History of the Hong Kong Exchange Program

An agreement with Lingnan University was made for a Beloit student to study at Lingnan in 1995. A second student went to Lingnan in 2000, with the exchange program becoming fully active in 2002. Students from Lingnan came to Beloit starting in fall 2000, and during the first decade of the exchange each school has welcomed more than 30 program students. In addition, both institutions have hosted each other’s delegations.
