participate in the College's education program or activity with which the formal complaint is filed.

A formal complaint may be filed with the Title IX Coordinator in person, by mail, or by electronic mail, by using the contact information listed above.

Party Rights During the Grievance Process

Formal complaints of sexual harassment trigger the grievance process set forth in this Section 4. During the grievance process, the parties have the following rights:

- **Presumption of Innocence.** The respondent is presumed not responsible for the alleged conduct until a determination regarding responsibility is made at the conclusion of the grievance process.

- **Discussing Allegations.** The College cannot restrict the ability of either party to discuss the allegations under investigation or to gather and present relevant evidence.

- **No Retaliation.** The College prohibits intimidation, threats, coercion, or discrimination against any individual for the purpose of interfering with any right or privilege secured by Title IX or its regulations, or because the individual has made a report or complaint, testified, assisted, or participated or refused to participate in any manner in an investigation, proceeding, or hearing under this Policy, Title IX, or Title IX's regulations.

Intimidation, threats, coercion, or discrimination for the purpose of interfering with any right or privilege secured by Title IX or its regulations, constitutes retaliation.

- **Advisors.** During the grievance process, all parties have the right to an advisor of their choice, who may be, but is not required to be, an attorney. The College may not limit the choice or presence of a party's advisor in any meeting or grievance proceeding. However, an advisor's active participation during the grievance process is limited to conducting cross-examination at the live hearing.

- **Equal Opportunity to Present Witnesses and Other Evidence.** The parties have an equal opportunity to present witnesses and other evidence, including fact and expert witnesses, and other inculpatory and exculpatory evidence. The parties also have an equal opportunity to inspect and review any evidence obtained as part of the investigation that is directly related to the allegations in the formal complaint, including evidence upon which the College does not intend to rely in reaching a determination regarding responsibility.

- **Objective Evaluation of All Relevant Evidence.** The parties have a right to an objective evaluation of all relevant evidence, including both inculpatory and exculpatory evidence.

- **Privacy Protections.** The College cannot access, consider, disclose, or otherwise use a party's records that are made or maintained by a physician, psychiatrist, psychologist, or other recognized professional or paraprofessional unless the school has obtained the party's voluntary, written consent.

- **Privileged Information.** The grievance process may not require, allow, rely upon, or otherwise use questions or evidence that constitute, or seek disclosure of, information

protected under a legally recognized privilege (unless the privilege has been waived). Privileges include, but are not limited to: attorney-client privilege, marital privilege, religious advisor privilege, physician-patient privilege, and psychologist-patient privilege.

- **Credibility Determination.** Credibility determinations may not be based on a person's status as a complainant, respondent, or witness. The College cannot give credence to a person's statements simply because of the position he/she holds.

- **No Conflict of Interest or Bias.** Any individual designated by the College as a Title IX Coordinator, investigator, decision-maker, reviewer, or any person designated by the College to facilitate an informal resolution process, may not have a conflict of interest or bias for or against complainants or respondents generally or an individual complainant or respondent.

The grievance process (up to and including an appeals determination, if applicable) shall be completed in a reasonably prompt time frame, which the College designates as 120-180 calendar days from receipt of the formal complaint.

Temporary delays or limited extensions of time frames may be permitted for good cause with written notice to the complainant and the respondent of the delay or extension and the reasons for the action. Good cause may include considerations such as absence of a party, a party's advisor, or a witness; concurrent law enforcement activity; or the need for language assistance or accommodation of disabilities.

Administrative Leave

During the pendency of the grievance process, the College reserves the right to place a non-student employee respondent on administrative leave.

Standard of Evidence under this Grievance Procedure

The standard of evidence to be used for determining responsibility under this grievance procedure (and for all formal complaints of sexual harassment, including formal complaints against employees and students) is the preponderance of the evidence standard.

Initial Response to a Formal Complaint

Upon receipt of a formal complaint, the Title IX Coordinator shall promptly provide the following information in a written notice to the known parties:

- Notice of the grievance process, including informal resolution and the name of the individual assigned to conduct the investigation.

Note that any objections to an appointed investigator must be made in writing to the Title IX Coordinator within three (3) calendar days after notice has been provided. Objections must be based on actual bias or conflicts of interest. The Title IX Coordinator will determine if bias or a conflict of interest exists. In that event, the parties will be notified in writing of the name of the new investigator. Any objection to the new investigator will be made in accordance with this section.

- Notice of the allegations of sexual harassment potentially constituting sexual harassment as defined in 34 C.F.R § 106.30, including sufficient details known at the time and with sufficient time to prepare a response before any interview. Sufficient details include the identities of the parties involved in the incident, if known, the conduct allegedly constituting sexual harassment under 34 C.F.R § 106.30, and the date and location of the alleged incident, if known.

- A statement that the respondent is presumed not responsible for the alleged conduct and that a determination regarding responsibility is made at the conclusion of the grievance process.

- A statement that the parties may have an advisor of their choice, who may be, but is not required to be, an attorney, and who may inspect and review evidence.

- A statement informing the parties of any provisions in the College's code of conduct that prohibits knowingly making false statements or knowingly submitting false information during the grievance process.

Investigating a Formal Complaint

Upon receipt of a formal complaint and a determination that the complaint is subject to this grievance procedure, the assigned investigator shall investigate the formal complaint. Note that the College may consolidate formal complaints as to allegations of sexual harassment against more than one respondent, or by more than one complainant against one or more respondents, or by one party against the other party, where the allegations of sexual harassment arise out of the same facts or circumstances.^[2]

The specific steps of the investigation will vary based on the nature of the allegations and other factors; however, the College's inquiry will be prompt, thorough and impartial. The investigation shall be completed within forty-five (45) calendar days of receipt of the formal complaint. The

burden of proof and the burden of gathering evidence sufficient to reach a determination regarding responsibility rest on the College and not on the parties.

The investigation process shall include, at minimum, individual meetings with the complainant and respondent to discuss the substance of the complaint and to identify witnesses (lay or expert) and other inculpatory or exculpatory evidence. The investigator shall provide advanced notice to the party, including the date, time, location, participants, and purpose of the investigative meeting at least five (5) calendar days in advance of the meeting to provide sufficient time for the party to prepare to participate.

When investigating a formal complaint and throughout the grievance process, the College must provide, to a party whose participation is invited or expected, written notice of the date, time, location, participants, and purpose of all hearings, investigative interviews, or other meetings, with sufficient time for the party to prepare to participate.

Prior to the conclusion of the investigation, the investigator shall provide to the complainant and respondent (and their respective advisors, if any) the opportunity to review any evidence obtained as part of the investigation that is directly related to the allegations raised in the formal complaint, including any evidence upon which the College does not intend to rely upon in reaching a determination regarding responsibility and inculpatory or exculpatory evidence whether obtained from a party or other source.^[3]

Such evidence will be sent in an electronic format to the parties and any identified party advisor (unless requested by a party or advisor to be received in hard copy format). Each party will be given at least ten (10) calendar days to submit to the investigator a written response to the evidence for consideration by the investigator prior to conclusion of the investigation and completion of the investigative report.

The investigator shall conclude the investigation by drafting a written investigative report that fairly summarizes the relevant evidence. The investigative report must also describe the procedural steps from receipt of the formal complaint through the conclusion of the investigation, including any notifications to the parties, interviews with parties and witnesses, site visits, and methods used to gather other evidence.

Note that the following evidence and information is deemed not relevant or otherwise not subject to use in the grievance process: (1) information protected by a legally recognized privilege; (2) evidence about a complainant's sexual predisposition; (3) evidence about a complainant's prior sexual behavior unless it is offered to prove that someone other than the respondent committed the alleged conduct or it concerns specific incidents of the complainant's prior sexual behavior with respect to the respondent and is offered to prove consent; (4) any party's medical, psychological, and similar records unless the party has given voluntary written consent.

Before the investigative report has been finalized, each party (and their respective advisors, if any) will be provided with a draft copy of the investigative report. The draft report will be provided in an electronic format (unless requested by a party or advisor to be received in hard copy format). Each party will be given five (5) calendar days to submit to the investigator any objections to the draft investigative report prior to its finalization.

The final investigative report will be sent to the parties and any identified party advisor at least ten (10) calendar days prior to the live hearing in electronic format (unless requested by a party or advisor to be received in hard copy format). The parties may review the final investigative report and provide a written response to the decision-maker no later than three (3) calendar days before hearing (discussed below).

Dismissing a Formal Complaint

Jurisdictional Dismissal. Under certain circumstances, a formal complaint of sexual harassment may not be subject to the jurisdiction of Title IX and this grievance procedure for complaints of sexual harassment set forth in this Section 4.

The College must investigate the allegations in a formal complaint. However, a formal complaint must be dismissed for purposes of sexual harassment under Title IX and its regulations (and removed from this grievance process) if:

- The conduct would not constitute sexual harassment as defined under 34 C.F.R § 106.30 even if proved;
- The conduct did not occur in the College's education program or activity; or
- The conduct did not occur against a person in the United States.

Dismissing a formal complaint of sexual harassment for any of these reasons does not preclude action under another of the College's policies prohibiting misconduct.

Discretionary Dismissal. The College may dismiss a formal complaint as subject to this grievance process if, at any time during the investigation or hearing:

- The complainant submits a written request for withdrawal to the Title IX Coordinator;
- The respondent is no longer enrolled at or employed by the College; or
- The specific circumstances prevent the College from gathering evidence sufficient to reach a determination.

Regardless of whether a formal complaint is subject to jurisdictional or discretionary dismissal, the Title IX Coordinator shall promptly notify the parties, simultaneously and in writing, of the dismissal and reasons therefore. Parties can appeal the dismissal decision (see below).

Live Hearing

Within twenty (20) calendar days following the conclusion of the investigation, the College will schedule a live hearing before an appointed decision-maker^[4] to reach a determination regarding responsibility.

Key aspects of the live hearing include:

- **Physical or Virtual Presence.** At the College's discretion, live hearings pursuant to this paragraph may be conducted either with all parties physically present in the same geographic location or with any or all parties, witnesses, and other participants appearing at the live hearing virtually, with technology enabling participants simultaneously to see and hear each other.

At the request of either party, the College shall provide for the live hearing to occur with the parties located in separate rooms with technology enabling the decision-maker and parties to simultaneously see and hear the party or the witness answering questions.

§ **Records or Transcript.** The College shall create an audio or audiovisual recording, or transcript, of the live hearing and make it available to the parties for inspection and review.

- **Cross-Examination.** At the live hearing, the decision-maker must permit each party's advisor to ask the other party and any witnesses all relevant questions and follow-up questions, including those challenging credibility. Such cross-examination at the live hearing must be conducted directly, orally, and in real time by the party's advisor of choice and never by a party personally, notwithstanding the College's discretion to otherwise restrict the extent to which advisors may participate in the proceedings.

If a party or witness does not submit to cross-examination at the live hearing, the decision-maker must not rely on any statement of that party or witness in reaching a determination regarding responsibility; provided, however, that the decision-maker cannot draw an inference about the determination regarding responsibility based solely on a party's or witness's absence from the live hearing or refusal to answer cross-examination or other questions.

- **Relevant Questions.** Only relevant cross-examination and other questions may be asked of a party or witness. Before a complainant, respondent, or witness answers a cross-examination or other question, the decision-maker must first determine whether the question is relevant and explain any decision to exclude a question as not relevant.

Questions and evidence about the complainant's sexual predisposition or prior sexual behavior are not relevant, unless such questions and evidence about the complainant's prior sexual behavior are offered to prove that someone other than the respondent

committed the conduct alleged by the complainant, or if the questions and evidence concern specific incidents of the complainant's prior sexual behavior with respect to the respondent and are offered to prove consent.

▪ **Advisors for Cross-Examination.** If a party does not have an advisor present at the live hearing, the College shall provide without fee or charge to that party, an advisor of the College's choice, who may be, but is not required to be, an attorney, to conduct cross-examination on behalf of that party.

The Title IX Coordinator will be responsible for coordinating the live hearing process. This includes, but is not limited to: scheduling the hearing; notifying parties and witnesses of the hearing; ensuring that the decision-maker is provided with appropriate materials including any exhibits; coordinating technology; securing a location for the hearing; and providing for a record or transcript. The Title IX Coordinator will also act as liaison between the parties and the decision-maker on procedural matters.

The parties will be given written notice of the date, time, and location of the hearing no sooner than ten (10) calendar days before the hearing has been scheduled. The notice of hearing shall also include the identity of the decision-maker. Any objections to an appointed decision-maker must be made in writing to the Title IX Coordinator within three (3) calendar days after notice has been provided. Objections must be based on actual bias or conflicts of interest. The Title IX Coordinator will determine if bias or a conflict of interest exists. In that event, the parties will be notified in writing of the name of the new decision-maker. The date for the hearing may also need to be rescheduled. Any objection to the new decision-maker will be made in accordance with this section.

No later than three (3) calendar days before the hearing, each party will provide to the decision-maker (i) the name of, and contact information for, the party's advisor (if any); (ii) any requests to consolidate pending cases for hearing; and (iii) a proposed witness list.^[5]

The decision-maker will make all determinations regarding pre-hearing matters and will promptly notify the Title IX Coordinator who, in turn, will promptly notify the Parties.

Decision-Maker's Determination Regarding Responsibility

Following the live hearing, the decision maker shall issue a written determination regarding responsibility. To reach this determination, the preponderance of the evidence standard must be applied. The decision-maker's written determination shall:

- Identify the allegations potentially constituting sexual harassment;

- Describe the procedural steps from receipt of the formal complaint through the determination, including any notifications to the parties, interviews with parties and witnesses, site visits, methods used to gather other evidence, and hearings held;
- Include the findings of fact supporting the determination;
- Include the conclusions regarding the application of the College's code of conduct to the facts;
- Include a statement of, and rationale for, the result as to each allegation, including a determination regarding responsibility, any disciplinary sanctions the College imposes on the respondent, and whether remedies designed to restore or preserve equal access to the College's education program or activity will be provided by the College to the complainant; and
- Include the College's procedures and permissible bases for the complainant and respondent to appeal.

The decision-maker shall provide his/her written determination to the parties simultaneously. The determination becomes final either on the date the College provides the parties with the written determination of the result of the appeal, if an appeal is filed, or if an appeal is not filed, the date on which an appeal would no longer be considered timely.

Appeal

Any party can appeal the decision-maker's determination regarding responsibility. Parties can appeal on the following bases:

- Procedural irregularity that affected the outcome of the matter;
- New evidence that was not reasonably available at the time of the determination regarding responsibility or dismissal was made, that could affect the outcome of the matter; or
- The Title IX Coordinator, investigator, or decision-maker had a conflict of interest or bias for or against complainant or respondent generally or against the individual complainant or respondent that affected the outcome of the matter.

Parties also have the right to appeal the College's mandatory or discretionary dismissal decision.

Appeals must be filed with the Title IX Coordinator (Cecil Youngblood) within three (3) calendar days following issuance of the decision-maker's written determination. Requests for appeal must indicate the basis for the appeal. Upon receipt of the appeal, the Title IX Coordinator shall notify the parties in writing that an appeal has been filed. The Title IX Coordinator shall also notify the Chair of the Personal Harassment Committee (the "Committee") to consider the appeal and notify the parties of the committee. The Chair shall not be the same person as the decision-maker, the investigator, or the Title IX Coordinator. The Committee is made up of hourly staff members, faculty and administrators. The current Chair is Lori Rhead, VP of Operations and Human Resources.

The Chair shall notify the parties of the appeal procedures and set a schedule for the parties to submit written statements in support of, or challenging, the outcome. Such schedule shall provide an opportunity for each party to respond to the arguments of the other party.

Upon reviewing both parties' statements, the Committee shall issue a reasoned written decision describing the result of the appeal and rationale for the result. The written decision shall be provided to both parties simultaneously. The reviewer's decision shall be final and binding upon the parties.

Remedies

This grievance process provides remedies to a complainant where a determination of responsibility for sexual harassment has been made against the respondent. The Title IX Coordinator is responsible for effective implementation of any remedies.

Remedies under this policy must be designed to restore or preserve equal access to the education program or activity. For students, the range of possible remedies includes, but is not limited to: safety escorts, class section reassignment, residence hall room reassignments, counseling and academic support services, academic accommodations, the ability to retake a test, or withdrawal or re-enrollment in a course without financial penalty. For employees, the range of possible remedies includes, but is not limited to: office reassignments, job reassignments, accommodations, or counseling.

The grievance process may also provide for discipline or recommendations for discipline where a determination of responsibility for sexual harassment has been made against the respondent. For students, the range of possible discipline includes, but is not limited to: a warning, probation, suspension, or expulsion. For employees, the range of possible or recommended discipline includes, but is not limited to: a verbal warning, written warning, suspension, or termination. Recommendations for discipline will be pursued according to applicable College policies.

Informal Resolution

At any time after receiving a formal complaint but before a determination regarding responsibility, the College may offer the parties the opportunity to engage in informal resolution of the formal complaint. However, informal resolution may not be offered or utilized where the allegations involve an employee sexually harassing a student.

The College must obtain the parties' voluntary, written consent to the informal resolution process. The Title IX Coordinator must also provide to the parties a written notice disclosing:

- The allegations;
- The requirements of the informal resolution process, including the circumstances under which it precludes the parties from resuming a formal complaint arising from the same allegations (provided, however, that at any time prior to agreeing to a resolution, any party has the right to withdraw from the informal resolution process and resume the grievance process with respect to the formal complaint); and
- Any consequences resulting from participating in the informal resolution process, including the records that will be maintained or could be shared.

A party may withdraw from the informal resolution process at any time prior to reaching an agreed resolution without affecting the proceedings.

Section 5. Miscellaneous Provisions Regarding Discrimination on the Basis of Sex and Sexual Harassment

Confidentiality

The College shall keep confidential the identity of any individual who has made a report or complaint of sex discrimination, including any individual who has made a report or filed a formal complaint of sexual harassment, any complainant, any individual who has been reported to be the perpetrator of sex discrimination, any respondent, and any witness, except as may be permitted by the Family Educational Rights and Privacy Act (“FERPA”) and its regulations, or as required by law, or to carry out the purposes of 34 C.F.R. Part 106 (Nondiscrimination on the Basis of Sex in Education), including the conduct of any investigation, hearing, or judicial proceeding arising thereunder.

Retaliation

The College prohibits intimidation, threats, coercion, or discrimination against any individual for the purpose of interfering with any right or privilege secured by Title IX or its regulations, or because the individual has made a report or complaint, testified, assisted, or participated or refused to participate in any manner in an investigation, proceeding, or hearing under this Policy, Title IX, or Title IX’s regulations.

Intimidation, threats, coercion, or discrimination, including charges against an individual for code of conduct violations that do not involve sex discrimination or sexual harassment, but arise out of the same facts or circumstances as a report or complaint of sex discrimination, or a report or formal complaint of sexual harassment, for the purpose of interfering with any right or privilege secured by Title IX or its regulations, constitutes retaliation.

Complaints alleging retaliation may be filed according to the College's grievance procedures for sex discrimination.

Recordkeeping

The College will comply with all recordkeeping requirements imposed by applicable law and regulations, including those recordkeeping requirements set forth in 34 C.F.R. § 106.45(b)10. This includes the following records, which must be maintained in compliance with federal and state laws:

- Each sexual harassment investigation, including any determination regarding responsibility and any audio or audiovisual recording or transcript, any disciplinary sanctions imposed on the respondent, and any remedies provided to the complainant designed to restore or preserve equal access to the education program or activity;
- Any appeal and the result of that appeal;
- Any informal resolution and the result of that informal resolution;
- All Title IX training materials; and
- Records of any actions, including any supportive measures (and the basis for providing or not providing supportive measures based on the deliberate indifference standard) taken in response to a report or formal complaint of sexual harassment.

Beginning on August 14, 2020, the above-cited records must be maintained for no less than seven (7) years from the conclusion of a matter (including any appeal).

Right to Pursue Other Remedies Not Impaired

The right of a person to prompt and equitable resolution of a complaint filed under this policy shall not be impaired by the person's pursuit of other remedies (e.g., criminal complaints, civil actions, etc.). Use of the College's grievance procedures does not extend any filing deadline related to the pursuit of other remedies.

^[1] This Policy is intended to comply with Title IX of the Education Amendments Act of 1972 ("Title IX") and its regulations. To the extent that this Policy conflicts with Title IX or its regulations, Title IX and its regulations shall control.

^[2] Where a grievance process involves more than one complainant or more than one respondent, references in this section to the singular "party," "complainant," or "respondent" include the plural, as applicable.

^[3] The College must make all such evidence subject to the parties' inspection and review available at any hearing to give each party equal opportunity to refer to such evidence during the hearing, including for purposes of cross-examination.

^[4] The decision-maker may not be the Title IX Coordinator or investigator. The decision-maker may also be a panel of decision-makers.

^[5] The investigator may be a witness at hearing. However, the decision-maker must independently reach a determination regarding responsibility without giving deference to the investigative report.

^[6] The reviewer shall not be the same person as the decision-maker, the investigator, or the Title IX Coordinator. The reviewer may also be a panel of reviewers.

SECURITY, NOTIFICATIONS, & SAFETY

SECURITY POLICY

Student cooperation with campus security is required to establish an environment which allows safe and unencumbered movement of persons on campus while maintaining a high degree of access to college grounds and facilities for townspeople and other guests of the college community. Action clearly intended to violate such security policies as may be instituted will result in judicial action.

The college construes performance of the following acts as constituting violation or attempted violation of the security policy and is grounds for judicial action:

1. Destroying locks on campus buildings.
2. Willful harassment of security officers.
3. Removal, destruction, or defacement of posted signs.
4. Failure to show a college ID card or to obtain one when requested by a member of the college faculty or staff, particularly security staff acting in the performance of their duties.
5. Personal harassment, physical or verbal abuse against any officer during the performance of their duties.

The responsibilities of college security staff are:

1. The protection of persons.
2. The protection of property.
3. The protection of the integrity of the college.

The security staff has the authority to request all persons on college property to show identification cards or passes. In addition, because of their special role at the college, security officers are forbidden from having amorous, romantic, or sexual relationships with Beloit College students.

The grounds of the college, except residence hall areas, generally are open to the public so long as their behavior is not detrimental to the campus environment; however, college buildings shall be closed to non-college personnel other than guests with appropriate guest passes, except for attendance at events officially designated as open to the public. College personnel shall include students, faculty members, the administration, staff employees, and trustees. Additionally, during the pandemic, the public must wear masks and socially distance on the grounds of the college. Also during the pandemic, attendance at events on the college campus are closed to the public.

SECURITY ALERTS

On occasion, we may have an incident on campus that is challenging to our security and safety. The college will publish a “security alert” to inform the campus community about the incident so all community members can take appropriate precautions for their safety. Should you receive a security alert, please take a moment to think about your approach to personal safety, and your next actions for personal and community safety. Should you have concerns about the incident or your safety, please contact any member of the dean of student’s staff. (The names of suspects or victims will NOT be included in the alert.)

Security Camera Guidelines

Purpose

Beloit College is committed to enhancing the quality of campus life by integrating the best practices of safety and security with technology. Video camera utilization is a critical component of a comprehensive security program. Camera coverage of public areas is intended to deter crime and violations of campus policy while providing college security and others a valuable resource for investigating crimes and other incidents that have occurred on campus.

These guidelines for camera installation, footage access, and use address the college's safety and security needs while respecting individual privacy of those attending, working or visiting Beloit College. To ensure the protection of individual privacy rights and to ensure compliance with related state and federal laws, this statement will guide the process of installing surveillance equipment on college property. Additionally, these guidelines cover the viewing, retention, dissemination, and destruction of recordings.

Installation Procedures and Locations

Security camera use is limited to those areas that do not violate a person's "reasonable expectation of privacy", as that term is defined by law. (For example, there is no reasonable expectation of privacy outside of a campus building.) In accordance, the college will limit camera positions and views of certain areas where there is a reasonable expectation of privacy. (For example, windows of residential buildings are obscured from camera view.)

Permanent camera locations are available to the campus community via signage and/or an internal access-only web page. All security cameras, including any in temporary locations and for active monitoring, will only be installed with the advance approval of the Director of Security and the appropriate college senior staff member (most often the Dean of Students and the Vice President for Human Resources and Operations), depending on the proposed location. Security cameras must be used in a professional, ethical, and legal manner consistent with all existing college policies.

Security cameras and software are installed and configured to prevent tampering with or duplicating recorded information (e.g. password protection). All new camera installations must connect to the college's camera server and management software.

Viewing

The existence of this policy does not imply or guarantee that cameras will be monitored in real time, however the college reserves the right to do so. Only authorized personnel, as determined by the Director of Security and appropriate college senior staff members (most often the Dean of Students and/or the Vice President for Human Resources and

Operations) have access to camera feeds and/or recordings. Only the Director of Security and the Director of Information Technology will have administrative access to system logs. Typically, footage review and active monitoring will only occur in conjunction with criminal or disciplinary investigations.

Retention and Release of Information

Images obtained through video camera recording normally will be retained for a minimum period of fourteen (14) days. Recordings more than fourteen days old may be overwritten as server space allows unless required for criminal and/or judicial investigation in accordance with this policy. Video recordings will be stored in a secure location with access by authorized personnel only.

All information and/or observations made during the use of security cameras are confidential (in accordance with college policy) and can only be used or disseminated for official college, law enforcement, and/or judicial purposes. All requests from sources external to the college for the release of information and results obtained through surveillance monitoring or recording must be submitted to the Director of Security. All dissemination must be authorized by the Director of Security, the Director of Communications and Marketing (for non-law enforcement release outside of campus), and the Dean of Students and/or the Vice President for Human Resources and Operations, depending on the nature of the request.

Updated July 2016/Reviewed August 2021

VANDALISM POLICY

Vandalism is hereby defined as all intentional damage to Beloit College property. This includes residential, academic, and recreational buildings and facilities.

1. Students found responsible for vandalism shall be held completely accountable for the entire cost of the damage they have done. All vandalism costs are billed at a time and one-half rate for labor since the work is above and beyond the normal expected repair work.
2. Students who accidentally break or damage property will be charged regular time labor rates if the damage is reported immediately (within 24 hours) to Security or the Residential Life Office.
3. Failure to report vandalism and to admit guilt to the proper authorities by the end of the next working day shall result in an additional vandalism fine to be charged to the account of the guilty student(s). This fine will consist of 50 percent of the total cost of repair or \$25 if the repair cost comes to less than \$50.
4. The director of residential life or designated representative has the option of imposing a work penalty in place of a financial penalty if they feel this is a more effective means of restitution and education.
5. All money collected as a result of vandalism fines shall be placed in a special account. The Residential Life Committee of BSC will advise the Office of Residential Life how these funds shall be allocated for specific residence hall improvements.
6. If individual responsibility for the vandalism or damages cannot be determined, the dean of students or representative will levy an equal charge to all members residing on the floor or living area involved. The charge levied on the members of the floor or living space will include only the cost of repair for damages. The floor and/or individual have the right to appeal to the judicial board. In cases of appeal, the judicial board has the right to determine what living area is involved.
7. All heavily-traveled public ways, as determined by the dean of students or director of residential life, will be exempt.
8. Theft can be a form of vandalism. Items belonging to others or the college, as well as illegal items that are found in a student's possession may be confiscated.

Updated/Reviewed August 2021

GUEST POLICY

Any guest(s) of a Beloit College student must have a guest pass while on the college campus or attending college events. Guest passes are available from the Campus Security Office on the lower level of Pearsons Hall. College administration and the Security Office reserve the right to refuse or revoke a guest pass without prior notice. Violators of the Guest Pass Policy are subject to prosecution for trespassing. Please be sure to follow the guidelines listed below.

1. Guests are expected to stay with their host.
2. Hosts are responsible for the conduct and behavior of their guest(s).
3. The sponsoring student must personally know their guest(s) and will be responsible for their guest's conduct, including adherence to student regulations and consideration for the rights of others.
4. Guests must have their passes with them at all times and are required to present them on request.
5. Students are limited to two guests at one time.
6. Passes are valid for a period of three days. If further visitation is desired, Security may renew the pass for a maximum of three more days. Any extension beyond those three days must be approved by the Office of Residential Life.
7. Guest passes ARE NOT required for families of enrolled students during a daytime visit. Guest passes ARE required for families of enrolled students if they stay overnight on campus.
8. Graduates of Beloit College may be issued a guest pass upon request without a sponsor.
9. Guest passes will not be issued to anyone under the age of 18, unless they are a younger sibling of an enrolled student.
10. Former students who withdrew in good standing may be issued a guest pass with a sponsor.
11. If there is an admission fee to an event for non-students, the guest will be expected to pay such a fee.
12. Guests must park on city streets, and must observe alternate side parking. Guests may park in campus parking lots with permission from security.

Entertainment passes-Coughy Haus/Bands/Entertainment

Frequently bands and hired professional entertainers will request entertainment passes for family, friends, crew and record label visitors. Students are not allowed to sponsor these "guests of the band." The number of "visitors" each entertainer is allowed will be specified at the time of the contract. All contracts must be reviewed, processed, and approved by staff in the Office of Student Engagement and Leadership Development. The entertainer's visitors will be issued an entertainment pass to the Coughy Haus or place of venue which allows them access only to the location of their performance, not campus parties, etc. Since students do not know these individuals, it is a violation of the campus guest policy to list them as your personal guests. In addition, off-campus attendees, unless known by the student personally, cannot be sponsored by a student. Violation of either of these policies is subject to disciplinary action and the full range of sanctions (see Judicial Board Policy). Entertainers may

not publicize their performance(s) in newspapers, press releases, the Web, etc. to avoid problems with unexpected and uninvited off-campus audiences.

Can townspeople or high school students come in to hear a great band?

No, to both. A student can always invite guests, but any non-student attending an event or party, even outside of the Coughy Haus needs a guest pass issued by the Security Office, signed by the student taking responsibility for hosting that individual. High school students are minors and cannot be in a facility with the sale of alcohol, ever.

Reviewed/Updated August 2021

SOCIAL HOST POLICY

All social functions/gatherings occurring in the living areas of campus must be sponsored by or hosted by students who take full responsibility for the function. ***Specific policies, procedures, and restrictions are in place during the COVID-19 pandemic.***

1. The host(s) is responsible for monitoring the behavior of those attending, ensuring college policies are followed and ensuring clean-up activities are completed.
2. The host(s) will work with the RA and residents to determine if a social gathering is acceptable prior to the event.
3. The host(s) will ensure there are students checking ID's at the entrance. Only Beloit College students and their registered guests are to be admitted.
4. The host(s) assumes all costs associated with the function. This includes, but is not limited to, cleaning, damages, repairs, etc.
5. The host(s) will call Security and/or the RA if a gathering is out of control.
6. The host(s) will monitor the area for noise problems and immediately respond to noise complaints.
7. The host(s) is responsible for the behavior of all guests and agrees to be present for the entire event.
8. For gatherings that are planned in advance, or advertised (either in writing or by word of mouth) a list of those responsible must be provided to the residential life office no later than 48 hours prior to the event. This list shall include the person responsible and serving as host and a list of each person who is checking ID's and monitoring the event.

Updated/Reviewed August 2021

ID POLICY

All students are required to possess a valid Beloit College identification card. ID's are for the student's security and convenience on campus, and are often required for admission to events and for the use of many facilities. They are not transferable. Students are required to show their ID's promptly at the request of any college faculty or staff member or security officer. The ID card is your permit card and should not be altered or tampered with in any fashion. Misuse and/or tampering/altering of an ID card may subject a student to disciplinary action. Again, this procedure is for the protection of each student's safety. Students who lose their ID card should report the loss to the Office of Residential Life, Porter Hall - first floor. You may purchase a new ID card/key card for \$25 in the Library. The ID card is the property of Beloit College.

Updated/Reviewed August 2021

MAIL CENTER POLICY

The mail center serves two primary functions: (1) as a central mail distribution center for the U.S./International mail and packages delivered to campus. As such regular postal rules apply to all stamped mail. Any questionable stamped mail will follow the U.S. postal procedures for follow up inquiry. (Past cases have involved the FBI for stamped hate mail delivered to students); (2) as a college service for inter-campus mail and all Beloit College rules and policies apply. Incidents reported to mail center staff or by mail center staff will follow the normal campus investigation/disciplinary process.

The following are procedures for campus stuffings and handling of questionable or misaddressed mail.

Campus Stuffings:

Mailbox stuffing's by student groups to campus boxes must be approved by the Student Engagement and Leadership Development Office. Generally, stuffings will be approved if they are deemed to be campus-life related and are not offensive or solicitous in nature.

Stuffings from political or religious groups, other non-college organizations and/or businesses are typically not permitted in campus mail regardless of whether or not a student or students are members of the group/organization. Exceptions must be approved by both the Dean of Students and the Vice President for Finance and Planning.

Handling of Questionable Mail:

Mail received at the Mail Center which is sealed and properly addressed will be distributed to the appropriate mailbox(es) as long as there is no outward indication of any inappropriateness. Examples of inappropriateness include but are not limited to: obvious food/candy in the envelope, hurtful/hateful message on the envelope or in the address, graphic nudity on the outside of the envelope.

Mail which arrives at the Mail Center which can be readily seen (not sealed in envelope) by Mail Center personnel to contain questionable content will be referred to the Student Engagement and Leadership Development or Residential Life office for approval/disapproval prior to distribution. If a mail patron receives what they consider offensive or solicitous mail and a complaint is made to the department, any similarly appearing pieces will be delayed in processing pending a decision on appropriateness from the Student Engagement and Leadership Development or Residential Life office.

Items which are reviewed and deemed inappropriate will be returned to the sender if the sender is known and the return is approved. Inappropriate items with no known sender will be discarded. Candy and foodstuffs of any type in campus mail are prohibited by health code.

Should these items be discovered, either through outward appearance, or through information that similar envelopes or packages are being sent, the items will be returned to the sender (if known) or discarded (if not known).

Misaddressed Mail Handling:

Campus mail which is addressed incorrectly for proper name and/or box number will be returned to the sender if there is a return address. If there is no return address on the mail piece(s) the Mail Center Manager will open the mail and attempt to identify the sender. If successful, the mail will be returned along with a note indicating the mail piece(s) had to be opened for that purpose. If the sender cannot be identified the mail will be held for 10 days to give the sender time to claim the mail. If no one has identified and claimed the mail in 10 days, it will be discarded. Should, in the course of this process, questionable content be discovered, the mail will be directed to Student Engagement and Leadership Development/Residential Life for review and a determination of its status.

MOTOR VEHICLE POLICY

In order to park in college owned/managed parking spaces all motor vehicles must be registered with Security (see parking policy below and <https://www.beloit.edu/offices/security/campus-city-parking/>). Once registered, security will make every attempt to notify you if your vehicle is involved in an accident, found with its lights on, or any other legitimate need. Security will make a reasonable attempt to notify you before towing for illegal parking, unless the vehicle is parked in a tow-away zone (fire lane, reserved space, disabled stall, etc.).

Vehicles parked illegally will be ticketed by security. The fine for improper parking is \$25 for general violations and \$50 for handicapped space violations. Tickets must be paid within 30 days and may be paid in the security office. After 30 days, the fine will double and the charge will be added to your account.

Motorized vehicles may not be taken into residence halls and may not be operated on sidewalks or grass areas. Motorcycles may be pushed on sidewalks or paths to put them in sheltered or secured areas. Motorcycles are not to be parked under the Blaisdell/Whitney covered walkways.

Students may park only in areas designated by Campus Security as Student Parking if they have purchased a parking permit: in the off-street parking spaces in front of Whitney, Blaisdell, and Bushnell Halls; along College Street from Emerson to Clary Streets; in the parking areas behind 811 College Street; behind Morse Library; and in the paved portion of the Aldrich Field lot.

Any vehicle parked in a fire lane or on the grass will be subject to towing at the owner's expense without notice. Vehicles parked in undesignated or otherwise inappropriate areas may be ticketed by Security. If a significant number of tickets are issued a vehicle may be towed without notice and at student expense. Students should also be aware that city ordinance gives the Beloit Police the authority to ticket and/or tow vehicles illegally parked in handicap parking areas.

Parking on city streets is regulated by the following code of which students should be aware: All Night Parking Alternate Sides of the Street (in effect all year).

1. On all streets within the city between 12 a.m. and 7 a.m., vehicles shall be parked only on the even-numbered sides of the street on those days bearing an even-numbered calendar date, and on the odd side of the street on those days bearing an odd-numbered calendar date. Exceptions to this section shall be:
 - a. Where parking is permitted only on one side of the street, as indicated by official traffic signs to that effect. All vehicles shall obey such traffic signs and only park on the side of the street permitted by such traffic signs;

- b.** In the central business district, where there shall be no parking from 2 a.m. to 6 a.m. on either side of the street.
- c.** The Beloit Police Department shall tow away any motor vehicle found in violation of this section. The owner or operator of a vehicle removed under this subsection shall be liable for the costs of such removal and the person having removed the vehicle may retain possession of the vehicle until the cost of towing has been paid.

Updated August 2020/Reviewed August 2021

PARKING POLICY

Students must register their vehicles and purchase a parking permit in order to park in Student Parking, including lots and spaces near student residences, and street spaces along the 800 block of College St. and the 700 block of Clary St. Non-permitted vehicles will be ticketed and towed at the owner's expense.

A parking permit is \$170 annually or \$85 per semester. Motorcycles will share designated spots and each will pay \$50 per semester for this space.

Policy rationale

Campus parking lots require regular maintenance, snow plowing and over the life of the parking lot they require resurfacing, restriping, and seal coating. The parking fee will enable students who use the lots (about 300 students) to directly support the maintenance and upkeep of these areas. Parking permits also enable security to contact students if something is wrong with their car such as the lights are on, gas is leaking, or the alarm is sounding.

Process to secure parking permit

At this time 285 total permits are available and will be distributed as follows: seniors = 90, juniors = 80, sophomores = 70, first years = 45 (permits are distributed during NSD). If permits remain after this process, they will be distributed on a first come, first served basis on the first day of class. This number of permits corresponds to the number of spaces available for student parking. Parking permits do not guarantee students a unique parking space.

Via the Portal, continuing students must request a permit in writing by July 1; first year students must request a permit by August 1. All students requesting a permit will be provided a lottery number by class year (seniors 1st, juniors 2nd etc.). Permits will be distributed by lottery number until they are gone or there are no more requests.

Students who purchase a permit will have the fee added to their student account at the time of purchase and can pick up their parking permit from the security office. Fall permits will roll over into spring term and the corresponding spring fee will be added to the student account. Any available permits at the start of spring term will be distributed on a first come, first served basis on the first day of class. All permits expire after the spring semester of each school year.

Refunds

Students who return their parking permit to the security office may be eligible for a refund of the billed fee.

- a. In the event that a student leaves during the semester the fee will be refunded following the normal refund schedule.
- b. Students who leave at the end of the fall term AND return their permit to security will not be billed for spring term parking.

Enforcement

This policy will be most closely enforced from midnight to 7 a.m.

Guests and special events/times:

- Guests must park on the streets around the campus and should pay attention to the alternate side parking ordinances enforced by the city. Guests (non-students) who receive tickets will have 72 hours to contact security to discuss the circumstances that may have generated the parking ticket.
- Students will be notified via email about dates/times where enforcement will not occur, such as move in/move out days.

How violations will be handled

1. Each violation will result in a \$25 fine; unauthorized parking in spots reserved for people with disabilities will result in a \$50 fine.
2. Repeated violations can result in towing at the owner's expense.

NOTE: If a permit is purchased at the time a fine is incurred, the fine is waived. This is subject to permit availability.

Updated May 2018/Reviewed August 2021

NOTIFICATION POLICY

The official method of contacting students is by their Beloit College email account. It is the students' responsibility to regularly check their email for messages and updates from administration as well as faculty and staff. You may have your emails forwarded to a separate address and IT can assist you with the task.

In case of an emergency situation notification and instructions will be sent to students' email as well as a call or text to the cell phone number provided to the school by the student. Students may opt out of the text-message notification option.

CAMPUS PROGRAMMING & FUNDING

CONTRACTING POLICY

Any student/student group wishing to hire a performer, entertainer, or non-students to perform a service on campus (hereby referred to as artist), must have a written contract made for the services performed and signed ONLY by the Director of Student Engagement and Leadership or the Director of Residential Life. Under no circumstances can students ever sign a contract. (C-Haus contracting is coordinated through the C-Haus Manager and the Director of Student Engagement and Leadership).

Contracts can only be made if money for the entire amount of the service has been approved by the funding board or a club's budget. Contracts will never be signed if the money is not appropriated.

Payment: A Beloit College check must pay all services performed by artists. No other forms of payment are permissible. A contract and W-9 form need to be signed by the artist and turned into the Student Engagement and Leadership Office at least one week before the performance. No exceptions will be made. Failure to meet this deadline may result in payment not being available on the day of the show.

Terms of contracting: Any student wishing to make offers to artists must first meet with the Director of Student Engagement and Leadership for a formal training session. No contracts will be authorized for students who do not follow through on this mandatory training session.

Verbal Contracts: Verbally committing to any artist, performance dates, or similar items can result in the student personally paying for their commitment to the artist. Beloit College will not tolerate or support verbal contracts. Artists can be contacted for price quotes but under no circumstances should a student agree to anything until a meeting is made with the Director of Student Engagement and Leadership to go over specifics. Failure to abide by the above policies may result in disciplinary action.

All performances and services paid by student activities monies must be contracted. All other performances and events are strongly encouraged to be contracted to protect all parties involved.

FUNDRAISING POLICY

Beloit has a full-time professional staff of fundraisers and alumni specialists to support the needs of the college. Students may raise money or ask for gifts-in-kind for clubs, programs, travel, athletics, etc. from alumni and local businesses within certain guidelines. We are here to help make the most of your fundraising ideas and encourage you to find out what services we can provide to assist. In all cases, please contact one of the staff from the Office of Development & Alumni Relations (DAR) before proceeding:

<https://www.beloit.edu/alumni/contact-us/>

1. To raise gifts (of any type) from ALUMNI or PARENTS:

Contact the Director of Annual Giving.

2. To raise money/gifts-in-kind from any LOCAL BUSINESS (goods/services/cash/gift cards, etc.):

Contact the Director of Corporate & Community Partnerships.

3. For all other questions or to speak by phone about holding a fundraiser, ideas for raising funds, or learning to be a development/alumni relations professional:

Contact the Executive Assistant at the Office of Development & Alumni Relations.

HEALTH POLICIES:

GENERAL IMMUNIZATION POLICY

Beloit College supports the same immunization requirements that apply under state law to Wisconsin school students in kindergarten through grade 12. We require all enrolled students to provide dates of two MMR's or equivalent (2 mumps, 2 measles, 1 rubella). We strictly enforce our policy and permit only limited exceptions. Disease can spread quickly at a small residential college and the college has an interest in protecting individuals and the campus community from the devastating consequences that can result when an adult contracts one of these illnesses. State law requires all students living on campus to review the information concerning meningitis and hepatitis B, acknowledge this information and/or provide dates of vaccinations for meningitis and hepatitis B.

If a student waives the immunization requirement due to religion, personal conviction, or medical contraindications, an immunization waiver form must be signed and on file in the Health and Wellness Center prior to enrollment at Beloit College. By signing the waiver, the student accepts the possibility of quarantine in the event of an outbreak of any disease. It also may be necessary for a student to leave campus in the event of an outbreak in town or on campus of a disease for which they have signed an immunization waiver. A signed waiver must be submitted prior to registration for courses.

COVID-19 VACCINE POLICY

Proof of full vaccination for students is required by the date of return to campus for Academic Year 21-22. Faculty and staff must provide proof of full vaccination, including the maker of the vaccine and dates of vaccination, to Human Resources by August 1, 2021. This requirement applies equally to those who have already had COVID-19 or have the presence of antibodies. Any vaccine authorized for use is acceptable, including vaccines obtained outside the United States. The full number of doses of the relevant vaccine must be completed at least two weeks before arriving on or returning to campus for the fall semester.

Beginning August 1, 2021 students, faculty, and staff will not need to wear masks or attend regular testing if they have been fully vaccinated, nor will they have to quarantine if they are designated a close contact of someone who has tested positive for COVID-19. Testing and quarantine will continue for those who display symptoms of COVID-19 infection.

Faculty, staff and students may request an exemption from the vaccination requirement for medical reasons, religious beliefs or strongly held philosophical objections. Faculty and staff seeking an exemption should contact Human Resources and students seeking an exemption should contact the Health and Wellness Center.

Updated/Reviewed August 2021

GENERAL QUARANTINE POLICY

A student who contracts or is at the risk of contracting MMR (Measles, Mumps or Rubella) and/or other communicable illnesses may be asked to seek treatment, remove themselves from the campus community or return home for the duration of two incubation periods from the time of diagnosis. If immunization against or medical treatment for MMR or other communicable illnesses specified by Beloit College are voluntarily forgone, the student will not be eligible for room, board, and tuition refunds. If immunization against or medical treatment for MMR or other communicable illnesses specified by Beloit College is sought and the student is asked to remove themselves from campus they may be eligible for a refund (per college refund policy). Regardless of the circumstances the student may also be held academically responsible for class/lab absences necessary to meet course requirements, caused by the specific illness at the discretion of the professor.

ISOLATION/QUARANTINE POLICY for COVID-19

A student who tests positive for COVID-19 or is designated a close contact of a positive COVID-19 case may be asked to move to a quarantine or isolation space at the discretion of Beloit College. The duration of isolation or quarantine will take into consideration the date of exposure, testing or symptom appearance, current CDC guidelines, and current college policy regarding COVID-19 isolation and quarantine. If immunization against COVID-19 is voluntarily forgone, the student will not be eligible for room, board, and tuition refunds. Regardless of the circumstances the student may also be held academically responsible for class/lab absences necessary to meet course requirements, caused by the specific illness at the discretion of the professor.

HOUSING POLICY - USE & OCCUPANCY OF COLLEGE-OWNED HOUSING

The college's housing operation, including residence halls, fraternity and sorority housing, special interest housing is managed by the Offices of the Dean of Students and Residential Life, with the following policies operative:

1. Full-time students are required to live in college housing and subscribe to a dining plan during their first six credit terms. First-year students must select from one of the top tier meal plans. Other students may opt into any of the available meals plans. See the Bon Appetit website (<https://beloit-college.cafebonappetit.com/#meal-plans>) for information about the meal plans.
2. Part-time students (under two units of credit) may live in college housing with the approval of the director of residential life or dean of students.
3. Transfer students are required to live in the residence halls and eat in the dining hall in accordance with policies regulating the class or term to which they are assigned by the registrar.
4. Married students, military veterans with two years of active duty, students with dependent children, and commuting students who live with their parents are exempt from the residency requirements.
5. Specific regulations related to the use and occupancy of college-owned housing will be determined by the director of residential life. Such regulations are found in the residence hall agreement and the residential life section of this handbook.
6. A second term first-year student may live and/or eat in a fraternity or sorority house if the following three criteria are met:
 - a. The student is an active member in the fraternity/sorority and;
 - b. The student makes the decision for living and/or eating in a fraternity/sorority prior to the beginning of the term and;
 - c. The move is approved by either the dean of students or director of residential life.
7. No first-year student may move from a residence hall to special interest house or a fraternity/sorority unless approved by the director of residential life.
8. If practical, the college will not enter a student's room unless accompanied by the student, their authorized representative, or a second authorized college representative. However, the college reserves the right to enter student's rooms for the purpose of inspecting the premises when an authorized agent of the college has reason to believe that:
 - a. an occupant of the room may be physically harmed or endangered;
 - b. damage is being done to the room;

- c. college policy as stated in the college catalog, the residence hall manual, or student handbook, or subsequent written notices is being violated;
 - d. housekeeping, room inspection, maintenance, and/or repair are necessary.
9. Items belonging to the college which are not part of furnishings (for example, lounge furniture, dining room equipment, library books) or items which are illegal by law or college policy (e.g., drugs, firearms) may be removed from a student's room if they are in unobstructed view of the college official. Discovery of such items may constitute the basis for subsequent disciplinary action and/or fines.

Gender Neutral Housing

Beloit's strong tradition of empowering students with alternative gender and sexual identities has been a landmark of the college's acceptance of diversity. In order to advance our proud history of supporting all students, Gender Neutral Housing has been created to create a more comfortable and safe on-campus environment for students with alternative gender and sexual identities by allowing students to room with another individual regardless of sex.

Students who want to live on a gender-neutral floor must sign the Statement of Intent before they may choose a gender-neutral room, but they do not have to identify a specific reason for picking gender-neutral housing. The process for selecting rooms will be the same as any other on campus: students must participate in the lottery and may select a gender-neutral room when their number comes up. All roommates must be chosen ahead of time (no "open-doubles" to be filled by Residence Life). If a roommate leaves the room, the current resident will be given an opportunity to find a replacement. Should none be found, the room will revert to the biological sex of the resident and Residential Life may put another student in the room.

General Housing Rules

Beloit College recognizes that learning is not confined to the classroom but also encompasses a broad range of co-curricular activities and experiences. One of the most important of these is the interaction among students, faculty and staff which occur on a residential campus.

The residence halls are largely self-governing and operate on the basic principle of mutual respect and consideration for the rights of all residents. Students are encouraged to accept individual and collective responsibilities for setting their own guidelines in these areas.

As a residential liberal arts college, we strongly believe that a significant amount of personal growth and development occurs in the residential environment. For this reason, all students are required to complete at least six terms of full-time enrollment in college-operated residence facilities. College facilities include residence halls, fraternities, sororities, apartments, special interest houses, and townhouses. In addition, all students are expected to purchase a college board plan for at least their first six semesters. First-year students are

required to purchase the full meal plan. Exceptions to this policy must be approved by the director of residential life.

In order to ensure smooth functioning of the living areas (residence halls, special interest houses, Greek houses and apartments), and the protection of students' individual rights, and the protection of personal and college property, a number of operating policies and procedures are in effect in the living areas:

Air Conditioning: Air conditioning units may not be installed in any residence space.

Alcohol: The Office of Residential Life recognizes that a few students while here at Beloit may choose to experiment with the use of alcoholic beverages. Such experimentation needs to be done in an educated, responsible fashion with due regard to the state, local, and college community norms. The focus of the residential life staff shall include alcohol education; support of a responsible use decision; and confrontation of inappropriate behavior by those choosing to use and/or abuse alcoholic beverages. Thus, the following guidelines have been established:

1. The consumption of alcoholic beverages is permitted for residents of legal drinking age in their room.
2. Those individuals (of any age) choosing to use alcohol irresponsibly can expect to be confronted by fellow students, residence hall staff, security staff, or professional hall staff. Those not of legal drinking age can expect disciplinary sanctions appropriate to their behavior and their age.
3. The living areas (residence halls, special interest, Greek, and townhouses) do not have a license for the sale of alcoholic beverages. As a consequence, the serving of alcohol is permitted on a host basis only, and at no time may alcohol be sold or donations accepted in lieu of payment for alcoholic beverages.
4. The use of alcoholic beverages at parties/group events in the residence halls will be permitted only in those halls with a preponderance of students who are of legal drinking age. The host shall assure that no person under the legal drinking age is served alcohol. The host shall register their event per the social host policy.
5. Any person whose behavior indicates irresponsible use of alcoholic beverages and/or violation of college policy or these guidelines shall be liable for disciplinary action under the conduct guidelines listed in this handbook.

As an educational institution, we place a great deal of responsibility on you, the student. You will choose to use or not use alcohol. Only you can make this decision. We expect you will make an informed decision. If you have concerns and would like to discuss your decision, please talk to your advisor, resident assistant (see description later in section), the dean of students, residence life staff, or any member of the student life staff.

It is each student's responsibility to:

1. Make an informed decision about alcohol use.
2. Develop an awareness of the state and college regulations on alcohol use and the regulations on drinking and driving.

3. Talk with a friend who may have a problem, and try to convince them to speak to a counselor.
4. Confront those whose behavior may be damaging to the community or themselves. As a member of the college community, we hope you will exercise your responsibility with care and concern for those with whom you live and learn.

Bicycles: Bicycles may be stored in student rooms as long as they do not prevent easy egress from the room. Additional storage space for bicycles is available in most residential complexes during the academic year. Limited long-term storage space is available in the Porter and Peet Storage areas. Students may not keep bikes in common areas (i.e. - attached to stairwells, furnishings, etc.). Bikes left in these areas will have the locks cut off and the item removed.

Bulletin Boards: Used as a prime method of communication. Each resident is responsible for knowing the contents of all official notices on bulletin boards or posting areas in the residence halls.

Candles: Candles, kerosene lamps, or any other open flame devices are not permitted in any of the living areas under any circumstances for fire safety reasons.

Check-In/Out: Students may move into the residence halls at 9 a.m. on the day preceding registration or on the date students are required to be on campus, and must be completely checked out of their assigned space by 5 p.m. THE DAY AFTER THEIR LAST FINAL EXAMINATION, BUT NO LATER THAN PUBLISHED DATES. Any students seeking an exemption must submit a written request to the director of residential life two weeks prior to the end of the semester.

Doors: Suite, hallway, and room doors that are left propped open create a potential security breach and fire hazard. For the sake of all residents, please leave all doors closed and locked (when appropriate).

Fire Alarms and Extinguishers: Fire safety equipment (fire extinguishers, fire alarms, and smoke detectors) and evacuation/exit plans are installed in every building to protect the residents in case of a fire. Tampering with this equipment endangers the safety of others, is a violation of Wisconsin law, and will be considered a serious offense by the college. All tampering and/or damage to fire equipment will result in a fine of \$100 for the offender if apprehended, or \$10 per person on the floor where the incident occurred if no one person is found to be responsible. Covering a smoke detector in order to render it not operational is a serious violation of policy. In addition, disciplinary action and criminal action may be taken. Should the student have a legitimate need to discharge an extinguisher, this action must be reported immediately to the Security Office, and no fines will be assessed. In all cases, should the individual responsible for the tampering come forward, the fine will be reduced to the cost of replacement or \$30, whichever is greater, as well as possible disciplinary and criminal action. In addition to this, there will be two inspections of smoke detectors per year. If a smoke detector is not in place a replacement detector will be installed and the student charged the cost of the detector and labor at time and one half rates. Minimum charge for basic detector replacement is \$30. Immediately, upon moving into a hall, each resident should become acquainted with the fire exit routes, locations of extinguishers, alarms, and hall evacuation routes and procedures.

Fire Evacuation: When a fire alarm sounds, all residents will begin evacuating the residence halls according to the following procedures:

1. Notify security immediately, (608) 363-2354 and (608) 363-2355.
2. Evacuation shall be by the nearest exit. All evacuations must be accomplished in a calm and orderly fashion. Student fire marshals assist the RA by knocking on doors and directing students out of the building.
3. Resident assistants and their students should move away from the building a minimum of 300 feet. Each person in charge of a group should make a head count to ensure, if possible, that all persons have evacuated the building. All residents of a hall shall meet in the area designated on the hall evacuation plan as the meeting place. If a person is thought to still be in the hall, notify the security officer and they will immediately notify the fire department.
4. No one is permitted to return to the hall until the all-clear is given by the senior fire officer at the scene. Security will have the responsibility of transmitting the all-clear information to college-related individuals.

Furniture Moving: College property, including furnishings, screens/storms, must not be removed from assigned areas without authorization from the office of residential life. Students who remove furniture or other items from their designated areas will be billed \$10 per day rental fee and a minimum \$20 per item for having the item returned to its original location. A student whose room is missing the original furnishings upon check out will be assessed a charge for the replacement value of these items.

Halogen Lamps: Due to the increased number of fires from halogen floor lamps, we will join other colleges in banning halogen lamps from residence halls. New halogen lamps with lamp guards may be acceptable, but should be kept away from window curtains. Contact residential life at (608) 363-2350 for more information.

Incense: Incense is not allowed on campus or in any of the residence halls.

Keys: At the beginning of the semester, at check-in, each student will be issued key(s)/key card that will open their room, any lounges accessible to students on that floor, and the exterior entrances to the building. All students must return their keys at the end of each term. Failure to do so will result in a \$40 cost for every key not turned in and a \$25 cost for every key card not turned in. Keys may not be duplicated.

Laundry: Clothes washers and dryers are located in the basement of most residence facilities. Problems with the equipment should be reported directly to the company. (1 (800) 242-5453 – Coin Appliance Co.).

Lock-Out Policy: Residents are expected to carry room and building keys with them at all times. Personal and property safety demand locked doors and attention to key safety. In the event a student is locked out of their room prior to midnight, the student should contact the RA to borrow the spare key. After midnight or if the RA is not available, contact security for assistance. The student may use the spare key for a period of 24 hours, while looking for their keys. If keys are not found in 24 hours, the student must order new locks and turn in the spare key. Key replacement will usually happen on the same day the order is placed. All key replacements can be done in the Office of Residential Life.

Lost ID/Meal Cards/Key Card: If you lose your ID/meal card/key card, the replacement charge is \$25, you obtain a duplicate ID from the library. Report a lost card to the Residential Life Office as soon as possible during normal office hours. If you want to eat and you do not

have your ID/meal card, you must pay the guest meal price. However, you will be issued a cash receipt and can receive a refund, in full, if you present this receipt and your valid ID at the Food Service Office within 72 hours. ID cards are considered a part of your college record. Falsification or tampering with college records (ID/meal card/key card) is considered a serious offense. Violators are subject to disciplinary action, a cost of \$30, and possible loss of ID/meal card/key card.

Lounges and Public Areas: Lounges are provided for the use of residents and their guests but are not to be used for the accommodation of overnight guests. Students are responsible collectively for the condition of lounges and common areas, such as bathrooms and kitchens, in their part of the building. The costs for repairing any damages to these common areas that cannot be assigned to a specific individual will be shared by all residents of that area of the building. For safety reasons residents may not sleep overnight in the lounge areas.

Motorized Vehicles: No motorcycles or other motorized vehicles may be brought into the residence halls.

Noise Policy:

Residence Life recognizes that in past years individual floors were able to set their own quiet hours. This year the Office Of Residential Life is instituting universal Quiet Hours for campus. Residents have the responsibility to be considerate of others at all times (24 hour courtesy hours). This means respecting another's right to sleep, study and not be disturbed. Each resident has the responsibility to confront any noise problem that is of concern to them and to call upon a RA if assistance is needed. Each floor will decide on guidelines to help maintain an atmosphere that will respect the rights of those residents who are studying or sleeping. No stereos or sound equipment should be audible outside one's room. Residential Life reserves the right to confiscate sound amplification equipment for repeated or flagrant violations of the above housing noise policy. Again, out of consideration for others we require all residents to observe "Quiet Hours."

Quiet Hours:

- Sunday-Thursday 10:00 pm-8:00 am
- Friday & Saturday 12:00 am-10:00 am
- During Finals week there are 24 hour quiet hours that are enforced starting on the Day before the first day of Finals

Overnight Guests: Residents may have overnight guests for up to three (3) consecutive nights. As host, you need permission from your roommate, and a guest pass from security. You also need to notify your RA. All guests must comply with college regulations. Hosts are responsible for the conduct and behavior of their guests.

Pets: Due to the many problems associated with animals living in a highly populated area, no pets other than fish in an aquarium (5 gallon tank maximum allowed) are allowed in the residence halls. Many students are allergic to pet fur, and even under the best of conditions, animals can bring unwanted vermin into the building. It is also very difficult for the animal to live in such close quarters. Residents with pets will be charged \$60 cleaning charge for each area visited by the animal and may be billed for the replacement of carpet in areas visited by their pet. Residents having pets may be evicted and charged the full room rate for the remainder of the semester as a result of not meeting their live-in requirement (if applicable).

Privacy: A student has the right to the use of their room for sleep, study, and recreation. While the right to sleep and study takes precedence over the right to recreation, roommates and

suitemates are expected to cooperate with each other in the use of their room(s). A student has the right not to be affronted in their room by unreasonable noise originating there or elsewhere, or by behavior which adversely affects the pursuit of their education. Students should not be subjected to conditions which might involve them in a violation of the law. Each resident is responsible for the protection of their own personal rights as well as those of others. This includes responsibility for confronting those who abuse your rights. The RA will assist if needed but should not be expected to be the sole guardian of personal rights. If practical, the college will not enter a student room unless accompanied by the student, their authorized representative, or a second authorized college representative. However, the college reserves the right to enter student rooms for the purpose of inspecting the premises when an authorized agent of the college has reason to believe that:

1. an occupant of the room may be physically harmed or endangered;
2. damage is being done to the room;
3. college policy, as stated in the Beloit College catalog, student handbook, or subsequent written notices is being violated;
4. housekeeping, room inspection, maintenance, and/or repair is necessary.

Due to the limitations of work schedules, and in an effort to utilize Facilities staff most efficiently, workers may enter student rooms without prior notice to make necessary repairs. Workers will first knock on the door, and if the student is present, explain the nature of the visit. If no one is present, the workers will enter the room, make the necessary repairs, and leave when these repairs are completed. Students do not have the right to deny access to their rooms to Facilities staff who are assigned to make necessary repairs.

Residence Hall Contracts: The residence hall contract is a binding, yearlong agreement. It is a contract, and as such all students are encouraged to read it carefully. Details on how Residence Hall contracts and room and board costs are affected by our Refund Policy can be found at: <https://www.beloit.edu/offices/bursar-tuition/policies/>

A few key issues to remember:

1. The agreement is for both semesters.
2. To cancel the agreement without penalty, you must notify the Office of Residential Life prior to June 15.
3. To cancel the agreement for spring, if you have completed your residency requirement, you must notify the Office of Residential Life by December 1.
4. Any exceptions must be made with the director of residential life.
5. All guidelines as described in this handbook apply.
6. The college is not liable for theft, loss of, or damage to student personal property housed in college facilities. For clarification of the contract or exception to a policy, please consult with the director of residential life.

Resident Assistants: Each residence hall and most houses are staffed with one or more Resident Assistant(s) (RA). An RA is an upper-class student who has been carefully selected by a team of Residential Life staff members to act as a peer counselor, educator, social programmer, advisor, and resource for their residents. As members and leaders within the residential community, RAs have a responsibility to assist floor members in developing and maintaining an active, respectful, and cooperative atmosphere on their floor and throughout their building. In short, they are concerned with the personal, social, academic, and physical well-being of the students in the residence areas.

Roofs/Ledges: Because of the danger involved, students are not permitted on roofs or ledges of any building except for the Science Center, when authorized or open for events. The college has a limited warranty for the roof, and any student found on the roof may void this warranty. The cost to any student found on a roof is \$50 per occurrence.

Room Alterations: Alterations of the facilities, including but not limited to, painting, building partitions, and removal of doors, are not permitted without the written permission of the director of residential life. Painting of student rooms is regulated by the paint policy. Students will be required to remove decorations or furnishings which are deemed to be a fire hazard. Construction, decoration or arrangement of furnishings that hinders direct egress from the room is not permitted. You agree to hold harmless the board of trustees, the college, its officers, employees and agents, and to indemnify them from any claims for damages sustained by you or others in your room as a result of your acts or omissions relating to any changes or modifications made by you to your room or furnishings, such as the construction of bunk beds, bookshelves, partitions or other structures. This clause makes you financially responsible to the college and releases the college in the event a person who is injured by a hazard created or constructed by you claims the college is liable for damages. Students are required to return their room to the original condition by the checkout date.

Room Assignments: Fall term room assignments for new students are made by the Office of Residential Life, and are based as closely as possible on students' expressed housing preferences. All other students choose their own rooms using the lottery during the preceding spring term. Spring term room assignments are made as space becomes available. Students are placed in rooms in the following order by class: Students returning from seminar/college run programs, any displaced students, students returning from vacation term or off campus, followed by new students.

Room Cancellations: The residential life agreement is binding unless the student informs the Office of Residential Life in writing of their decision not to return to Beloit College or move off campus, if the six-term residency requirement has been completed, before June 15 of the school year. Failure to inform the Office of Residential Life before June 15 will result in a cancellation fee of 20 percent of one term's rate. Students leaving college housing prior to spring semester for any reason, including graduation, participation in a college structured off-campus program, moving off campus, or if residency requirement has been fulfilled, must notify the Office of Residential Life in writing prior to December 1 of the school year. Failure to inform the Office of Residential Life by December 1 will result in a cancellation fee of 20 percent of one term's rate.

Room Changes: All requests for moving to a new room during the school year must be approved by the Director of Residential Life. If you move to a new room, your old room will be inspected for damages after you vacate it. Normally, no changes will be made until after the second week of the term, and then changes will be made only under unusual circumstances. The college reserves the right to change room assignments and occupancy levels in the interest of health, discipline, housing needs, or the general welfare of the student and/or other students. Hall or room changes may not be made without approval of the Office of Residential Life.

Room Inventory and Damages: At the beginning of a student's occupancy of a room, an inventory of the condition of the room and its furnishings will be made by the student and the resident assistant. Blank inventory forms are available through the RA and/or the

Residential Life Office. Within the first week of occupancy, you must inventory the condition of your room in detail, being very specific regarding any damages present when you moved into the room. Upon checkout, the room condition will be compared to the initial inventory. Charges for damage done to the room and/or missing or broken furniture will be assessed. Those who do not submit an initial inventory should know that the room will be expected to be in perfect condition upon check-out, and there is no opportunity to appeal charges without an initial inventory. Failure to complete and return a room inventory when you move into the room will result in a \$30 charge.

Room Painting Policy: Residence hall rooms are painted by facilities painters. Any student who feels their room needs painting should contact the Office of Residential Life. After an inspection of the room, if it is judged that the room needs to be painted, we will schedule a painting time with the staff at facilities. No room may be painted more than once every three years.

Room Personalization: In an effort to promote a more positive environment, students are strongly encouraged to personalize their rooms. This can be accomplished in several ways:

1. Moving and arranging the furniture to fit your style and living needs. (All furniture is kept free standing and moveable for this reason.)
2. Decorate your walls with posters, pictures, etc.
3. Bring plants in to add color and a sense of home to the room.

Safety: Every attempt is made to provide safe, secure buildings. All members of the residence community must share responsibility for security. All residents can help in this process by: reporting suspicious strangers to security, keeping fire doors closed, not propping open outer doors when they are locked for the evening, and keeping room doors locked. The college cannot accept responsibility for damage, theft, or loss of personal property. Students are encouraged to obtain insurance on their possessions.

Security: Every attempt is made to provide safe, secure buildings. All members of the residential community must share responsibility for security. Residents are issued a key or key card for the exterior doors to their building. Key cards normally allow access from 8:00 a.m. – midnight. After that time only the building assignment card will open the doors.

Note: these hours are subject to change. When someone knocks on your door, ask who it is and check the person, using the door viewer provided before responding. You should keep your room door locked at all times. Each student is encouraged to record the serial numbers of all valuable items. It is also advisable to make special arrangements for the protection of valuables when absent for extended periods. The protection of personal property is the individual's responsibility.

Severe Weather/Tornado Plans: At various times during the year, we may have a severe weather alert and/or a tornado watch/warning (especially in the spring months of March, April, and May). It is important that all students be aware of any severe weather conditions. Most initial notifications will come via T.V. or radio. If there is an imminent threat you will receive a text from Beloit College Emergency. All students will be expected to move to an area of safety only in the event of a tornado warning. In Beloit, the tornado sirens will be sounded for a three-to-five-minute period to alert residents of a tornado warning. At this time you should move to a place of safety. In most halls, this area is the basement, away from doors and windows. The severe weather safety location is written on the fire evacuation plan

posted in each hall. You should also take a portable radio turned to local stations (WGEZ-1490/AM, WCLO-1230/AM) for information on the warning and notification of the all-clear. The city of Beloit will not sound an all-clear siren. You should remain in a place of safety until you are notified of the all-clear by the RA, security, or the radio. It is important to remain calm and move quickly when the sirens sound. Please remember, tornadoes are not always associated with severe weather outside. If you have access to a TV tune to a local station for weather updates.

Smoking: Smoking **is not allowed** in any academic building, residence hall, or the museums. If there is disagreement about the substance, security is authorized to call the police for help in determining the nature of the substance.

Solicitation: Salespersons are prohibited from selling in residence halls and from door-to-door solicitation unless they have written authorization from the Director of Residential Life. Violators should be immediately reported to security (608) 363-2355 or residential life (608) 363-2350.

Sound Equipment: Residents are always expected to keep sound equipment at a level conducive to group living. Stereo speakers **must be kept out of windows**, and not played in a manner disturbing to the residence hall community. All residents are encouraged to use headphones. Student rooms are not designed for practicing musical instruments.

Space Heaters: Space heaters are not allowed in residence spaces due to the fire danger they present. If your room is too cold please call facilities or contact your RA for assistance.

Storage: Storage areas for student belongings are located in the basements of Porter and Peet Halls. Hours of operation are posted at the beginning and end of each semester. Access to storage outside of these times must be arranged with the storage coordinator. Contact the storage coordinator or residence life for information. In order to best serve and protect all students using the facilities, we ask individuals to store all items in sealed boxes, or in covered containers. All items must be clearly labeled with the owner's name, class year, and box number. Graduating students or individuals not returning to campus are not eligible for storage space. Students storing items do so at their own risk. Students may leave non-valuable personal belongings in their rooms between fall and spring semesters, unless there is a need to use the facility. In such a case, students who are affected will be notified in advance. The college assumes no liability for student belongings stored anywhere on campus. Students may want to purchase insurance if they are concerned about their property. If items are not claimed by your graduation date they will be sold or donated.

Student Food Committee: This very active committee is the primary agent for feedback, evaluation, planning, and communication regarding the dining service. This committee needs your help and input, and, therefore, invites you to share your ideas and thoughts during regularly scheduled meetings. If you would care to apply for membership with this committee, you may either go to any meeting, or talk to the director of the food service. Watch for posters with the meeting times and location early in the term.

Cable TV: Residents are not permitted to install TV cable in their rooms. Some residence halls are wired for cable TV. Students may contact Spectrum to arrange for service. All contracts for TV cable service are between the cable provider and the student. The college assumes no liability for any damage nor accepts any costs on student provided service. Tapping into a contracted service is a policy violation.

Telephones: Outside phones are provided at Whitney Hall, 609 Emerson (west side), Maurer Hall, Wood (east center), Bushnell (east), Morse Library, Neese Theatre (north side), Women's Center House, Wood (west), 811, corner of Park and Clary, (west), 819 (south), Chapin Hall, Sports Center North parking lot, east side of WAC, and the corner of Emerson and College street. The security staff will respond immediately when called to any area of campus. The number for security is (608) 363-2355.

Vandalism Policy: Students found guilty of vandalism shall be held completely accountable for the entire cost of the damage that they have done.

Vending Machines: Vending machines are conveniently located in several residence halls. Additionally, more machines are available in the Powerhouse and in the lower level of Pearsons Hall. Problems with the equipment, including refunds, should be reported to the Office of Residential Life, (608) 363-2350.

Wall Hangings: No nails, tacks, screws, hooks, or pins may be driven into the surfaces of the room or furniture. Pictures and other decorations may be mounted on the walls with artist putty, picture tape or hooks that will not damage the paint on the walls (found in the bookstore).

Water Beds: Due to the stress which they place on the floors, and the potential damage from leaks, waterbeds are not permitted in the residence halls.

Weapons and Explosives: The use and/or storage of any weapons, firearms, ammunition, or explosives of any kind in the residence halls are strictly prohibited. Laboratory chemicals and fireworks also are not permitted in the residence halls. (See also Student Regulations and College Policies.)

ANIMAL POLICY: PETS

Pets, other than fish in an aquarium, are not allowed to be on campus with students. At times people will bring pets to campus. Those pets are not allowed in any campus building, nor on the grounds of the Stadium area, and waste must be picked up after them in the outdoor venues. Any charges for damages or cleaning are the responsibility of the pet owner, or the student, if the student is found responsible for the presence of the pet. Service animals and emotional support animals are not pets. For service and emotional support animals to be on campus, students are to contact the [Learning Enrichment and Disability Services](#) office.

EMOTIONAL SUPPORT ANIMALS

Emotional Support Animals in Beloit College Student Housing

Beloit College is committed to creating and sustaining a successful community of inclusive excellence as we prepare students to live, learn, and work among people who experience the world in fundamentally different ways. Within this framework, the College is committed to providing a supportive environment for students with disabilities as well as to complying with all applicable provisions of the Americans with Disabilities Act as amended (ADAAA), Section 504 of the Rehabilitation Act of 1973, and the Fair Housing Act.

Under the Fair Housing Act (FHA) a person with an appropriately documented disability may keep an emotional support animal in the individual's dwelling when there is an established need for the therapeutic nature of the animal that is connected to the individual's disability.

An Emotional Support Animal (ESA) provides emotional support to persons with a diagnosed disability who have a disability-related need for such support. The ESA is indicated as necessary for an individual with a disability by an appropriate and relevant healthcare professional. [Please Note: Any website claiming to "register" or "certify" your animal to be an Emotional Support Animal or Service Animal (especially if they charge a fee) is a scam with no legal bearing and is never a substitute for following the policy and procedure to have an ESA at Beloit College or anywhere else. Use the college's forms, completed by the appropriate indicated professionals only. For credible information about assistance animals as reasonable accommodations, visit [the U.S. Department of Housing and Urban Development's website](#).

An ESA may be a reasonable accommodation for a student with a diagnosed disability within the student's privately assigned living space. Students may qualify for this accommodation if (1) the student has a documented disability; (2) the animal is necessary to afford the student with a disability an equal opportunity to use and enjoy their dwelling; and (3) there is an identifiable and documented nexus between the disability and the assistance that the animal provides. The College will allow only those ESAs that are allowed by local and state laws and conform to standards within this policy.

Students must receive Emotional Support Animal designation from the Director of Learning Enrichment and Disability Services (hereto referred to as "Director") prior to bringing their animal to campus. If you do not have authorization, you can't have your animal on campus. If you are found to have an animal on campus without approval, that animal must be removed immediately. Therefore, students are to follow the deadlines indicated for all housing accommodations requests found in the general Housing and Food Service Accommodation

policy (<https://bit.ly/3tWhSyl>). To make determinations, the Director will review documentation and communicate/consult with the appropriate members of the college community. Like all accommodations, the determination of whether or not an ESA will be permitted is made on a case-by-case basis through an interactive process between the student and the Director.

Once approved, the Director will notify the Residence Life Office and the student. A Residential Life staff member will then contact the student for additional details and, along with the student's other residential life preferences or needs, determine a housing option for the student. Students should note that housing options may be limited as the College balances appropriate accommodations to students with disabilities with students who have allergies and/or animal fears. Consequently, advance notice as noted in the Housing and Food Service Accommodations policy (<https://bit.ly/3tWhSyl>) of the need for an animal is essential to the College providing a smooth transition for the student and the rest of the community where the student will reside.

Requirements for Emotional Support Animals

The care and supervision of the ESA is solely the responsibility of the student owner. The student must be in full control of the ESA at all times. ESAs may not pose a direct threat to the health and safety of persons on the college campus, cause physical damage to property, or fundamentally alter the nature of the College operations.

An ESA can be a dog, cat, small bird, rabbit, hamster, gerbil, fish, turtle or other small, domesticated animal that is traditionally kept in the home. A dog must be at least 9 months of age to live on campus to assure that the dog is reliably housebroken, not disruptive to other residents, and has all of the shots required by state and local ordinance as necessary to make it safe to be around humans. Other types of ESAs must be similarly capable of, and trained for toileting without disruption or damage to property and must have necessary vaccinations as required by state and local ordinance. We typically do not allow animals known to carry the risk of zoonotic disease and cannot be adequately controlled to be in residence.

The ESA must be maintained (kept clean, free from fleas or ticks, etc.) and may not create safety hazards for other people. Local and state ordinances and laws regarding animals apply, including requirements for immunizations, licensing, noise, restraint, at-large animals and dangerous animals. Note that the City of Beloit requires a city license (<https://bit.ly/3rfkZiV>) for all dogs residing within the city limits; this includes College property.

An animal's behavior, noise, odor and waste must not exceed reasonable standards for a well-behaved animal. These factors should not create unreasonable disruptions for other residents.

If the noise (whining, barking or meowing) is excessive as judged by residence life staff, it is grounds to remove the ESA from campus. ESA's may also be excluded from the college campus if the animal behaves in an unacceptable way and or the student does not control the ESA. Uncontrolled barking, jumping on other people, or running away from the handler are some examples of unacceptable behavior for an ESA. Any suspected or observed issues related to animal abuse or neglect will be reported to the proper investigatory authorities and may subject the student to college disciplinary action as well.

The student is responsible for immediately cleaning up and properly disposing of the ESA's waste and is responsible for having the equipment to do so. People who are physically unable to accomplish this task are responsible for arranging for it to be done and any costs that it incurs. The College retains the right to designate a particular area for the ESA to relieve itself and/or for the disposal of its waste.

ESAs are limited to the privately assigned living space (room) of the student except when exiting or entering the student's residential building. It may not be allowed into bathrooms, laundry facilities, indoor recreational rooms, lounges, hallways, computer labs, study rooms, or other areas of the residence hall. It also cannot be taken into classrooms or other buildings on campus or allowed to roam freely on campus grounds.

ESA's must have enough space within the privately assigned living space to be appropriate to the size of that animal. ESAs are to be confined (i.e. cage, tank) when the owner is not present in the room. Owners are not to leave their ESA unattended overnight.

Roommates, neighbors, security, physical plant, grounds crew, housekeepers, on-call staff, and residential life staff may all be notified of the presence of the approved ESA in a particular space.

The student, not the College, is responsible for the actions of the ESA including, but not limited to, any bodily injury, property damage or additional cleaning. The student is expected to pay any costs incurred for repair or cleaning. In addition, the College retains the right to remove the ESA, at the owner's expense, should the animal become a direct threat to the health and safety of others or violates these requirements in any way. The owner must provide the name and contact information of an off-campus person who is willing and able to take the animal in the event of an emergency.

The student must sign an Emotional Support Animal Agreement prior to bringing the ESA to campus.

SERVICE ANIMALS - STUDENTS

SERVICE ANIMALS FOR STUDENTS WITH DISABILITIES

Beloit College is committed to creating and sustaining a successful community of inclusive excellence as we prepare students to live, learn, and work among people who experience the world in fundamentally different ways. Within this framework, the College is committed to providing a supportive environment for students with disabilities as well as to complying with all applicable provisions of the Americans with Disabilities Act (ADA), as amended, Section 504 of the Rehabilitation Act of 1973, and the Fair Housing Act.

Service animals are animals specifically trained to assist people with disabilities in the activities of daily living. The ADA, as amended, defines a service animal as “an animal that does work or performs tasks for the benefit of an individual with a disability (including psychiatric, cognitive, and mental).” Emotional support animals, comfort animals, and therapy dogs are not service animals and are addressed in the College’s Emotional Support Animal Policy. Other than dogs, the only type of animal that can be considered a service animal under the ADA is a miniature horse, though miniature horses may be subject to somewhat greater restrictions than Service Dogs. Given the rarity of the use of miniature horses as service animals, in the rest of this policy, “Service Dogs” will be used when referring to service animals.

A Service Dog may accompany the individual with a disability everywhere on campus except in rare situations where safety may be compromised or where a Service Dog may interfere with the fundamental nature of the activities being conducted.

Students with disabilities who require a Service Dog on-campus are requested to self-identify as a person with a disability to the Director of Learning Enrichment and Disability Services (hereto referred to as “Director”) as soon as possible after deciding to enroll at the College. The Director will provide information on expectations for the Service Dog to the student and communicate to other college community members to ease the transition of the student.

For students living in campus housing with a Service Dog, the College requests that the student provide as much advance notice as possible prior to the desired move-in date so that College can best accommodate the student and the animal. A meeting may be arranged between the student, the Director, and a Residential Life staff member to discuss how to best accommodate the student, the Service Dog and the campus community.

The care and supervision of the Service Dog is solely the responsibility of the student owner. Service Dogs may not pose a direct threat to the health and safety of persons on the college campus, cause physical damage to property, or fundamentally alter the nature of the College operations. The Service Dog must be maintained (kept clean, free from fleas or ticks, etc.). Local and state ordinances and laws regarding animals apply, including requirements for immunizations, licensing, noise, and restraint.

The Service Dog’s behavior, noise, odor and waste must not exceed reasonable standards for a well-behaved animal. These factors should not create unreasonable disruptions for other residents. If the noise (whining or barking) is excessive as judged by residence life staff, it is grounds to remove the Service Dog from campus. Service Dogs may be excluded from the college campus if the Service Dog

behaves in an unacceptable way and/or the student does not control the Service Dog. Uncontrolled barking, jumping on other people, or running away from the handler are some examples of unacceptable behavior for a Service Dog.

The student is responsible for immediately cleaning up and properly disposing of the Service Dog's waste and is responsible for having the equipment to do so. People who are physically unable to accomplish this task are responsible for arranging for it to be done. The College retains the right to designate a particular area for the Service Dogs to relieve themselves and/or for the disposal of their waste.

The student must be in full control of the Service Dog at all times. Service Dogs must be harnessed, leashed, or tethered, unless these devices interfere with the Service Dog's work or the individual's disability prevents using these devices. In the latter cases, the individual must maintain control of the Service Dog through voice, signal, or other effective controls.

Any suspected or observed issues related to animal abuse or neglect will be reported to the proper investigatory authorities and may subject the student to college disciplinary action as well.

The student, not the College, is responsible for the actions of the Service Dog including bodily injury or property damage. Students with Service Dogs are likely to be charged if additional cleaning or damage occurs as a result of having the Service Dog on campus. The student is expected to pay these costs upon repair or cleaning. In addition, the College retains the right to remove the Service Dog, at the owner's expense, should the Service Dog become a direct threat to the health and safety of others or violates these requirements in any way.

PERSONAL CARE ATTENDANTS

Beloit College Student Personal Care Assistant Policy

The Beloit College Student Personal Care Assistant Policy is designed to help students who use personal care assistance services engage fully in a Beloit College education as the College complies with the Americans with Disabilities Act and Section 504 of the Rehabilitation Act.

The Learning Enrichment and Disability Services Office (LEADS) at Beloit College works with students with disabilities who use Personal Care Assistants (PCAs). PCAs work directly with people with disabilities who are in need of assistance with activities of daily living. Students who require a PCA must make arrangements to provide his/her own personal care services. The College does not assume coordination of or financial responsibility for such personal services. However, the College strongly believes that in order for a student who needs a PCA to have a college experience that is closest to the Mission of the College, it is in the student's best interest to not have a family member, a friend, or another student for a PCA.

Note: "Director" (unspecified) in this document heretofore refers to the Director of LEADS. As other Directors are referred to, they will have the office included in the text. "The student" is the student with a disability, unless otherwise indicated.

It is the student's responsibility to:

Contact the Director prior to attending the College to discuss appropriate accommodations, including the role of the PCA on campus. A meeting should occur with the Director during each semester that the student is enrolled. If third party documentation is requested by the Director, provide the information. (See [Documentation Guidelines](#) for details.)

If living on campus and need the PCA to access the residence hall, indicate the need for a PCA on the residence hall application form and submit this form as soon as possible. If the housing application is late, effort will be made to make the accommodation, but it may not be possible given limited appropriate residence hall spaces. All residential life policies apply.

Secure a PCA and Relief PCA(s) prior to attending College. Have a plan for when the usual PCA(s) is not available. (Relief PCAs who are not current students are subject to the same expectations as usual PCAs, including background checks.)

Make sure that PCA(s) meet with the Director and sign an Agreement/Expectations form for Personal Care Assistants prior to providing service on campus.

If living on campus, share the student's double room with the PCA, if the PCA is required to remain overnight. And, if the PCA is of the opposite sex of the student with a disability, they must live on a co-ed or gender neutral floor. If the live-in PCA is not a current Beloit College student, only the student will pay a room charge (the PCA, in essence, lives on campus in the same room for no charge). If the PCA is a student, each student will also pay a room charge.

Make sure that the PCA responsibly uses any access to college facilities, equipment, resources, and network activities.

Arrange for someone to provide transportation from one class to another, if necessary. (It could be the PCA.) If exceptions to current policies and procedures are needed for transportation and/or parking, these exceptions must be discussed and approved in advance with the Director as well as the appropriate persons of Facilities and Security staff.

Pay all expenditures of the PCA if the student chooses to participate in an off-campus study program.

Directly negotiate with the appropriate department or office, in advance, regarding the admittance of the PCA to College activities or events which require additional expense (e.g. theater performance).

Follow the College's policies and procedures, and abide by the student handbook.

The College's responsibilities - usually via the Director - are to:

Request, review and evaluate 3rd party documentation in a timely manner and be available for individual consultation as necessary. The Director will also determine which, if any, accommodations are warranted based on the conversation with the student and the documentation.

Coordinate appropriate academic/classroom accommodations such as note-taking, in-class scribing, or audio text and also refer the student to services available to all students, such as tutoring, as appropriate.

Confer with the student, the PCA, and the relevant faculty and staff to determine the specific role of the PCA in the classroom(s) and on campus.

Act as an intermediary between the student and the relevant offices (Facilities, residential life, library, etc.) when appropriate and necessary. However, this does not absolve the student from advocating and/or negotiating for himself or herself when appropriate.

Issue non-student PCAs special IDs once the PCA has passed the background check, signed the Agreement/Expectations form, and presents him or herself to the Residential Life Office for a photo ID.

The PCA role is to:

Undergo a background check via the Human Resources Office at Beloit College at the expense of the student or the PCA if the PCA needs to remain on campus overnight and is not a current Beloit College student.

Assist in the physical mechanics of accomplishing homework (e.g. type a paper or write out a proof), but not provide intellectual content or tutoring. The student who accepts the intellectual assistance of a PCA may be considered in violation of the Academic Honesty Policy.

Allow the student to take responsibility for his/her own behaviors and choices. The PCA is not to take initiative in negotiations or to advocate on behalf of the student with the disability. PCAs are to refrain

from interceding or intervening on behalf of any student unless someone is in immediate danger or the PCA is acting on his/her own as a good citizen.

Refrain from participating in or disrupting classes. Unless documentation supports the need for the PCA to be in the classroom with the student, the PCA should remain outside of the classroom. PCAs may help the student before and after class with personal tasks (e.g. plug in laptop, turn on tape recorder). The specific determinations in this area are made on a class-by-class basis in consultation with the Director and, when appropriate, with the faculty member.

Carry the special Beloit College ID with him/her at all times that s/he is on campus. Events which are open to all students will be available to the PCA when accompanying the student. Non-student PCAs must not use their ID for personal access to college facilities, attendance at college community only events, personal use of college resources (including network activities) or to check out college equipment. Access to college residence halls and services will be determined by the Director and the Director of Residence Life.

Arrive and depart campus as agreed upon for assisting the student, unless attending an event which is open to the public.

Refrain from eating food while in Commons, unless the food has been purchased for the PCA (by the student or PCA).

Obtain a parking permit & follow all parking regulations unless explicit, advance exceptions are made by the security office in consultation with the Director.

Follow all College rules, regulations, policies and procedures and abide by the expectations listed above and are agreed upon in consultation with the Director.

COLLEGE RESPONSIBILITIES

MISSING RESIDENT POLICY

If a member of the college community has reason to believe that a student is missing, contact Security at (608) 363-2355 immediately.

In compliance with the Higher Education Opportunity Act (2008) Missing Student Notification Policy and Procedures, it is the policy of Beloit College to actively investigate any report made to Security about a missing resident who is enrolled at the College and residing in on-campus housing.* Each student will be notified of the Missing Resident Policy and Procedures via the Student Handbook.

For the purposes of this policy, a student may be considered to be a “missing person” if the person’s absence is contrary to their usual pattern of behavior or unusual circumstances may have caused the absence. Such circumstances could include, but not be limited to, a report or suspicion that the missing student is: in a life threatening situation; has been with persons who may endanger the student’s welfare; having trouble with medication, drugs or alcohol; has expressed suicidal thoughts; or may be the victim of foul play.

Each student is required via the emergency notification information form, to identify the name and telephone number of the individual(s), a primary and secondary contact, to be notified in case of emergency or in the event that the student is reported missing. In the event the student is under the age of 18 and is not emancipated, the college is required to have the primary emergency contact be a custodial parent or guardian.

Upon receiving notification, Security, Residence Life, the Dean of Students office and other applicable college personnel will make reasonable efforts to locate the student to determine their state of health and well-being. These efforts may include, but are not limited to, checking the resident’s room, class schedule, and ID card use, talking with friends, locating the resident’s vehicle, viewing security camera footage, and calling the reported cell phone number if one is on file with the college.

At any point during the investigation of a resident believed to be missing, the college may communicate with emergency contacts to help determine the whereabouts of the resident. If the student is under 18 years of age, a college representative may contact the custodial parent or legal guardian.

If upon investigation by Security and staff, the resident student has been determined to be missing for at least 24 hours, the following will occur:

1. A college representative will attempt to notify the resident's designated emergency contact.
2. If the student is under 18 years of age, a college representative will contact the custodial parent or legal guardian.
3. Security will inform the appropriate law enforcement agency.

Investigation will continue in collaboration with law enforcement officers as appropriate.

***NOTE:** In order to avoid jurisdictional conflicts when an off-campus/commuter student is believed to be missing, the reporting person should notify local law enforcement authorities and campus security. College staff will assist the police with their investigation.

Updated Spring 2014/Reviewed August 2021

JUDICIAL/HEARING SYSTEM

The purpose of Beloit College's judicial system is twofold: 1) provide educational opportunities for college and students to reflect on and learn from behaviors that challenge community norms; and 2) articulate clearly college policies and the process by which violations of the policies will be addressed. This Judicial System is used for student violations other than those that have separate processes, such as those for Academic Honesty accusations, and Title IX/Sexual Harassment hearings.

The Hearing Officer

The Director of Residential Life and/or their authorized representative (designee) is officially authorized to act on behalf of Beloit College when investigating and acting upon alleged student violations of College policies, rules and regulations. The staff person(s) designated by the Director of Residential Life to investigate an alleged violation of College policies, rules or regulations is referred to as the "Hearing Officer." The Hearing Officer may enlist Beloit College staff and/or the College's legal counsel to assist in investigating and/or acting on alleged violations as the Hearing Officer deems appropriate.

Conflict of Interest

Various students, faculty and staff have certain roles in this procedure as defined below. The Beloit College community is small, and it is inevitable that persons with roles in this procedure will know, and in some cases work with, be friends with, or have other relationships with each other, witnesses, alleged perpetrators and/or alleged victims. There is a presumption that all persons with roles in this procedure will act in a fair manner, notwithstanding such relationships. No person shall be required to recuse themselves absent a showing of actual bias. The Hearing Officer shall determine whether actual bias exists. If the Hearing Officer determines that actual bias exists, the Hearing Officer shall replace the person in question and assign another person to carry out the functions of that person. The Hearing Officer's determination shall be final. Any person alleging bias must bring the issue to the attention of the Hearing Officer in a timely way, or the issue of bias by the Hearing Officer shall be waived. In any case in which the Hearing Officer is alleged to have some bias, the Director of Residential Life will make the final determination regarding bias and any required reassignment. If the Director of Residential Life is alleged to have some bias, the Dean of Students will make the final determination regarding bias and any required reassignment.

Timelines and Deviation From Procedures

All timeframes indicated in this Policy are general guidelines and may be changed by the Hearing Officer or the Judicial Board. If any participant in any Hearing Officer investigation or Judicial Board procedure believes that any procedural error has occurred, that person shall bring in a timely way the perceived error to the attention of the Hearing Officer or Judicial Board, as appropriate, or the alleged procedural error shall be deemed waived. Even in the

case of an actual procedural error, the fact of an error shall not require an outcome in favor of the person allegedly wronged by the error.

The Judicial Process

If information alleging a violation of college policy is received, the Hearing Officer will advise the accused student of the charge(s) made against them. The student will have the opportunity to explain or answer the charge(s). The accused can enlist the support of any willing member of the Beloit College community, friend, faculty or staff of choice. The support person may attend any function at which the accused's presence is required. The Hearing Officer will have authority to investigate the alleged violation, decide upon the merits of the charge(s) and to impose disciplinary sanctions appropriate to the circumstances. The Hearing Officer may interview witnesses, review documents, or consider such information as the Hearing Officer deems appropriate. If the accused student fails to answer the charges made against them, the Hearing Officer may proceed without the student's participation and make a determination which may include sanctions. The Hearing Officer shall decide whether a violation is more likely than not to have occurred. Students are responsible under this policy, and subject to sanctions, if the Hearing Officer determines that a violation is more likely than not to have occurred. If a student is found responsible and/or disciplinary sanctions are imposed, the Hearing Officer shall advise the student of their right to appeal. Typically, the investigation and decision by the Hearing Officer is concluded within twenty (20) work days. Depending on the complexity of facts, number of witnesses, witness availability, and other factors, the Hearing Officer may extend this period.

In cases where there is an immediate threat to the community, the disciplinary investigation may follow removal from campus. The Hearing Officer shall have the right to impose such interim conditions as the Hearing Officer deems appropriate during any investigation or appeal. Such interim conditions may include, but are not limited to, for instance, a direction to a student to refrain from contact with another student, a direction to refrain from entering a location or participating in an activity, etc.

Possible Disciplinary Outcomes

When imposing disciplinary outcomes for violating any college regulation or policy, the Hearing Officer may select any remedy or corrective action that the Hearing Officer determines is appropriate. The Hearing Officer may choose from, but is not limited to, the following alternatives:

1. **Drop Charges:** Not responsible for violating college policy.
2. **Restitution:** Wherever appropriate, the student shall pay damages or effect necessary repairs.
3. **Verbal or Written Warning:** A caution given by the Hearing Officer to the student according to circumstances in the particular case.
4. **Referral:** The Hearing Officer may refer the student(s) to another person or department in the College for counseling, assistance, or a work penalty. In certain cases, the student may be referred to a local or student-selected physician, AODA program, or a mental health professional or other program or professional as part of

the disciplinary sanction and/or as a condition of remaining on or returning to campus.

5. **Work Penalty:** The student is required to report to the facilities office to perform satisfactory work under supervision for the number of hours assigned.
6. **Fines:** Where appropriate, a monetary fine will be imposed.
7. **Required Compliance:** The student must carry out a college rule as a condition for being admitted or continued as a member of the college community. This can also include such actions as restriction of privileges, restitution, required room change, cancellation of housing contract, withholding of diploma, or cancellation of registration for a specified period of time.
8. **Confiscation:** Where appropriate, goods used or possessed in violation of regulations will be confiscated.
9. **Community Action:** This action requires that the student demonstrate for a specific period of time that they are willing and able to contribute to their community living environment.
10. **Disciplinary Probation:** Official notice may be placed in a student's permanent file that the student has been found to have violated college rules and regulations, and a warning that further violation of rules and regulations will result in possible suspension or expulsion. Probation may include restriction from participation in college activities for a specified period of time.
11. **Immediate or deferred exclusion from residential living areas and non-academic activity.**
12. **Deferred Suspension:** The Hearing Officer may offer a student the option of deferring a suspension sanction. Deferred suspension may allow the student to remain on campus and continue attending classes. Accepting a deferred suspension requires the student to waive their right to a Judicial Board hearing and further incidents will result in immediate suspension without right of appeal or possible expulsion from the college.
13. **Suspension:** Exclusion from the college for a specified period. It can be imposed for the balance of the term or for time units of term length. A student who is suspended shall be denied all academic and social privileges and is expected to be absent from college events, grounds and buildings during the period of suspension.
14. **Expulsion:** Permanent exclusion from the college. A student who is expelled is no longer a member of the Beloit College community and is expected to be absent from college events, grounds and buildings.
15. **Other sanctions may be imposed if they are appropriate and in the best interest of the College or student, as determined by the Hearing Officer.**

Execution of a suspension or expulsion will be postponed pending appeal, unless the Hearing Officer determines that the student's presence on campus is not appropriate, in which cases the Hearing Officer may order the student to leave the campus or remain outside a specific portion of the campus, immediately. If the student does not vacate college premises immediately, the Hearing Officer or other senior administrative officer may ask security personnel to remove the student. If the student refuses to leave campus the Beloit Police Department may be called to assist. In cases where suspension or expulsion are involved, fees

will not be refunded or remitted, in whole or in part, and neither the college nor any of its officers shall be under any liability whatsoever.

Appealing Judicial Decisions

A student who has been found responsible for violating college policy(s) or regulations and received disciplinary sanctions by the Hearing Officer may appeal this decision to the Judicial Appeals Board in the following circumstances:

1. A procedural error occurred that significantly impacted the outcome of the investigation and/or determination by the Hearing Officer (e.g. substantiated bias, material deviation from established procedures, etc.);
2. New information or evidence exists, which was unavailable during the original hearing or investigation that could substantially impact the original finding or sanction. A summary of this new evidence and its potential impact must be included;
3. An argument can be made that the sanctions imposed are substantially disproportionate to the severity of the violation.

Students must notify the Dean of Students, in writing, of their desire to appeal within three (3) working days of being notified of the decision. The notification should contain an explanation of the rationale for appeal and this rationale should be based on the above circumstances. In cases of sexual assault or misconduct, the college permits the complainant to appeal as well according to the same criteria and timeline.

Judicial Appeals Board

Purpose

- To represent the campus community—students, faculty and staff—by reviewing cases of student misconduct brought to the committee on appeal from a Hearing Officer decision or directly from College’s designated disciplinary staff member, typically the Director of Residential Life or their designee.
- To espouse the educational purpose of our judicial system as it deliberates and makes decisions.
- To give students accused of violating College policies a fair appeal review.
- The standard to be applied by the Board is whether it is more likely than not that a violation has occurred. The decision of the Judicial Appeals Board is final and may not be appealed.

Membership and Training

Judicial Appeals Board membership will consist of five members. The Dean of Students, or designee, serves as Chairperson, two faculty members from the Academic Performance

Committee serve to represent faculty, and two students from Student Academic Senate and/or Beloit Student Congress serve to represent students. Judicial Board members receive, at a minimum, annual training on judicial procedures including but not limited to the preponderance standard of evidence, college response and sanctions, multi-partiality, inclusion, and case studies on possible appeals.

Sexual Misconduct and Relationship Violence appeal cases will be heard by the college's Personal Harassment Committee. Membership will consist of five members. The Vice President for Human Resources and Operations serves as chairperson and the Personal Harassment Committee is comprised of two elected faculty members, one administrative staff member appointed by the president, and one support staff member appointed by the president; both based on recommendations by the dean of students, vice president for human resources and operations, and provost. Sexual Misconduct and Relationship Violence appeal board members receive additional training. Specifically, a minimum of a half day training will be held twice a year that will focus on but will not be limited to: disciplinary procedure, college response and sanctions, college Title IX protocol, victim trauma, substantiated bias, sexual assault statistics and experiences within higher education, as well as case-studies.

Judicial Appeals Board Procedures

An appeal must be submitted in writing to the Dean of Students within three (3) business days of receiving the decision letter and will be reviewed within 30 business days. Depending on board member schedules and time of year, the judicial board may need to extend the timeline.

Sexual Misconduct and Relationship Violence Appeals Board Procedures

An appeal must be submitted in writing to the Vice President for Human Resources and Operations within three (3) business days of receiving the decision letter and will be reviewed within 30 business days. In sexual misconduct and relationship violence cases, either the complainant or accused may appeal.

Judicial Appeal Board members will convene to review written appeal(s), go over the full investigation and decision, and provide all parties involved the option to present their written appeal in-person. If a party chooses to present their written appeal, board members have the opportunity to ask questions to the applicable party, as well as ask for clarifying material from investigators and/or witnesses. An appeal decision is reached by a majority of those adjudicating the appeal.

The appeals committee will render one of three decisions: uphold the original decision, modify the original decision, or overturn the original decision. The latter two options could result in a new finding such as responsible or not responsible, sanction(s) being removed, or sanction(s) being added or increased. Under all circumstances, the appeals committee decision is final.

Rights of Students During Judicial Appeals Board Review

Rights of the complainant (if relevant to case) in a Judicial Appeals Board Review

1. To be informed, in writing, of the policy violations and original judicial decision to be reviewed by the Judicial Appeals Board.
2. To be informed, in writing, of the time and date of the Judicial Appeals Board Review, at least five (5) working days before the hearing.
3. To be notified that at any point during the Judicial Appeals Board process, the complainant has the right to have the support of any willing member of the Beloit College community, friend, faculty or staff of their choice. The support person has the right to attend any function at which the complainant's presence is required. The support person may be a licensed attorney who offers counsel, but may not participate verbally in any of the hearings.
4. If appearing before the Judicial Appeals Board, the complainant has the right to make statements to the Judicial Appeals Board.
5. To be notified in writing of the final outcome of the case.

Rights of the accused in a Judicial Appeals Board hearing

1. To be informed, in writing, of the policy violations and original judicial decision to be reviewed by the Judicial Appeals Board.
2. To be informed, in writing, of the time and date of the Judicial Appeals Board Review, at least five (5) working days before the hearing.
3. To be notified that at any point during the Judicial Appeals Board process, the accused has the right to have the support of any willing member of the Beloit College community, friend, faculty or staff of their choice. The support person has the right to attend any function at which the accused's presence is required. The support person may be a licensed attorney who offers counsel, but may not participate verbally in any of the hearings.
4. If appearing before the Judicial Appeals Board, the accused has the right to make statements to the Judicial Appeals Board.
5. To be notified in writing of the final outcome of the case.

Judicial Process and Appeals When Students Are Studying Off Campus

When the college receives a complaint about a Beloit College student who is participating in a domestic or international off campus program the Director of Residential Life, or their designee, will investigate the complaint. This will proceed in a manner as close to our usual practice as possible, taking into account available communication methods. Similarly, if a student studying off campus wishes to appeal a Hearing Officer's decision, the appeal process will proceed in a manner as close to usual practice as possible. Students who wish to participate in their hearing or Judicial Board cases in person, should return to campus to do so within a 2-week timeframe. If it is determined that a violation of college policies and regulations occurred, sanctions can be applied immediately or upon a student's return to the Beloit College campus. Minor adaptations of the judicial process which result from communicating at a distance will not be viewed as biased against the student.

Appeal Process For Summer and Vacation Periods

During the summer and vacation periods, including New Student Orientation, the first week or last week of classes, and finals week each term, the Judicial Appeals Board will not be convened. A student may appeal a Hearing Officer's decision to the Dean of Students for all non-Title IX discipline. All appeals must be in writing and submitted within three (3) working days of being notified of a decision by the Hearing Officer. The appeal will be considered solely by the specified judicial office above and their decision is final. All disciplinary sanctions will apply, as they do when classes are in session.

Updated June 2019/Reviewed August 2021

RECREATION AND ACTIVITIES:

CLUBS

CLUB FUNDS POLICY

Each student pays a student activities fee each semester. The money is collected by the college and is dispersed by the Beloit Student Government (BSG). The money is allocated by BSG and will be placed in the account of each recognized club or organization in August for the fall term and in January for spring semester. It is against college policy to request or spend student activities fee monies through the use of deception, false information, or for purposes other than those stated and agreed upon in the approved proposal.

Students and organizations that violate this policy will be subject to disciplinary action. Individuals who violate this policy are eligible for the full range of sanctions as listed. Sanctions which organizations may receive include probation, freezing of club accounts, being temporarily placed in an inactive or dissolved status as club or organization, community service or other sanctions as determined by the Office of Student Engagement and Leadership Development.

Each organization will be required to furnish names of their club leaders, and one individual who will have club approval to access the club account each semester. Student Engagement and Leadership Development will only authorize club financial transactions for the financial person or for others with this person's approval.

CHALKING POLICY

The use of water-soluble chalk is permitted on horizontal surfaces exposed to weather. Areas where chalking is not permitted include buildings, vertical surfaces, painted surfaces, porches, wooden surfaces, in the MI tunnels, under the walkways of the '64 Halls, and other surfaces not exposed to weather. The use of spray-on chalk is prohibited on the Beloit College campus and sidewalks. "Brought to You By" (BTYB) is required for all chalk use. The BTYB must provide a legitimate primary contact (individual student, Beloit-recognized organization, or campus department) affiliated with the chalking. Those responsible for chalking in inappropriate areas may be charged for the cost to clean or repaint the surface. Other disciplinary action may result.

COMMERCIAL SOLICITATION POLICY

As a general rule, the college prohibits the use of campus grounds or buildings by non-college personnel for the purpose of commercial solicitation of students or sales of any type. All individuals or organizations seeking exceptions must apply for the appropriate permit at the Office of the Vice President for Human Resources and Operations, or, if residence halls are concerned, the Office of the Director of Residential Life.

POLITICAL

POLITICAL ACTIVITY POLICY

Academic institutions serve as forums for political debate and encourage participation in the political process. As educational organizations under section 501(c)(3) of the Internal Revenue Code, however, colleges and universities are strictly prohibited from intervening in a political campaign. This prohibition is absolute and impermissible participation jeopardizes an institution's tax-exempt status. Accordingly, it is very important that all political activity at Beloit College occur within the boundaries for permissible political activity. (**Note:** BSC elections are not subject to the Political Activity Policy.)

Candidate Debates and Forums

Beloit College maintains a neutral stance on political campaigns, does not publicly or privately endorse candidates campaigning for political office and does not intervene in any political campaigns. In some instances, the college sponsors forums, debates and information sessions where campus and community members can hear the candidates and their platforms, thus becoming informed and engaged citizens on election day. The college or its constituent groups—students, faculty, and staff—may invite candidates to campus to speak, providing they follow the policies and guidelines outlined under the Program Presentation Policy listed in the Student Handbook and the Administrative Policy Manual.

These events occur in fair and neutral forums with equal time provided to all qualified candidates. Presentations must not be biased, and must permit an individual or the public to form an independent opinion or conclusion. To that end, all such events begin and end with a clear statement that the views presented are those of the candidates and not of the sponsoring organization. The college reserves the right to set the time, manner and place for all political events hosted on campus and may limit such events if there is a potential for violence or harm to the institution or members of the campus community.

Use of Facilities

Individuals or groups may rent facilities from the college for political campaign activities. Facilities are equally available to all candidates and political groups and on the same basis as they are made available to nonpolitical groups or individuals. If rents or fees are charged, they are charged equally with no preferential treatment. In no situation will the college endorse or promote a political party, political candidate, or political event held on campus.

Individual Activities

Although the college maintains a neutral stance on political candidates and issues, students, faculty and staff are encouraged to be knowledgeable about and engaged with the political process by running for office, campaigning for the candidate(s) of their choice and, most

importantly, voting during local, state and federal elections. All such participation, however, is individual political activity and not on behalf of the college.

All individual political activity should avoid being attributed to the college itself. That is, no resources of the college should be used in connection with individual political activity. Moreover, an individual should take steps to ensure that the activity is clearly personal in nature and should not use either a college address (unless a residence), nor college job position when engaging in individual political activity.

There must be a clear separation from a perceived college sponsorship.

Political mailbox stuffings are not allowed.

POLITICAL CAMPAIGN SIGN POLICY

Because Beloit College is primarily a residential college, students living on campus have the right to express their opinions and preferences for political candidates and are encouraged to do so, although that right must be balanced with the college's interests in remaining viewpoint neutral and not intervening on behalf of any political campaign. The college also seeks to maintain a campus environment that promotes non-violence, civility, and personal responsibility. In balancing those interests, the following policies apply to campaign signs on the Beloit College campus:

Placement and removal.

- In residence halls students may place signs on their residence hall room door and window(s) and in their rooms.
- For special interest, language and Greek houses, up to two standard size campaign signs may be displayed on the lawn in front of the house if the group residing in the house has a two-thirds vote to endorse a particular candidate. The vote is to be taken from the residents that reside within the residence, not the entire membership of a club, special interest or Greek house.
- For larger residence halls, one standard size sign per candidate may be displayed outside on the quad side of the building so long as the signs do not interfere with building access, recreational activities, or pathways. To display a sign in front of a residence hall two-thirds of the residents must support the candidate. A student must obtain signatures from two-thirds of the residents in the hall. The signatures and sign must be brought to the Residential Life Office to be approved and stamped.

Campaign signs displayed in locations other than those described above are prohibited and will be removed. Students are responsible for the timely removal of permitted signs and for any damage resulting from displaying campaign materials.

Disclaimer

Like all political participation, the use of political signs must be undertaken in an individual capacity, without any use of the college's resources, and not in a way that it may be attributed as intervention by the college on behalf of a candidate. To that end, all campaign signs displayed on the lawn in front of a house or outside a residence hall must include a statement on the face of the sign clarifying that the sign is a statement of individual support and is not an endorsement by the college of any candidate or committee.

Individual political activity on campus should always contain the disclaimer on a sign which is at least 4x11 inches, and must read as follows:

This event/brochure, etc. is an individual statement of support by [insert name of individual or group of individuals], without use of any Beloit College resources, and it should not be construed as support or endorsement by Beloit College for any candidate or elected official.

Further clarification can be found in the Office of Student Engagement and Leadership Development. Ask for the flyer on Political Activities for Student Organizations.

DEMONSTRATIONS POLICY

Students are encouraged to express their opinions and beliefs on wide ranging subjects and issues in an orderly fashion, which does not disrupt the operations and essential functions of the college, endanger the safety of individuals, or destroy property. In any public demonstration, organizers or student speakers may not speak for the college as a whole, only for themselves.

The college will make every attempt to deal with disruptive demonstrations first with reason and persuasion. Civil authorities will be called only after reason and persuasion fail, and the appropriate college officials deem such action is necessary to protect the safety of individuals, campus property, and the legitimate operations of the college. Members of the college community must take responsibility for their expressions, both public and private. No person(s) has the right to disrupt another's speech or presentation.

PROGRAM, ACTIVITY, & EVENT PLANNING

PROGRAM ACTIVITY & EVENT PLANNING POLICY

Any time a person is being paid for professional services (speakers, presenters, performers, etc.), a contract needs to be in place. Students may not enter into contractual agreements on behalf of the college or their club. The Director of Student Engagement and Leadership must approve all contracts before an event can be held or payment can be made. If you are thinking of planning an event, please contact the Office of Student Engagement and Leadership. You can go to their website (<https://www.beloit.edu/seal/resources/>) for guidance on event planning.

PROGRAM PRESENTATION POLICY

Free inquiry and free expression are essential attributes of the community of scholars. Therefore, recognized student groups are allowed to invite and to present any speaker, performer, or dramatic or musical group of their own choosing, provided they follow regular procedures for scheduling facilities and placing the event on the calendar. **However, during the pandemic crisis, these speakers may not come to campus in person.** Scheduling of events shall follow the guidelines presented in the “Presenting Successful Events at Beloit College” booklet published by the Office of Communications and Marketing. The appearance of such guests implies neither approval nor objection to the views expressed by either the students or other members of the college. Unless sponsored by a recognized campus group adhering to the above-mentioned booklet, outside speakers, demonstrators, and performers are prohibited from using college property to convey their message.

In addition to the “Presenting Successful Events at Beloit College” sponsors must adhere to the following policies:

1. Even if no financial obligation is incurred for an event, a sponsor is required to schedule the event on the Master Calendar by the Office of Communications and Marketing before booking the speaker or performer.
2. Sponsors of events should be prepared to verify availability of necessary funds before an event is booked. A college account number is usually required to cover any expenses.

3. All publicity distributed beyond campus, including news releases, posters, mailers, and flyers must be channeled through the Office of Communications and Marketing.
4. No solicitations for funding from off-campus individuals, businesses, or groups should be undertaken without first receiving the approval of the Office of Development and Alumni Relations.
5. All political activity must be approved by the director of communications and marketing prior to publicity notices.
6. All purchasing of off-campus printing services, including typesetting and printing, should be done with the assistance of the Office of Communications and Marketing.

ELIGIBILITY TO PARTICIPATE IN CO-CURRICULAR ACTIVITIES POLICY

Students are considered to be in good academic standing and eligible to participate in any co-curricular activity if they are enrolled at Beloit College, taking at least three units of credit (twelve semester hours), and making satisfactory progress toward a degree. Normally, students are expected to complete degree requirements in eight semesters, but may do so in nine semesters.

Students on academic probation are not restricted from participation except as prohibited by the regulations of specific organizations and/or their degree of probation as specified by the Academic Performance Committee. This definition of eligibility conforms to the Beloit College philosophy, which regards athletics and other co-curricular activities as opportunities that should be made available to all of our enrolled full-time students.

HAZING POLICY

Beloit College believes that establishing a strong learning community is critical to fully experiencing a liberal arts education. We highly encourage students to be involved in co-curricular activities, which can enhance both social and academic growth. Traditions, rituals and rites of passage help to develop a sense of community at Beloit and we value these organizational bonding opportunities. Groups who have their members participate in these activities must ensure that they are positive experiences for all involved.

Hazing is any activity (on or off campus) in which an individual(s) is persecuted and harassed with humiliating, meaningless, or difficult tasks either to attain membership status to an in-group or to perform a favor for those of perceived authority. Hazing can occur within any group of students affiliated with Beloit College; participation in hazing can be compulsory or voluntary. Hazing can be that which is accepted as normal behavior but falls under the categories listed below. Beloit College and Wisconsin state law (see below) prohibit hazing in all forms. Acts that cause physical, mental, or emotional harm are against college policy and will not be tolerated. The Beloit College hazing policy, listed below, sets the primary hazing guidelines for the college. **Any group members or organizations (i.e. within sports teams, clubs, Greek organizations, unofficial groups, etc.) suspected of hazing will have their behavior reviewed by college officials and individuals and/or groups suspected of hazing will follow the normal judicial investigation process.**

It is important to note the social pressure can constitute forced or requisite participation, even if the activity is claimed to be voluntary. The following behaviors and activities constitute hazing on this campus:

1. Actions that recklessly or intentionally endanger the physical and mental health or safety of students.
2. Forced or required consumption or purchase of any food, liquor, drug, beverage, water, or any other substance.
3. Forced or required participation in physical activities, such as calisthenics, exercises, or so-called games including but not limited to quests and/or scavenger hunts. Requiring or enticing others to haze or sexually harass others.
4. Forced exposure to the weather.
5. Excessive fatigue resulting from sleep deprivation, physical activities, or exercise.
6. Assignment of activities that would be illegal or unlawful, or might be morally offensive to potential new members.
7. Physical brutality, including paddling, striking with fists, open hands, or objects, and branding.
8. Kidnapping and forced transportation or stranding of individuals, and any activities involving blindfolds of any sort.
9. Verbal abuse, including "line-ups", interrogations, and berating of individuals.
10. Forced or required conduct that could embarrass or adversely affect the dignity of the individual, including the performance of public stunts, activities, and/or buffoonery.

11. The intentional creation of clean-up work or labor for new members by active members or alumni.
12. Denial of sufficient time to study.
13. Forced or required nudity or lewd behavior.

NOTE: It is important to note that an active member participating in any of these activities in addition to the inductees does not mean that the activity is not hazing.

Greek Organizations at Beloit College

The Inter Fraternal Panhellenic Council (IFPC) may not probe into the internal affairs of any member organization such as new member training programs, initiation rites, and all other activities unique to a member house unless a member or potential member of a Greek organization is suspected of hazing. Hazing in any form shall not be permitted. It is against Beloit College policy for any fraternity or sorority to put any new member through hazing activities as described above and in any Greek risk-management documents.

All new members must sign a copy of the hazing form upon reading and understanding this policy. Actives must inform new members that all events are optional and that they can opt-out at any time without suffering any consequences, physical or social. New members should consult with the dean or associate dean if they have questions regarding this policy or any activity. Beloit College officials withhold the right to investigate and impose sanctions in hazing cases.

Wisconsin Hazing Law

Wisconsin State Statute, 948.51 Hazing

1. In this section “forced activity” means any activity which is a condition or initiation or admission into or affiliation with an organization, regardless of a student’s willingness to participate in the activity.
2. No person may intentionally or recklessly engage in acts which endanger the physical health or safety of a student for the purpose of initiation or admission into or affiliation with any organization operating in connection with a school, college or university. Under those circumstances, prohibited acts may include any brutality of a physical nature, such as whipping, beating, branding, forced consumption of any food, liquor, drug or other substance, forced confinement or any other forced activity which endangers the physical health or safety of the student.
3. Whoever violates sub. (2) is guilty of:
 - a. A Class A misdemeanor if the act results in or is likely to result in bodily harm to another, which is punishable by a fine of up to \$10,000 and up to nine months in prison.
 - b. A Class H felony if the act results in great bodily harm, punishable by up to six years in prison and a \$10,000 fine.
 - c. A Class F felony if hazing causes the death to another, punishable by up to 10 years in prison, along with a fine of \$25,000.

STUDENT INVOLVEMENT

STUDENT CLUBS & ORGANIZATIONS

There are more than 100 student-run clubs and organizations on campus from service groups to substance-free programming to science-fiction aficionados to three fraternities and three sororities. If you can't find something in those myriad of options, however, you can start a club of your own – and even get funding from Student Engagement and Leadership.

Campus clubs and groups provide entertainment, education, and all kinds of programming running the gamut from parties to organizing political action. Join one, start one, or govern how the funds are flowing by representing your hall's floor or your club in Beloit Student Congress, the student governing body. The options are endless.

STUDENT GOVERNMENT

Making a Difference

Governance at Beloit is traditionally done by consensus, and students are included in all phases. The board of trustees is the ultimate authority in all matters at the college. The resolution of day-to-day issues has been delegated to the administrative staff. There are two governing bodies by which many decisions are made, the Academic Senate and BSG, the student government.

Academic Senators:

The Academic Senate shall carry major and direct responsibility for the educational program of the college. It shall exercise effective control over academic standards, and over all curricular matters, except for those matters specifically designated by the college Charter to be the function of the faculty. Major Academic Senate legislation is subject to the final jurisdiction of the board of trustees. The Senate shall maintain a close relationship to the admissions, business, public relations and development functions of the college.

Each year students are elected by class year to represent the students AS VOTING members of the Academic Senate. Student senators also serve on many of the major college committees that decide curriculum and make academic decisions. In some cases, Academic Senators or BSG members are the student representatives on Judicial Hearing Boards.

BSG (Student Government):

The heart of Beloit Student Government (BSG) is the General Assembly Meeting which takes place every Monday evening and is open to all students. While BSG often looks like a

complicated organization, all powers are fundamentally vested in the General Assembly. The committees serve to expedite processes and to prevent the general meetings from dragging on forever. However, the General Assembly can perform almost any action that a committee can and can overturn any committee decision (within limits).

Campus Committees

The BSG General Assembly does not have the time to address every issue that comes up in a normal functioning student government. Therefore, they have delegated significant responsibility to committees, whose members selflessly dedicate part of their lives to ensure the smooth functioning of the greater BSG structure.

VARSITY SPORTS

Athletic Department:

The aim of the department is to offer a diversified program in varsity athletics and elective physical education opportunities. The department encourages students to attain levels of skill and conditioning commensurate with their potential both as undergraduates and in later life. Information about recreational sports, intramural sports, and physical education courses is available at the Powerhouse. The full-time N.A.T.A. certified athletic trainer is assisted by students who have completed basic skills in athletic training. <https://beloitcollegeathletics.com/>

What is available at the Sports Center?

The Sports Center staff coordinates intercollegiate athletics. The Sports Center has a variety of opportunities for those who like to exercise. It houses two racquetball/Wallyball courts, three basketball/volleyball courts, and a fitness center, which houses elliptical trainers, treadmills, stationary bikes, and free weights.

What is available at the Powerhouse?

Beloit College's Powerhouse is a uniquely integrated student union, recreation center, and athletics facility that will benefit generations of Beloit College students and the greater community. The Powerhouse is a \$38 million project that repurposes the decommissioned Blackhawk Generating Station on the Rock River into a 120,000-square-foot student center in every sense of the phrase. The facility features collaborative meeting rooms/seminar rooms/work tables, Informal gathering spaces, nooks, and hang-out spaces, an Indoor running/walking track, a signature lecture hall/theater for presentations/films/receptions, a competitive pool, Hamilton's Café, a fieldhouse with an artificial turf floor, a conference center, multiple fitness spaces, outdoor decks over the Rock River, the Health & Wellness Center, and the Riverwalk.

Intercollegiate Athletics:

Beloit men and women compete in a full range of sports at the intercollegiate level. The men

compete in baseball, basketball, cross-country, football, lacrosse, soccer, swimming and diving, and track and field. Women compete in basketball, cross country, lacrosse, soccer, softball, swimming and diving, track and field, and volleyball. Students can get involved by competing or becoming a loyal fan.

Club Sports:

Athletics on the non-varsity level which encourage participants without extensive experience are considered Club Sports. Clubs are registered student clubs that are governed by BSG. Current sports include fencing, ultimate Frisbee, martial arts, and walking.

Intramurals:

Beloit offers an extensive program of intramurals so that every student has a chance to enjoy and profit from individual and team activities. Intramural sports are a fun and informal option for exercise and relaxation. Groups of friends, residence hall floors, Greeks, and interested individuals field teams in a number of coed sports throughout the year. Such competition normally includes basketball, indoor soccer, flag football, Ultimate Frisbee, disc golf, 3-on-3 and 6-on-6 volleyball, and softball. Teams participate during a season, and compete Round Robin style. The winning team is awarded T-shirts.

Recreation Sports:

Recreational opportunities such as canoeing, sailing, cross-country skiing, cycling, aerobics, universal weight lifting, swimming, and others are available at the Sports Center. In addition, the Outing Club sponsors canoe, camping, skiing, and rock-climbing trips, as well as other activities that reflect student interests. The physical education facilities are open for recreational use when not otherwise scheduled.

ACADEMIC/STUDENT LIFE RESOURCES

ACADEMIC ADVISING

Each new student is assigned a faculty member as their Advanced Mentoring Program (AMP) advisor to assist with program planning, course selection, career choices, academic progress, and personal development. First-year students will retain their AMP advisor until the end of their second year. When students declare a major, they are assigned to a major advisor. The major advisor is a good job/graduate school reference for letters of recommendation. Occasionally, students and their advisors prove incompatible; if so, the student should consult with the associate dean of students and director of advising. The responsibilities of your faculty advisor are to help you plan a program of study; to provide a sympathetic ear, and advice or referral on academic, vocational, and personal issues; to be available to you, offering you the opportunity to know a faculty member well; to take an interest in your welfare; and to encourage you to develop the ability to make responsible decisions.

Joy de Leon serves as an auxiliary advisor for students in need of extra academic mentoring. Major and minor declaration cards are processed by the Registrar's Office. That office will also notify faculty about changes in their advising duties when students add or drop majors and minors. AMP advisors will still retain access to their advisees' transcripts through the Portal and will continue to serve as a secondary advisor for those students as necessary.

<https://www.beloit.edu/offices/advising/>

Academic Performance Committee

Academic Performance Committee (APC) Members include the assistant dean of students (chairperson); two faculty members who are elected for two year terms; the registrar; and a TRIO program advisor. APC Duties include acting on petitions from students, such as seeking an exception to an academic regulation; waiver of an academic requirement, (e.g. late withdrawal from course). It oversees standards of academic progress.

At the end of each term, the members review the academic records of all students. If a student has not met sufficient academic standards they will be placed on academic warning or probation or may be suspended or dismissed. If there were extenuating circumstances, the Academic Performance Committee will accept written appeals to overturn suspensions or dismissals. All letters at the end of the semester are sent to students via their Beloit.edu email. It also acts upon applications for readmission. Student petitions to APC are usually sent in via email. They must tell why a regulation works to the student's disadvantage. Petitions must be supported by both the course instructor and student's advisor.

APC meets every other week during the semester to act upon completed petitions. Each case is decided individually on its merits. APC will grant exceptions if it believes a request has sufficient

merit. If students have questions about the appeal process they should contact the Dean of Students Office on 2nd floor Pearsons or call (608) 363-2660, email deanstu@beloit.edu .

ACADEMIC SUPPORT

LEARNING ENRICHMENT AND DISABILITY SERVICES OFFICE

Learning Enrichment and Disability Services provides academic enrichment activities for all Beloit College students at no additional cost. In addition, accommodations for students with disabilities are coordinated through this office. This office coordinates course-specific peer tutoring and provides assistance to students with study skills/strategies, time management, test preparation, and other academic enrichment areas.

The [Learning Enrichment and Disability Services Office](#) is located on the 2nd floor of Pearsons Hall and is open Monday through Friday from 8:00 a.m. – 4:30 p.m. For additional information see: <https://www.beloit.edu/offices/leads/> or <https://www.beloit.edu/offices/leads/disability-services/>
Please feel free to stop by, call (608) 363-2572 or email learning@beloit.edu

WRITING CENTER

The Beloit College Writing Center provides one-on-one tutoring for all students on any writing-related work at every stage of the process. The Center is staffed by trained peer consultants and is located at 635 College Street. Students can make an appointment by using the link for our online scheduling system (<https://writingcenterbeloitcollege.youcanbook.me>) on the writing center website: <https://www.beloit.edu/offices/writing-center/>

CAREERWORKS

At Beloit College, we know that a strong academic foundation and career readiness will be key to our students' future well-being. That is why our curriculum, co-curriculum, and residential campus support learning outcomes that lead to success in careers, further studies, and life. Career Works serves as the centralized space for guiding students through their professional development. Here's how you can work with us:

- Use our online resources, including Handshake and GoinGlobal (accessed through Handshake). Both platforms connect you with job search tools and professional development resources.
- Drop-in to our office, located in Pearson's, across from DKs. We're available for quick questions and as a comfortable space to eat, study, and connect.
- Make an appointment with one of our professional or student staff on Handshake, to discuss career exploration, resumes and cover letters, job and internship searching, and more!
- Attend our signature programming to learn about the knowledge, skills, and abilities you'll need to embark on a career.

Come visit us at our office on the first floor of Pearsons, email us at careerworks@beloit.edu, or check out our site at <https://www.beloit.edu/offices/career-works/>

PERSONAL COUNSELING

Beloit College has a unique relationship with the Beloit Health System Counseling Care Center. During the semester, the hospital provides the college with an on-campus counselor. The campus counselor can provide short-term counseling or refer students off campus to agencies in the surrounding area for longer term counseling or to see a psychiatrist.

Appointments for the campus counselor can be made by calling (608) 363-2331 and are free of charge. Students are responsible for costs incurred with off-campus referral services. Please check your health insurance policy to determine whether counseling costs are covered. The Counseling Center is located on the second floor of the Powerhouse (south side), in the Health and Wellness Center. If you have a personal concern and wish to have assistance, contact the Counseling Center at (608) 363-2331 or the Dean of Students Office at (608) 363-2660. If you have any questions about the Beloit Health System Counseling Care Center, please contact them at (608) 364-5686. The services provided on-and off-campus are confidential. Your involvement with a counselor/psychiatrist will not be shared unless you provide written consent to inform others.

DEAN OF STUDENTS OFFICE

The Dean of Students Office is located on the second floor of Pearsons Hall and is a place where students can go if they are experiencing academic or personal problems, need assistance with college regulations and policies-including academic policies, to discuss transferring, leaving, or exit interviews and assistance with any student life issues or concerns. The Dean of Students Office handles discipline, academic honesty issues, bias incident reporting, sexual assault, personal harassment, alcohol and drug matters, and general campus life concerns. The Dean of Students, Cecil Youngblood, supervises the Division of Student Life. The Associate Dean of Students, Joy de Leon, meets with students to discuss personal and

academic issues. The office assistant who is very knowledgeable about college life, policies, and procedures can help students. They are available to answer your questions and, when necessary, refer students to appropriate offices, make appointments and serve as a resource for students in need of assistance. You may contact the office at (608) 363-2660 or email at deanstu@beloit.edu. <https://www.beloit.edu/offices/dean-of-students/> provides additional information.

HEALTH SERVICES

The Health and Wellness Center, located in the Powerhouse on the 2nd floor (south side), is open Monday through Friday from 8:30 am to 5:00 pm; the office can be reached via phone at (608)363-2331 or via email at healthcenter@beloit.edu. The Acting Director of the Health and Wellness Center is Tara Girard, Associate Dean for Recreation, Wellness, and Engagement. The Health and Wellness Center arranges for some on-campus medical services through an agreement with Beloit Hospital and Beloit Clinic. Nurse Practitioner services available will include: gynecological services/birth control, STI testing, TB testing, Strep screen, physical exams and care of illness and injuries. Charges for the visit to the on-campus nurse practitioner will be assigned to the student's insurance or be the responsibility of the student. Students may elect to see the registered nurse at no charge for care of minor illness or injury, and health-related counseling. Assistance in scheduling appointments may be provided should the student wish to see a physician in the community. These appointments will continue to be billed to student insurance or be the responsibility of the student. There are also area clinics open in the evening and on weekends for urgent care. Emergency care is available at Beloit Memorial Hospital. <https://www.beloit.edu/wellness/>

GLOBAL EXPERIENCE OFFICE

The Global Experience Office includes Senior Director Joshua Moore, Study Abroad Advisor & Assistant Director Kathy Landon, an Associate Director and a Coordinator, Kayla Robertson. It administers Beloit programs and student exchanges in many foreign countries. In addition, the Global Experience Office advises for programs of domestic off-campus study. Students planning to study on foreign or domestic off-campus programs must apply through the Global Experience Office. Deadlines for application fall well in advance of the program. Apply in February in the academic year prior to participation. Global Experience Office is located in Pearsons Hall, first floor, (608) 363-2270.

INTERNATIONAL STUDENT SERVICES

Assistant Director/International Student and Exchange Advisor - Shannon Jolly. ISS staff serve as advisors to all international students, providing advice on cultural adjustment and related matters, as well as on maintaining proper visa status.

OIE staff serve as advisors to all international students, providing advice on cultural adjustment and related matters, as well as on maintaining proper visa status. The International Student Services Office is located in Pearsons Hall, second floor, (608) 363-2659. Information for both students planning to study abroad and international students can be found at:

RESIDENTIAL LIFE

Beloit offers a variety of living options each designed to foster a social and intellectual community. College housing is more than a place for students to eat, sleep, and study. In residential living spaces, lifelong friendships are formed, issues and ideas discussed, lifestyles questioned and explored, values challenged, and each student encouraged to develop a sense of mature interdependence. All students are expected to develop and participate in a community of respect. We strongly believe that a significant amount of personal growth and development occurs in the residential environment. For this reason, all students are required to complete at least six terms in college housing unless they live with their family. After living on campus for six semesters, students can choose to live off campus. We have a variety of housing options to meet the needs of our diverse student population. We encourage all residents to participate in community decisions about floor expectations. Students who have a documented disability, or have questions or are requesting housing accommodations, should contact the Director of the Learning Enrichment and Disability Services Office at (608) 363-2572. Residence Life can be contacted at (609)363-2350 or reslife@beloit.edu. More information can be found at: <https://www.beloit.edu/offices/residential-life/>

REGISTRAR

Mary Boros-Kazai serves as the keeper of official student records and is available to students who want to check on their academic progress; to review plans for transferring summer school credits to Beloit; and to discuss academic options. The Registrar's office is located on the second floor of Pearsons Hall, (608) 363-2640. <https://www.beloit.edu/offices/registrar/> For more information on common policies, forms, and procedures, visit:

<https://www.beloit.edu/offices/registrar/policies-forms/>

For information on student records and transcripts, visit:

SECURITY

The Security Office is located on the lower level of Pearsons Hall and is staffed on a 24-hour basis, (608) 363-2354 or (608) 363-2355 (see also Student Regulations and College Policies).

STUDENT SUCCESS, EQUITY, & COMMUNITY

The Office for Student Success, Equity, & Community recognizes the human diversity represented at Beloit College and its surrounding community as the College's greatest education resource. Our bodies, histories, social identities, worldviews and inspirations—our whole lives—make this campus a setting unparalleled for a true liberal art in practice education. Who we are today and who we will become, both individually and collectively, provide the field in which we live, learn and strive to achieve Beloit College's mission.

The Office of Student Success, Equity, & Community is part of the Division of Student Life and also includes two additional programs focused on identity, relationship building, dialogue and student leadership.

The values, skills, and learning that come from our [Sustained Dialogue](#) program are utilized by all college stakeholders, administration, faculty, staff and students to set the norms for how we communicate, build relationships and resolve conflicts.

Staff includes:

[Atiera Coleman](#), Associate Dean for Student Success, Equity & Community
[Daksha Howard](#), Coordinator for Student Success, Equity, & Community

STUDENT EXCELLENCE & LEADERSHIP (SEL) & MCNAIR TRIO PROGRAMS

Academic Affairs houses a number of different programs and initiatives focused directly on providing equitable access to higher education. [The Student Excellence and Leadership \(SEL\)](#) and the [McNair Scholars Programs](#), both US Department of Education TRIO funded programs, use an asset-based model approach to work with students who are first-generation college students, from low-income backgrounds, have a documented disability, and/or are domestic minorities. The [Wisconsin Alliance for Minority Participation \(WiscAMP\)](#) program works with minority students interested in science, technology, engineering and/or math (STEM). [The Mellon Graduate School Exploratory Fellowship \(GSEF\) Program](#) works with first-generation, low-income, underrepresented students in the humanities and social sciences that wish to attend graduate school. Our Inclusive Success Initiative focuses more broadly on retention and coordinating institution-wide work around diversity, inclusion, and equity. The Mellon-funded Inclusive Leadership Project focuses on the creation of inclusive classrooms for students through faculty and staff development around pedagogy and disciplinary histories.

COLLEGE OFFICES & SERVICES
