

Beloit College Annual Crime Statistics for the 2016 Calendar Year

The following statistics are a detailed accounting of all the crimes reported to Beloit College during the noted calendar year, as required by the Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act (formerly known as the Campus Security Act).

The crime statistics for the subject year are published in October of the following year and are made available to interested members of the campus community and public on request. In addition, these statistics are available through the Security Department link on Beloit College's website located at www.beloit.edu.

Questions regarding these statistics and/or other information contained in this pamphlet should be directed to the Director of Security at 608-363-2355, or by mail at the following address: Director of Security, Beloit College, 700 College St., Beloit, WI 53511

The statistics gathered for this report are derived from all incidents reported to Campus Security and through the additional input of other "campus security authorities". Other campus security authorities, via the Vice President of Student Affairs and the Director of Residential Life, include input from campus health educators, rape crisis staff, Athletic Director, Athletic Coaches, Student Activities, Student Affairs, Residential Life, Residential Assistants, judicial affairs, and counselors.

Local law enforcement is also asked to contribute statistics in the reportable categories.

Note: Not all the crimes noted in our crime statistics, shown below, necessarily involve our students or members of the Beloit College Community. An example of this would be the 2014 Criminal Homicide that occurred on public property adjacent (or contiguous) to our property. No students, or members of the Beloit College Community were involved with the homicide in any way.

The Security Department also maintains a daily log recording all crimes and residential hall fires reported to the department, including: the nature, date, time and general location of each crime or fire; and the disposition of the complaint, if known.

All entries in this log (except where disclosure of such information is prohibited by law or would jeopardize the confidentiality of the victim) are open to public inspection within two business days of the initial report made to the department. Entries are made based on the date the crime was reported, not the date the crime was committed. A log for the past 60 days will also be available for inspection at the Security Office during normal business hours. Business days are Monday through Friday, excluding days the College is closed for holidays.

We strive to ensure an open and honest level of communication with regard to safety and security on campus and it is our goal to continuously improve our programs. Your input regarding the Beloit College safety and security services is always welcome.
