NOTE: The Fall 2020 semester will be divided into two equal-sized modules. Although most courses meet in either Module 1 or 2, some courses span the entire semester. Each class utilizes one of the seven timeslots (A through G). Although the timeslots are scheduled every day (Monday through Friday), or in the case of the evening timeslot, on Mondays and Wednesdays, a class may not meet on all of the designated days. Your professors will utilize the time in the way that best supports the learning goals for the class, and this will be clearly communicated to you on the first day of class. You will sign up for courses in both mods during online course registration. Although the semester will be broken into modules, it will be treated as a single semester by the college as stipulated by the U.S. Department of Education. Students must take courses in both mods to qualify for financial aid for the fall.
